Wider Social Security Coverage Given Okay

Senate Votes Hike in Taxes And Benefits

6,700,000 Workers Added; Measure Now Goes Into Conference

WASHINGTON (AP)—Moving with unaccustomed speed, the Senate voted last night to broaden social security coverage to another 6,700,000 workers and to boost both benefits and the payroll taxes that pay for them.

Sen. Knowland of California, the Republican leader, said in an interview he expects a Senate-House conference committee to compromise quickly various differences so the bill can be sent to President Eisenhower, who has placed the legislation high on his "must" list.

Versions Differ

Though the House and Senate versions of the social security bill differ in places, they also agree in most important respects.

As passed, benefits would be boosted an average of $6 a month for 6 million persons now on the social security rolls. The annual amount of wages subject to social security taxes would rise from $3,000 to $4,200. This tax is at the rate of 2 per cent on both employers and workers.

Maximum monthly payments for retired individuals would rise from $85 to $108.50. For a couple, the maximum would climb from $127.50 to $172.75.

The two houses parted company on restriction of supplemental earnings by retired folks.

Would Lower Age

The House voted to allow social security beneficiaries to make up to $1,000 a year, compared with the present $75-a-month limit, without being penalized. The Senate put the top at $1,200 a year and agreed to include in these earnings only what is received under employment covered by the social security laws. The House bill

BANDITS ROB AIR FORCE BANK. Three pistol-wielding bandits robbed the Andrews Air Force bank in Maryland, locked eight persons in a vault and escaped with $126,638. Several hours later a policeman, unaware of the holdup, arrested one of the robbers for speeding, but released the other two who apparently had the loot.

County School Board Okays Scott Transfer

District Voters Receive Proposals for Shifting Pupils in Defunct Area

The Marion County Board of Education, in a special meeting last night, started steps to submit to the residents of Scott Township local school district a plan of transferring territory to three adjoining districts.

This meeting was called after County Superintendent of Schools D. T. Mills, as clerk of the board, received an opinion Tuesday from Marion County Prosecutor Ralph E. Carhart advising action was necessary since the district, under a new state law, became dissolved on June 1, 1954.

Involves 3 Charges

Under the plan proposed by the county board, a portion amounting to approximately 960 acres located in the northeastern section of the Scott district would go to the Tully local school district, and an area mounting to approximately 715 acres in the southeastern section would go to the Caledonia local school district. The remaining territory of the Scott district would be transferred to the Grand Prairie local school district.

Within 10 days of last night's action, Mills must file maps showing the proposal with the county auditor's office. State law gives residents of the affected areas a period of 30 days from the filing date to file remonstrances with the county board against such action.

Petitioning Procedure

In order to remonstrate, 50 per cent of the qualified electors in each proposed transfer area who voted in the last general election must sign a petition. The same majority vote is necessary at the Nov. 2 election for the passage, or defeat, of the plan.

Carhart's opinion, which led to last night's meeting, said that in accordance with the Revised Code of Ohio, the Scott Township local school district became dissolved on June 1, 1954 and "its board of education has no powers nor du-

Gambler Held In Robbery of Air Base Bank

Suspect Picked Up On Speeding Charge After $126,638 Theft

CAMP SPRINGS, Md. (AP)—A 24-year-old self-styled "gambler" from New York, was held today on a charge of robbing the Andrews Air Force Base Bank of $126,638 as the search continued for two others.

The FBI identified the man held in lieu of $50,000 bail as Clarence Duke McGann, Negro, New York City.

D. K. Brown, agent in charge of the Baltimore FBI office, said McGann gave his occupation as "gambler." But Brown said the suspect "just isn't answering any other questions."

McGann was arrested on a speeding charge shortly after three Negro gunmen cleaned out the vault at the air force base, just eight miles southeast of Washington, in the biggest bank haul in Maryland history.

The arresting officer had not heard of the robbery until he took McGann into the upper Marlboro Police Station to book him for

Akron Man Kills Rival, Attempts To Shoot Wife, Father

AKRON, Ohio (AP)—Police today held a construction worker they said killed a man he thought was trying to steal his wife's love. The man then tried to shoot his wife and her father, officers added.

Officers, summoned by neighbors, said they found Ernest Roseberry, 36, sitting in his living room with a .22 caliber rifle in his hands.

"I guess he's dead. I shot him," the officers quoted him as saying.

In the kitchen was the body of Otis Eugene Moore, 34, an unemployed construction worker, killed by two rifle bullets. Roseberry's wife, Virginia, and her father, Jessie Cox, were barricaded behind a door whose lock was smashed by three bullets.

Detective Capt. Boyd Burk said Roseberry admitted in a signed statement that he tried to kill all three persons "as the only way out" of his domestic difficulties. He was not immediately charged.

Roseberry came here a month ago from Pulaski, Va. to work. Moore, also a former Pulaski resident, moved here two years ago, Burk said.

Studebaker Plans $100 Cut in Price of Its Cars

SOUTH BEND, Ind. (AP)—Studebaker Corp. says it will reduce prices by about $100 on its 1955 models.

The announcement was made yesterday, a day after workers at the big automotive plant voted to accept a 14 per cent pay cut in a move to save their jobs and the company.

The company also said it soon may obtain a "big volume" defense contract for guided missiles.

Five Convicts Recaptured, Held on Kidnaping Charge

GOP Leader Thinks A-Bill Will Get Okay

Knowland Predicts Its Passage in Spite Of Initial Rejection

WASHINGTON (AP)—Senate Majority Leader Knowland of California today predicted final passage of a new atomic energy bill within the next few days despite the Senate's turndown of an administration-backed compromise.

Brushing aside a last-minute plea from President Eisenhower, the Senate yesterday voted, 48-41, to reject a revised bill opening atomic energy to private industry under a system of exclusive patent rights. The Senate had voted before to require 10 years of patent-sharing.

Second Conference

Then, by voice vote, the senators sent the bill back for a second conference with the House with general instructions to insist upon Senate amendments, including compulsory license-sharing.

Knowland told newsmen he believed a new conference "will not take too long." He predicted it would be over in time to permit adjournment next week, after both Houses vote again on a new compromise.

Other provisions in the measure, not now in controversy, authorize the President to exchange limited atomic information with Allies and make other major changes, in basic atomic energy law enacted in 1946.

The Senate turndown once again threw the bill—a key to Congress' adjournment date—into the status of "unfinished business." An earlier version touched off 13 days of senate speechmaking. The legislation rejected yesterday was a compromise between Senate and House-passed bills which, having already passed the House, would have gone to Eisenhower for signing had the Senate concurred.

Possible Solution

Now the issue waits until the House reconvenes Monday and considers appointing new conferees for a second attempt to write mutually agreeable adjustments of disputed points.

A possible compromise solution was suggested by Sen. Gore (D-Tenn), a leading opponent of the earlier bill, who said agreement might be reached on a period of between five and 10 years of compulsory patent-sharing.

However, Rep. W. Sterling Cole

Guard Taken As Hostage Not Harmed

FBI, Police and State Troopers Nab Felons 21 Hours After Break

BOSTON (AP) — The FBI today hung kidnaping charges, punishable by life terms, on five reckless convicts recaptured last night 21 hours after they broke out of Norfolk Prison Colony taking a guard as hostage. The guard was unharmed.

For one night and one day of freedom the desperate five, between 26 and 40 years old, may have swapped state sentences ranging from 6 to 17 years for life terms behind federal bars.

Heavily Guarded

In a heavily guarded courtroom, both legs and arms manacled, the escapers were arraigned two at a time today.

The first two to appear, James L. Schworm, 31, of Malden, Mass., and Martin F. Feeney, 38, of Boston, were held in $50,000 bail.

Another of the quintet, Richard Lavoie, 40, of Woonsocket, R. I., was arraigned last night in Providence, R.I., and held in $100,000 bail.

Schworm, known as a cleaning shop bandit, had been serving 6 to 8 years for 15 Boston holdups. Feeney, a veteran of four prison breaks, was doing 12 to 15 years for armed robbery of a Belmont bank. Lavoie's term was 6 to 10 years for robbing a Whitinsville supermarket in 1952.

Taken in Swamp

The armed desperadoes, captured yesterday in Rhode Island and Connecticut less than 24 hours after they fled the Massachusetts prison with a guard hostage, were returned here today.

One of the escapers was flushed from a Pawtucket, R.I., swamp, two were hauled from a stolen car near Putnam, Conn., and the other two were taken in a nearby Putnam woodland by heavily armed local and state police and FBI agents.

Plane Crashes In Ohio Field; Crew Bails Out

Air Force Tanker Falls Near Buckeye Lake; 16 Parachute to Safety

NEWARK, Ohio (AP) — Sixteen crewmen bailed out of their huge Air Force tanker yesterday before it crashed in a cornfield near Buckeye Lake.

The pilot, Capt. George French, 32, of Los Angeles, ordered the ship abandoned after one of its four engines caught fire and two others went dead.

Three Slightly Injured

Three of those who bailed out were injured — none seriously.

The plane was on a routine training flight from Dow Air Force Base near Bangor, Me. Cause of the accident was undetermined and the ship was demolished.

A few hours after the crash, Col. Richard O. Hunziker, commander of the bombardment wing to which the crashed plane was assigned—the 506th—came to Lockbourne AFB, near Columbus, to head a board of inquiry.

The unmanned plane, which was to have returned to Dow AFB without landing elsewhere, flew low over the house of Robert Cash, a mile south of U.S. 40 and a few hundred yards from Buckeye Lake fish hatchery, lost a wing against a utility pole and cut a 300-yard swath through Cash's cornfield before stopping against the north embankment of the New York Central tracks.

Plane Explodes

Lester Shelly, who lives nearby and saw the crash, said the plane exploded as it hit the embankment and was enveloped in a roaring fire.

The fire sent up columns of smoke high enough to be observed here, about 10 miles from the crash scene.

A Buckeye Lake fireman, O. B. Zimmer, 48, was struck in the stomach by a small piece of metal during a series of small explosions.

U.S. Will Join Talks on Asia Defense Treaty

WASHINGTON (AP) —The United States today announced it will join seven other Allies Sept. 6 at Baguio in the Philippines to discuss creation of a united defense against communism in Southeast Asia.

Simultaneously, the State Department said a meeting will be held Sept. 4 between Secretary of State John Foster Dulles and Philippine officials under the Philippine - U.S. mutual defense agreement.

The announcement of the Sept. 6 meeting to organize a Southeast Asia Treaty Organization, similar to the North Atlantic Treaty Organization in Europe, was made jointly today in the capitals of the eight nations involved.

The American statement said the government of these "like minded" countries — Britain, France, Australia, New Zealand, Thailand, Pakistan, and the Philippines—aim "to strengthen the fabric of peace in the general area of Southeast Asia and the Southwest Pacific."

Such a united defense, to stem the Communist advance in that area, has been sought by Dulles since early this year.

The U.S. announcement said the United States has been in consultation with the other governments for four months—which would be soon after Dulles' March 29 speech in New York City calling for a united defense and, if need be, united action in Southeast Asia.

Head of France Plugs for EDC Despite Blow

PARIS (AP) — Premier Pierre Mendes-France pressed on today with plans to push his version of a European Defense Community through France's National Assembly despite opposition which already has cost him three Cabinet ministers.

The Premier braced for another hurdle as he prepared to relay his proposals for a watered-down EDC to the five other prospective member states — Belgium, the Netherlands, Luxembourg, West Germany and Italy.

Le Gaullists Quit

Mendes-France received a setback last night when three Cabinet members — all followers of Gen. Charles de Gaulle — resigned in protest against his EDC plan. They were Gen. Pierre Koenig, defense minister; Jacques Chaban-Delmas, public works minister; and Maurice Lemaire, reconstruction minister.

The De Gaullists helped win Mendes-France the premiership last June. Large sections of the Social Republican (De Gaullist) bloc voted for his confirmation in the Assembly.

Debate Slated Aug. 28

Mendes-France said the three would not be replaced at present. He called on three other Cabinet members to double up and take over the vacant ministries until the EDC debate winds up in the Assembly.

The Assembly is scheduled to begin debate Aug. 28.

A rocky road lies ahead for the

Sheppard Case Will Be Given To Grand Jury

Prosecutor To Bypass Preliminary Hearing; Doesn't Give Reasons

BULLETIN

CLEVELAND (AP)—County Prosecutor Frank J. Cullitan announced today the Sheppard murder case will be presented directly to the Cuyahoga County Grand jury "either Monday or Tuesday."

He said that on Monday a continuance would be asked in a preliminary hearing scheduled for that morning before Common Pleas Judge William K. Thomas.

Under Ohio law, the prosecutor may submit evidence in a case to the grand jury without waiting for an arrested person to be bound over in a preliminary hearing before a magistrate.

CLEVELAND (AP)—Mrs. Marilyn Sheppard, pretty victim of a brutal murder that will be six weeks old tomorrow, was "one of the purest girls I've ever known," the mayor of Bay Village told police yesterday.

Mayor J. Spencer Houk, tall, 43-year-old meat dealer, made that statement during a six-hour question session at Central Police Station.

He made it in reply to questions exploring the possibility he had a romantic interest in the slain woman, Police Chief Frank W. Story said.

Story said the suggestion came from Dr. Stephen Sheppard, brother of the 31-year-old woman's husband, Sam, who has been charged with the killing.

Dr. Steve, brought face to face with Houk during the questioning, heard the mayor call the suggestion "a lie," Story said. Not only that, but Houk clenched his fist and had to be restrained when he moved toward Dr. Steve, the chief added.

Showers Reported In Midwest, West

By The Associated Press

There were rain clouds in the Midwest and West but generally fair and pleasant weather was the outlook for most of the country today.

Showers and thunderstorms were general over the central and northern Rocky Mountain States and the Northern Plateau states. Rain also fell yesterday from the Northern Plains southeastward through the central Mississippi Valley to Georgia and Florida. Showers were reported in New England.

Temperatures were 100 degrees and higher again yesterday in Texas, Oklahoma, Kansas and eastward and southeastward into Mississippi and Alabama as well as in the southwest desert region. Readings were generally in the 70s in the northern tier of states.

It was warmer today in the north central region.

World's Church Leaders Convene in U.S. Sunday

EVANSTON, Ill. (AP) — Church leaders from 161 Protestant, Anglican and Orthodox denominations in 48 countries tomorrow open the second General Assembly of the World Council of Churches.

The Assembly, to continue to Aug. 31, has been called the most important religious event ever held in the United States.

1,500 Delegates

The 1,500 delegates, consultants and accredited visitors to the Assembly, the first since 1948, represent nearly 170 million persons. The membership includes 31 denominations in the United States.

Roman Catholics are not represented at the Assembly. But the W. C. C. founded at its first World Assembly in Amsterdam, comprises churches on every continent and in countries representing almost every political allegiance.

The main theme of the Assembly will be "Christ—the Hope of the World." Under this general heading, the Assembly will survey the problems and responsibilities confronting the church in six particular fields: Faith and order, evangelism, social questions, international affairs, intergroup relations, and the laity.

President Eisenhower will address the Assembly Thursday. Some 15,000 persons are expected to hear his address in nearby Deering Meadow.

100,000 Expected

But the Assembly's scheduled event which is expected to draw the largest crowd will be a dramatic "festival of faith," a gigantic public worship service at Soldier Field Sunday night.

With favorable weather, leaders expect some 100,000 to attend the

Ex-Red Spy Who Fled To West Blasts Russia

WASHINGTON (AP) — More runaway Russian agents were reported today to be standing by in guarded American prisons ready to follow Yuri A. Rastvorov in denouncing the Soviet communism for which they spied.

The handsome, nimble-witted Rastvorov poured out his story last night to a dramatically assembled Friday the 13th news conference at the State Department.

After a lifetime under the Soviet system—he was 33 last month—the blond Russian said he was fed up. He ran away from his job as a Soviet intelligence officer in Japan last Jan. 24 because "I wanted to live like a decent human being."

"I hope I can become an American like other Americans," he said.

Rastvorov's sudden, unannounced appearance — the first U. S. acknowledgement that he actually was in American hands —apparently marked a shift in America's cold war policy.

The Russians opened propaganda fire with a splashy news conference in the Soviet zone of Berlin last Tuesday when Dr. Otto John, former West German security chief, denounced America and West Germany.

Rastvorov, as he went into action in Washington last night, was living proof that Communists shift allegiances, too—even well-trained and highly skilled ones like this lieutenant colonel in the MVD Secret Police.

Rastvorov even hinted at step number two in taking the sting out of the John defection: Possible

Death Claims Eckener, Zeppelin Flight Captain

FRIEDRICHSHAFEN, Germany (AP)—Dr. Hugo Eckener, who commanded the Graf Zeppelin on its round-the-world flight, died at his home here today at the age of 86.

The noted German aeronautical engineer succumbed to a heart ailment after a lingering illness.

He made the round-the-world flight in the Graf Zeppelin in 1929.

Eckener retained his faith in travel by lighter-than-air craft despite disaster and the obstacles of politics and war.

The famed scientist seemed on the point of success in his unflagging efforts to popularize transatlantic commerce by dirigible when the explosion of the giant Hindenburg at Lakehurst, N.J., on May 6, 1937, at a cost of 36 lives, proved impracticability of hydrogen-filled ships.

Balked from obtaining fireproof helium from the United States, virtually the only source, he had not given up hope when World War II broke out.

Hermann Goering, then reichsminister of air, ridiculed Eckener's Zeppelins as "big sausages." Adolf Hitler, too, was unsympathetic.

Eckener returned to America in 1947, still keen in his belief that the time would come when dirigibles would carry heavy freight loads throughout the world.

He spent seven months in the United States as a consultant for the Goodyear firm in lighter-than-air research.

He discounted Germany's place, however, as well as his own, in the future of the dirigible. He was too old, he said. As for Germany, he said, that country's future was wrecked "by that fool with criminal instincts"—Hitler.

Marion Man, 84, Injured in Traffic Mishap

An 84-year-old man was slightly injured when struck by a car at 181 W. Center St. Friday evening at 7:07 p.m.

Homer V. Wilson, of 327 W. Church St. was taken to City Hospital after he was struck by a car driven by Miss Elsie M. Keller of 399 N. Main St.

Police reports show Miss Keller was headed north out of an alley at the spot and making a left turn onto W. Center St. The pedestrian was crossing diagonally and went in front of the car. When police arrived on the scene, he complained of a sore back and was taken to the hospital by the woman for treatment and a checkup.

In the other city accident, a car owned by Dale R. Thomas of 536 E. George St. was damaged in the left rear fender when struck by a city owned truck as the car was parked in front of 867 W. Center St.

Police report the truck, which was driven by Russell E. Smith of 889 Adams St., pulled out of a parking place directly behind the car and cut back too quickly. No damage was done to the truck.

Driver Hospitalized

An Edison man was injured in the only Marion County traffic accident reported today by Marion state highway patrolmen.

Ralph H. Baker, 21, was in Morrow County Hospital at Mount Gilead today suffering from a fractured collarbone.

He was injured when his car failed to negotiate a curve just east of Claridon today at 1 a.m. on Route 95.

Patrolmen said his car went off the berm and into the ditch on the south side of the highway where it rolled over. Baker was traveling east. The car was demolished.

"If anyone ever made advances to her (Marilyn), he would never be a welcome guest at her home after that," the mayor said.

Story said that "after all this questioning and confronting, we found no reason to hold Mayor Houk as a suspect." The chief said that when he told that to Dr. Stephen Sheppard, the doctor answered "I'm very glad to hear that" and added he felt it his duty to tell the police of things that were accumulating in his mind.

It was the fourth time Mayor Houk had been questioned, and Story said the session added nothing of importance to what Houk previously had contributed. Earlier Houk had taken a lie detector test.

A neighbor and close friend of the Sheppards, Houk and his wife were among the first persons Dr. Sam Sheppard called to his home on the morning of the murder. The Houks and Sheppards jointly owned a motorboat they used in Lake Erie and last summer took a vacation together in Canada.

Woman Is Hospitalized, Man Jailed After Fight

A fight at Sam's Night Club on N. Main St. Friday night put a woman in Marion City Hospital and resulted in charges of intoxication and disorderly conduct being filed against her and the man with whom she fought.

Hazel Conley of 795 Oak Grove was admitted to the hospital for treatment of her bruises and cuts. Earnest Eaches, 25, of 389 Milburn Ave. was taken to city jail to await hearing on the charges.

Following the banquet the Boy Scouts of Toledo will present an Indian dance.

Committee meetings made up the Friday afternoon session and at 8 o'clock members of Juanita Council of Columbus, Degree of Pocahontas, conducted a memorial service. Later there was an open house and refreshments.

The Great Council Session convened this morning in the ballroom for a business session. The Past Great Sachems' Association luncheon was scheduled for 11:30 a.m. in the South Plantation Room and at 1:30 members of the Degree of Pocahontas was hostess for a reception.

Convicts

(Continued From Page 1)

De Adder, 29, of Lawrence, who spent 15 terrior-filled hours in the escapers' hands, was rescued unharmed. A Pawtucket garage mechanic, Peter Cherniavski, 36, also taken hostage by the fleeing convicts, was freed unhurt.

Limping with a broken foot, Richard Lavoie, 40, of Woonsocket, R.I., was captured in a Pawtucket swampland, some 12 miles from the Massachusetts Prison Colony.

A short time later Connecticut State Police pulled Russell Halliday, 26, of Cambridge, Mass., and James L. Schworm, 31, of Malden, Mass., from a stolen car off Route 44 near Putnam, about 40 miles from the colony.

And minutes after, William J. Couture, 40, of Taunton, Mass., and Martin F. Feeney, 38, of Boston, surrendered in a woodland not far from the car.

Lavoie was arraigned last night in Providence before U.S. Commissioner M. Louis Abedon on a federal charge of kidnaping De Adder. He waived hearing, was held in $100,000 bail, and was returned here with the others.

The father of a small daughter, De Adder told his rescuers:

"It was a terrible ordeal. They are five really tough customers. They were all right to me, though. They told me that if I minded my own business and didn't make a bum move I'd be all right.

"All night long all they talked about was 'what a smooth getaway' and 'it was the best break ever pulled.'

"They didn't abuse me. They gave me a sandwich last (Thursday) night and another one this (Friday) morning. They didn't tie me up at any time. They didn't say what they were planning to do, either It was really a nightmare."

Cherniavski was alone in the Pawtucket garage when four of the convicts walked in on him, stole a car and forced him to accompany them.

He said Couture and Feeney were in front, with Feeney driving, and that he was squeezed in back with Schworm and Halliday.

The convicts, four of whom escaped from the prison colony in a mass break May 25, overpowered guards Thursday night and grabbed De Adder as he sat in his car outside the prison and fled in the guard's auto.

A Pawtucket mill watchman gave authorities their first break in the intensive manhunt when he spotted the men moving behind his building. Police and FBI agents, their guns drawn, closed in.

Lavoie was found cowering in the grass. He surrendered without resistance.

The other four convicts had stolen the car about a block from the swamp. Using Cherniavski as a shield, they hurtled west on Route 44 at speeds up to 80 miles an hour.

Just across the Rhode Island-Connecticut line, the auto raced through a road block. Connecticut State Trooper William Douglas leaped into a cruiser and gave chase.

Watchman Gives Tip

A short distance from the road block, both cars tried to make a sharp turn at high speed. They careened off the road and skidded to stops.

Feeney and Couture leaped from their stalled auto and dashed into nearby woods.

Douglas, pistol drawn, covered Schworm and Halliday and they gave up without a fight. Holding them at gunpoint, Douglas spread a radio alarm.

Reinforcements hustled into the area. Several shots were fired into the woods and Feeney and Couture emerged, hands in the air.

School

ties after that date."

Carhart told the county board that they must submit this question to the elections board prior to Sept. 4.

Scott Township local school district discontinued operation of its school in Kirkpatrick in 1947. The school was abandoned because it was determined the cost per pupil was too high and the state discontinued its approval of the high school, Mills explained.

When the school was abandoned, the local board members arranged for its students to attend schools at Caledonia, Claridon, Tully, Grand Prairie and a few at nearby Crawford County schools.

During the past year, the county board has received petitions from residents of Scott district asking that they be transferred to Caledonia, Grand Prairie and Claridon.

On May 27, the county board tabled any decision for this year, thinking it was best to wait until the 1955 - 56 year, Mills explained. However, Carhart's opinion was requested on the effect of the June 1 deadline for the dissolution.

Resolution Approved

On July 29 the Scott board of education passed a resolution asking the county board to merge their territory with the Grand Prairie school district.

The county board then made its last attempt at official action, prior to last night, on July 30 but was unable to reach a decision at that time.

If the plan is not approved by the voters in the November election, another study must be conducted by the county board and another plan proposed to the Scott residents at a later date, Mills said.

In the meantime, the question before Scott district residents is: Where will the children attend school this September?

It is very likely that the students will be assigned to th e schools which they would attend if the proposed plan were approved by the November voters, Mills reported. However, he added that a few students in the proposed Tully area who attended other schools last year would be allowed to continue there at least for this school year.

All county school board members, with the exception of its president, Ralph F. Williams, who is on a vacation trip, were present for last night's special meeting.

Members of the Scott Township local school district board are Eldon Beers, president; John Monnette, vice president; W. R. Brooks, Harry Longacre, and Eva Lemke. H. J. Brooks is clerk.

(R-NY), chairman of the Senate-House Atomic Energy Committee and a staunch proponent of exclusive patent rights, has said he will continue to oppose compulsory patent-sharing, regardless of Senate action. Cole was absent from the city and was not immediately available for comment on the vote.

The rejected bill would have authorized exclusive 17-year patents, as allowed under the normal patent law, to private firms on any atomic development not made under government auspices. It also directed the Atomic Energy Commission to give preference in issuing licenses for commercial atomic equipment to concerns agreeing to share patents during the first five years.

In a letter to Sen. Hickenlooper (R-Iowa), floor leader for the measure, Eisenhower said yesterday there were adequate safeguards to prevent an atomic monopoly through patents.

"The vital interest of the United States and the cause of world peace," he said, "make it a matter of utmost importance that the bill. . .be enacted" as is.

But this didn't convince a strong bloc of Democratic senators who said more safeguards were needed against possible private atomic monopoly. Joining them in rejecting the bill were five Republicans and Sen. Morse (Ind-Ore), while two Democrats voted on the other side.

speeding. When the officer, Sgt. Charles L. Perrygo, heard descriptions of the bank bandits he exclaimed: "I must have the other two out here."

But two companions in the car when McGann was arrested had driven off in the meantime.

Brown said five of the eight persons in the bank identified McGann as one of the gunmen.

Four bank employes and four customers were forced into a vault of the one-story concrete bank building, located across the street from the air base operations headquarters.

Manager Herbert Pinckney, one of those locked in, released all eight within a few minutes, using an escape lever put there for just that purpose. Pinckney spread the alarm.

No money was recovered with McGann's arrest.

Turnpike Worker Killed

ELYRIA, Ohio (AP)—An Ohio turnpike worker was thrown under the treads of a huge earth moving machine near here today and fatally injured.

Raymond W. Cox, 48, was pronounced dead at Elyria Memorial Hospital. Deputy Sheriff Manuel Gomez said Cox started the machine while it was in gear.

The victim formerly lived in Belton, Miss., and had been living in Welling while working on the turnpike.

FIRE RUN REPORTED

Marion city firemen reported one run today. They were summoned at 9:34 a.m. today to the Coffee Bar Restaurant at 484 W. Center St. were grease had caught on fire in the oven of a stove. The fire had been put out on arrival of the firemen from Central station. There was no loss.

would count earnings from any source.

The Senate also voted to lower from 75 to 72 the age at which all restrictions are lifted from outside earnings by beneficiaries.

Eisenhower had urged extension of coverage — now applying to 62 million persons — to another 10 million. He recommended that doctors be included, but neither house went along with him on that score.

There is considerable disparity in the types and numbers of persons who would be brought under social security under the Senate and House bills.

The House bill calls for coverage of 3,600,000 farm operators, about 400,000 professionals and 150,000 federal workers — all of whom were cut out of the Senate bill by the Finance Committee. Further more, the House bill would blanket in some 1,300,000 farm hands — about half the number provided in the Senate bill.

The Senate bill would cover some 3,500,000 state and local government employes and 260,000 clergymen on a voluntary basis, 250,000 domestics, 100,000 industrial home workers, 50,000 in the fishing industry and — added in amendments last night — funeral directors and missionaries outside the country.

Expert Gives Explanation of Dionne Death

MONTREAL (AP) — The Quebec medico - legal expert who performed an autopsy on quintuplet Emilie Dione explained last night that she accidentally smothered herself in her pillow during an epileptic seizure.

Apparently anxious to dispel any notions that Emilie died of epilepsy, Dr. Rosario Fontaine amplified his earlier findings.

Fontaine said that following his investigation last Saturday he had announced that the 20-year-old girl "died of acute asphyxiation during an attack of epilepsy."

"This declaration was exact," he said last night, "but perhaps incomplete because I omitted to state that the victim had accidentally suffocated herself in her pillow. Such a declaration was impossible for me to make at the time because I had not yet received such confirmation from the police."

He said the police investigation of her death last Friday at a Catholic hostel in Ste. Agathe, Que., subsequently had revealed she was found dead in bed, face downward in her pillow. During the preceding night she had suffered three epileptic attacks.

festival at the huge lake front arena. The festival, with a cast of nearly 3,000 participating in music, pageantry and drama, will open with a procession by the delegates.

They will wear the vestments of ecclesiastical attire and carry flags of their countries. They will march to their places in Soldier Field grouped alphabetically by countries and by denominations within each national group.

There will be a 2,000-voiced choir, 400 actors and a 200-piece orchestra. The Council's five co-presidents will participate in the services.

The co-presidents also will attend the opening worship services to be held at 10 a.m. EST Sunday in the First Methodist Church of Evanston, home of Northwestern University. General sessions will be held in Northwestern University's McGaw Memorial Hall.

Many of the church leaders have been here this week and several preliminary conferences have been held.

About 40 interpreters will come from New York and Geneva, Switzerland, World Council headquarters, to translate documents and interpret in meetings. Discussions at the meetings will be in three languages, English, French and German.

Many of the visitors are being housed in Northwestern dormitories and fraternity and sorority houses.

Indeed, publicity heretofore has been the last thing either they or the U.S. government had wanted. The government has been interested in keeping the Russians guessing—did their man bolt to the West or just fall off a cliff? The Russian agents enjoyed the safety of anonymity.

Feller Records 10th Victory as Cleveland Downs Baltimore

Lions Smother All-Stars 31-6 With Ground Attack

Pros' Rushing Yardage Sets Record; Layne Rides Bench

By JERRY LISKA

CHICAGO (AP) — Two-platoon or one-platoon, the College All-Stars are helpless prey of the roaring Detroit Lions, two-time champions of the National Football League.

It was indeed an unlucky Friday the 13th for the collegians before 93,470 at mammoth Soldier Field last night as they took a 31-6 clawing from the ruthless Lions.

The efficient pros from the Motor City had been forced to play the limited substitution rule and junk their two-platoon system just for this nationally-televised contest.

Last year, with free substitution prevailing, the Lions whipped the All-Stars, 24-10.

With their stellar passing quarterback, Bobby Layne, riding the bench all the way, the Lions pounced on the inept collegians for 17 points in the first quarter and then won as they pleased.

No. 2 Lion quarterback Tom Dublinski, directing only 24 other prs used by Detroit Coach Buddy Parker, called his shots with deft skill and had the backing of a bristling defense that hamstrung the outclassed All-Stars.

When the All-Stars scored their only touchdown in the third perid—on a five-yard end run by Notre Dame's Johnny Lattner—it was only because a Lion fumble on Detroit's five-yard line offered the opportunity.

In contrast with long, quick aerial scoring strikes which typify pro play, the Lions crunched the All-Stars with a smashing ground attack, three touchdowns coming on short plunges. The Lions' 14 first downs by rushing broke the game's pro record of 12 by the Chicago Bears in 1942.

After a fumble by Lattner set up a 36-yard field goal by another ex-Notre Dame star, Jim Martin, to start the Lion scoring, Doak Walker crashed five yards to a touchdown and Lew Carpenter bolted two yards for another to give Detroit its 17-0 first period lead.

Lattner's touchdown shaving the Lion lead to 17-6 only prompted another slashing pro drive, covering 67 yards and ending with Carpenter's second touchdown, a one-yard blast, also in the third period.

The final Lion score in the fourth quarter brought further humiliation to All-Star Coach Jim Tatum of Maryland as end Jim Doran stole the ball from Notre Dame's Neil Worden and romped 36 yards to score.

Tatum used 48 of his All-Stars, but the theory of fresh players taking the steam out of the Lions under the one-platoon system just didn't work.

Heralded quarterback Zeke Bratowski of Georgia, property of the Chicago Bears, threw 14 passes and completed eight. The All-Star running attack was paced by lightly-touted Veryl Switzer of Kansas State, who carried six times for 34 yards. Switzer's 27-yard run from deep in his own territory in the second quarter provided the only collegiate offensive thrill. On defense, end Carlton Massey of Texas was the outstanding All-Star.

The All-Stars in their dressing room thought the outcome might have been different if Lattner had not fumbled on the game's opening scrimmage play.

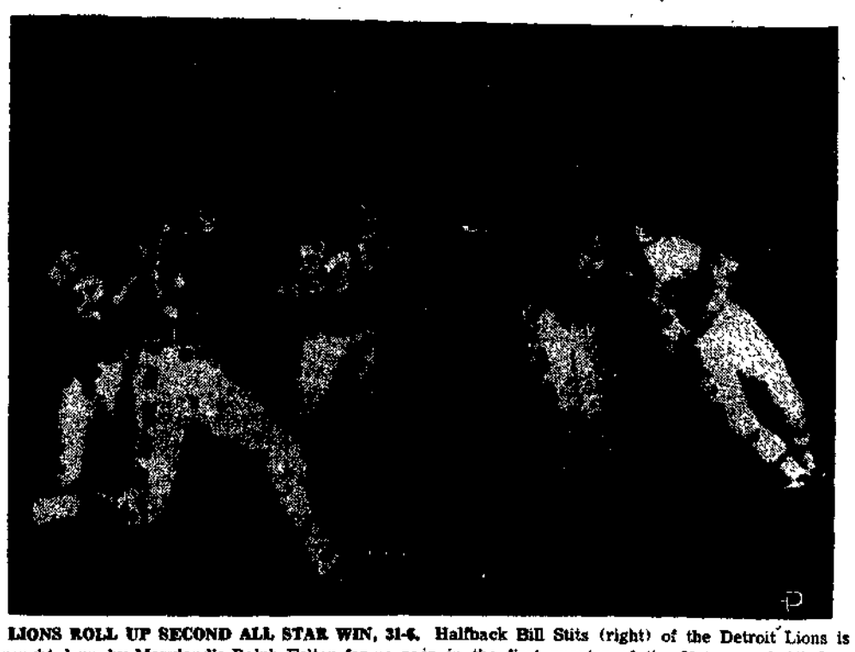
However Lion Coach Parker probably sized up the whole game correctly with the comment:

"The All-Star coaches got all they could out of those boys, but it just wasn't enough. They just weren't a good team. They were dead."

Parker also said the one-platoon system hurt the All-Stars more than it did the Lions. It certainly seemed that way, with the All-Stars outrushed, 250 yards to 62, and outpassed 11 yards to 82.

The game which marked the fourth straight pro triumph and 13th victory against six defeats and two dies brought gross receipts of $445,650, including TV and radio fees.

The game's most serious casualty was halfback Chet Hanulak of Maryland, property of the Cleveland Browns, who suffered a fractured left arm early in the fray.



LIONS ROLL UP SECOND ALL STAR WIN, 31-6. Halfback Bill Stits (right) of the Detroit Lions is brought down by Maryland's Ralph Felton for no gain in the first quarter of the 21st annual All Star football game at Chicago's Soldier Field. Shortly afterwards, the pro champion Lions drove to their first touchdown. The Lions, who dominated the game, won their second straight over the college stars, 31-6, before 93,470 fans.

Protest Good, G&G Named Pony Champ

G & G Homes is the 1954 Marion Pony League champion.

Winners of first round play in a playoff game with Alloy, G & G won last night's Pony League final on a protest for the Pony League title.

Alloy won the game, 12-11, but the Baseball for Boys Commission late last night upheld a protest filed by G & G. It has been playing the game under protest from the second inning on the basis that Alloy had used an ineligible pitcher.

Hurlers in Pony League play are allowed only 10 innings of work a week and a pitcher cannot be inserted in a game when there are more innings to play than he has remaining for the week. Everett Rice had hurled seven innings Monday night and only had three left when he was placed in the Alloy lineup in the second frame with five more innings to go.

Alloy pounded out 13 hits off two G & G hurlers in the losing cause. Bob Middleton started for G & G and Bob Lister came on in the seventh.

Jim Harris was the Alloy starter, while Everett Rice came on in the second, Dale Walters in the third, and Joe Ambrose in the fourth.

The Alloy hurlers gave up only five hits but dished out six walks and hit two batters. They fanned nine. G & G Homes hurlers gave up six strikeouts and walked five.

Alloy scored twice in the first, once in the third, four times in the fourth, twice in the fifth, once in the sixth and twice in the seventh. Meanwhile, G & G was scoring thrice in the second, once in the third, five times in the fourth, and twice in the sixth.

Armbuster had three hits for Alloy while Vaughn Williams and Dave Kelly each had two. For G & G, Jim Anspaugh and Gary Roberson each had two hits.

Stock Car Racing Set at Speed Bowl

Stock car racing, rained out last week, resumes Sunday night at the Marion Speed Bowl.

Top drivers including Paul Hooper of Marion, Ted Rambo of Marion, Louis Louck of Marion and Bob Harris of Bucyrus as well as other well known area drivers are expected.

On tap are three 10-lap heat races, a 10-lap winners handicap, two 10-lap consolation events and the 25-lap feature. Racing at the Bowl located five miles north of Marion just off Route 23 will start at 8:30 p.m.

Northerners Top Rebels In Schoolboy Grid Game

By FRITZ HOWELL

SPRINGFIELD, Ohio (AP)—Ohio's North-South All-Star high school football series was all even today, following the up-state squad's 28 to 6 victory over the "Rebels" here last night before some 13,000 fans.

The "jewels" of last fall's senior scholastic football crop put on quite a show, with the talent-laden northerners taking advantage of every miscue made by the South to romp to the second highest scoring ritual ever manufactured in the annual classic.

Additional Sports on Page 15

The blue-clad northerners, coached by veteran Jim Robinson of Canton Lehman, leaped away to a 22-0 lead in the first period as they turned three fumbles into two touchdowns and a field goal, and breezed to another touchdown after the Rebel center had passed far over the head of a prospective punter to give the ball to the foe on the three-yard line.

After the hectic first period, in which the proteges of Bill Kidd of New Philadelphia committed about every miscue in the book, it was an even-steven contest, with the South winding up with a 10-7 edge in first downs and a 134 to 113-yard edge in rushing.

The game's result backed up the ppredictions. The North squad was laden with All-Ohio talent, while the South personnel did not measure up, in the over-all picture, with that of previous Rebel squads which had won four and tied one of the previous eight contests.

Kidd, although saying nothing of the lack of top-flight talent as he prepared the squad for the game, suggested after the contest that the "Mason-Dixon" line be moved northward just a mite to give the South a better "shake" in the future.

"As now set up," Kidd said, "we don't have the number of schools in the South to pick from that the North boasts. And on top of that, we don't get many kids from the Southeast sector, where the stars generally participate in the all-star game against a Pennsylvania or Kentucky team.

"I'd also favor changing the method of picking the all-star squads. I believe the coaches association should take the top 14 boys from the All-Ohio squad, and then allow the all-star coaches to pick 11 more boys to round out the 25-player units."

The coaches are considering several changes in the method of picking the competing teams, and all will be tossed into the hopper at next December's meeting.

Jim Letcavits of Massillon, an All-Ohio end, was chosen by the scribes as the outstanding player in last night's fray. He caught 24 and 25-yard touchdown passes by Dean Nicholson, Lisbon's 6-foot 9-inch quarterback, and also played a great defensive game. Letcavits will enroll at Kansas this fall, where Chuck Mather, his high school coach, has transferred.

Nicholson, who completed 4 to 10 passes for 68 yards and sneaked for a touchdown, will enroll at Ohio State. Jack Nichols, Canton Lehman's great fullback, who booted a 20-yard field goal, first in all-star history, and kicked an extra point, is headed for Indiana.

Ray Beerman, Toledo DeVilbiss speedster who ran a South punt back 91 yards for a touchdown, also has chosen Ohio State, as has Jim Kater of Harrison who led all the ground-gainers with 55 yards in 11 tries.

Tom Stockhoff of Cincinnati Hughes, who scored the South's lone touchdown on a three-yard end sweep after a 31-yard jaunt by Kater, will go to Tennessee.

Dave Kuenzli, Upper Sandusky, the 1953 season's scoring leader with 227 points didn't get a chance to run with the ball for the North, but he was a defensive standout. Other northern stars on defense were Willie Simmons of Warren, Bruce Schram of Massillon, and Bill Van Buren of Lorain.

The South's top defensive men were Del Thatcher of Cambridge and Leo Brown of Portsmouth. Simmons recovered the two fumbles which led to the Nicholson-to-Letcavits touchdowns.

'Battle Royal' Won by Nylon

Tommy Nylon outlasted five other wrestlers in the "Battle Royal" to win the main event Thursday night at the Marion Armory.

Nylon won the first fall of the main event over Billy Fox with a hammerlock in 14 minutes but Fox came back to pin Nylon in five minutes with a rolling short arm scissors. Nylon, won the third fall in 11 minutes.

In the semi-final event, Danny O'Sullivan won in straight falls over Charlie Carr. O'Sullivan took the first with a reverse full nelson in 22 minutes and Carr was disqualified in the second for throwing O'Sullivan out of the ring in 13 minutes.

In the opening "Battle Royal," Man Mountain Dean was the first to leave the ring in 12 minutes in a pile-up. Frankie Taylor followed after a drop kick by Fox and pile-up in 14 minutes.

Carr went next on a drop kick by O'Sullivan and a pin by Fox. O'Sullivan left the ring when Nylon punched Fox and O'Sullivan and then pinned him in 20 minutes.

Had No Warning

Baron Players Shocked At One-Year Suspension

Members of the Marion Barons Hockey Club, now making their homes in Marion, expressed shock and surprise yesterday at the announcement of a one-year suspension plan decided on by Baron officials.

Three members of the International League runners-up last winter now make their home here and the trio would be a good nucleus for any club. They are front line men Kenny Schultz and Wimpy Jones and Goaltender Lou Crowdis.

First comment from the popular and rugged Crowdis was, "I'm utterly amazed." Lou said the move "surely wasn't expected. At least not by me." He reported he had been preparing for a week to accept season ticket orders from his customers. He is employed by the Bud Doyle Distributing Co. He had received no advance warning from the club not to accept orders, he added.

Lou, like Jones and Schultz, is uncertain about his future plans. He has decided to adopt a "wait and see" attitude.

Schultz and Jones both said they had no advance warning of the move which lowered the number of teams in the International Hockey League to six.

The Barons suspended operations for the 1954-55 season for financial reasons. The request of their parent club in Cleveland was granted Thursday night by International League president Frank Gallagher.

Schultz yesterday said it was too early to make any plans for the future. He said when he heard of the move Friday morning he could not believe it.

Jones said his only plan was to stay here in Marion until training camp for the Barons opened in the fall. He said he would report to the camp, but couldn't predict his future after that.

The Barons suspended operations with the understanding that they could return to the league in the 1955-56 season. Team officials admitted they had exceeded their payroll limits and gave the high cost of operating the team as one of the main reasons for dropping hockey.

Marion finished second in its first year of operation this past season. However, attendance was poor and the gate receipts from the games failed to match the expenses of the club.

Officials of Marion Sports Enterprises said that over 60 per cent of those persons attending the games were from outside Marion. They said that fact indicated the sport had a widespread interest.

Several exhibition games will probably be scheduled for the Veterans Memorial Coliseum this fall. Club officials say the attendance at those games will determine in a large measure the future of the local club.

An announcement of a different sort had been expected this week from the Barons. It was rumored that player-coach Ott Heller would not return this next season to Marion.

A new manager reportedly defenseman Phil Vitale, was expected to be named this week. Heller had returned his 1954-55 season contract unsigned.

Dropping of Marion from the International League reduces that circuit to a six-team loop. Remaining teams are Cincinnati, Troy, Toledo, Grand Rapids, Johnstown, and Fort Wayne.

The league will play a 30-game schedule next season, with each team meeting the others six times.

League officials have promised to check into reports that some teams exceeded their salary limits by overpaying players. Club officials here said if the league does that, it will be a major factor in the return of the Barons.

Ice at the Coliseum will not go unused. Public skating sessions will be held again this fall and ice shows are again planned for the fairground site.

Home Runs Not Enough, Cincy Loses

CINCINNATI (AP)—The Cincinnati Reds are on a home run binge but a quartet of the round-trippers was not enough last night as the St. Louis Cardinals trimmed the Cincinnatians 10-8.

The Reds have it 12 homers in the last three games.

Wally Post led the parade last night with two and Ted Kluszewski and starter Joe Nuxhall hit one each. Klu's total for the season rose to 33, and it was his 24th at Crosley Field, a record.

The old record of 23 at the Cincinnati park was set by Klu last year.

The Cardinals, here for a three-game series which continues tonight and tomorrow afternoon, entered the home run column through Ray Jablonski and Bill Sarni.

But it wasn't the homers which caused all the excitement. It was a double by Wally Moon.

Centerfielder Gus Bell said he caught Moon's sinking liner in the ninth inning when the squads were tied 8-8. Umpire Babe Pinelli had indicated it was a fair catch but Bill Stewart, umpired at second, ruled Bell had trapped the ball. The safe hit drove in the winning runs.

Birdie Tebbetts, Redleg Manager, shouted at Stewart:

"You are a lousy umpire. You blew it (a decision) in a world series. You blew it in the All-Star game. And you blew this one. Why don't you quit?"

Stewart, senior man in blue in the National League, thundered back:

"Get out of here. You blew a four-run lead and you're trying to blame it on someone else."

The Reds had built a 7-3 lead by the end of the sixth inning. They scored twice in the second inning and once in each of the others.

Then the Cards erupted for four runs on six hits to tie the game in the eighth. Harry Perkowski failed to stop the spree and finally Jackie Collum, the eventual loser, was called to the mound.

After two were out in the bottom of the eighth, the Reds filled the bases on a walk and two infield hits. Brooks Lawrence, fourth Cardinal pitcher and the winning one, struck pinchbatter Lloyd Merriman on the knee to force in a run which temporarily gave the Reds an 8-7 lead.

Joe Frazier singled in the tying run in the top of the ninth. Moon strode to the plate with two away and socked his controversial liner which scored two runs. Frazier as out trying to score.

Alpha Brazle set down the Reds in order in the bottom of the ninth.

Archery Meet Planned Here

The Bare Bow Meet sponsored by the Black Feather Bowmen of Marion is scheduled for Sunday at Camp Owens.

Archers from all over the state have been invited to compete in the meet here and any archers in the Marion area, whether they belong to an organized club or not, are invited to participate.

Registration will begin at 9:30 a.m. for the meet which will consist of 56 animal targets, stationary, moving and pop-up.

Some 75 to 125 archers are expected to take part in the meet here. They will be fighting for 35 awards donated by Marion merchants and various other awards.

The first of the invitational meets to be held here, the local archers hope to make it an annual event. The public is invited to the area for the meet.

FOP Baseball Team To See Indians Play

Members of the Fraternal Order of Police championship baseball team will go to Cleveland next Wednesday to watch the Indians-Detroit Tigers baseball game at Municipal Stadium.

The trip will be at the joint expense of the FOP and the Indians' management. The boys will leave the police station at 8 a.m. and travel to the ball park by auto, co-managers LeRoy Everly and Robert Ferguson announced.

Tribe Shells Turley in First Inning; Yankees Keep Pace

CLEVELAND (AP)—Of all the worrying being done about whether the New York Yankees can catch the Cleveland Indians, perhaps the lion's share should be done by the Yankees.

Both teams won again last night the Tribe, trouncing Baltimore 9-4, and the Yanks subduing Boston 8-2.

So far this month Cleveland and New York each has won 11 and lost three. Even if the Yanks had won all 14 of their August games, they'd still lack a fraction of a percentage point of being in first place, because they trail by four in the lost column.

Bob Feller, dean of the Indian pitchers, earned his 10th victory last night against only two losses. He won only 10 games in all of last season, and only nine in 1952.

It was one of Feller's rare night-game starts, and the Orioles nicked him for nine hits, but four of those and two runs came in the final frame which started with the Tribe out in front 9-2.

Bob Turley, for whom the loss made a 9-12 record, failed to last the first inning when the Indians scored five runs on five hits, including a two-run double by Dave Pope and a two-run single by Sam Dente.

Pope hit his first homer of the year in the third, and Dente got his third run batted in with a single in the fifth. These hits were off Howie Fox, former National Leaguer, who got the last Indian out in the first inning then went the rest of the way, giving up four runs on nine hits.

A crowd of 19,323 fans pushed the home attendance mark here above a million—1,012,653 paid, to be exact. Attendance all of last season in Municipal Stadium was 1,069,176.

Early Wynn will make a third try for victory No. 16 today against Don Larsen, who has lost 15 against only three victories, two of which were over the Yankees.

In going down to their 10th straight defeat by the Indians, the Orioles scored a run in the first on Bobby Young's double and Vern Stephens' single; another in the fifth on singles by Jim Diering and Fox, with an infield out between them; and two more with two out in the ninth.

Al Rosen, fresh out of a hitting slump, hit a double in the fifth after Vic Wertz's double to drive home one of Cleveland's runs.

Colonels Get Grip On Second Place By Beating Millers

By The Associated Press

Indianapolis' Indians having made first place in the American Association a permanent home, Louisville's Colonels seem to be feeling the same way about the runnerup spot.

The Colonels boosted their second-place lead over Minneapolis and St. Paul to 4½ games last night with a 6-5 victory over the Millers.

Meantime, the Indians maintained their 13½-game edge over the Colonels with a victory over Columbus—by the identical 6-5 score.

In other Association activity:

Toledo beat St. Paul 4-1 as Bert Thiel struck out six and allowed only six hits. Kansas City recorded its first shutout of the season over Charleston, 5-0, as Tom Gorman set the Senators down with four hits.

RACE DRIVER DIES

URBANA, Ohio (AP)—Attendants at Mercy Memorial Hospital here said a cerebral hemorrhage, suffered while he was warming up a horse for a trotting race at Champaign County Fair yesterday, caused the death of Claude I. Schilling, 64, veteran Ohio harness driver and trainer. Schilling collapsed just before the second race.

Mac's Blanks Carl's at Galion

Mac's Trading Post of Marion moved a step nearer the district softball title in tournament play at Galion last night.

Mac's blanked Carl's Auto Parts of Marion, 5-0, while Victory Market of Mt. Vernon downed Cochran Motors of the same city, 5-1.

Tonight at Galion, Carl's and Victory Market, each with one tourney loss, will take the field in a tilt scheduled for 8 p.m. The winners will meet Mac's Monday night.

Bud England hurled Mac's to the win. Each team collected four hits but six Carl errors made the way easy for England. Jessie Harris was the Carl hurler. Sonny Taylor, who had pitched four straight shutout victories for Carl's in tourney play, was unable to start due to a sore arm.

Mac's netted its runs in the first, third, fourth and fifth frames. Carl Harbolt, Jim Seiter, Bob England and Doc Reid collected Mac's hits.

For Carl's, Chuck Wynn had two hits and Jim Frank and Knute Reifsnyder one apiece.

Planning Eases Moving Chores

Packing Advice Given By Transfer Specialist

Moving day is a backbreaking chore. As a matter of fact long before the big day the lady of the house is quite at her wit's end organizing the multitude of loose ends to move to a new home.

Many women prefer to do the entire job themselves. But most moving companies offer the services of the moving man to help with the packing as well as the moving. If you give him a floor plan of the new home, he'll even set the furniture down where you want it. If you can't afford to turn the entire job over to a professional mover, your moving man will tell you how to organize your efforts and belongings.

There are things which may be done long in advance. Plan to leave all yellowed magazines and letters. Clean out attic, cupboards and closets. Wash stored clothes; blankets, draperies and other extras that might be dusty. Wash china and glassware. Suds off luggage and closet equipment — bags, boxes, shoe-bags — so no dust will be carted of fto the new home.

Small rugs, slipcovers, window dressings may be laundered a week or so before moving and put on hangers ready to move to the new home. Rugs too big for the washer may be scrubbed clean on the floor with soapsuds and stiff brush. When dry, they may be rolled up so that moving-day traffic won't soil them.

There's an art to packing glassware, china, books, medicines and domestics. The best advice comes from men who do it most often. James Hawthorne, boss of a large moving firm tells how his men do it:

Books, phonograph records — Use extra heavy cartons, wooden boxes or crates and pack flat, one on top of the other, to provide greatest resistance to weight pressure. If carton or box allows for two rows, pack books flat with bindings back to back so that one book will not damage pages of another.

Dinnerware, glassware — Wrap each piece in tissue or newspaper; pack in a strong barrel or drum, heavier pieces on the bottom. Stand plates on edge and place pads of paper between layers.

Clothing — Put into dustproof wardrobes. Don't wrap fabrics in newspapers. The ink may cause stains.

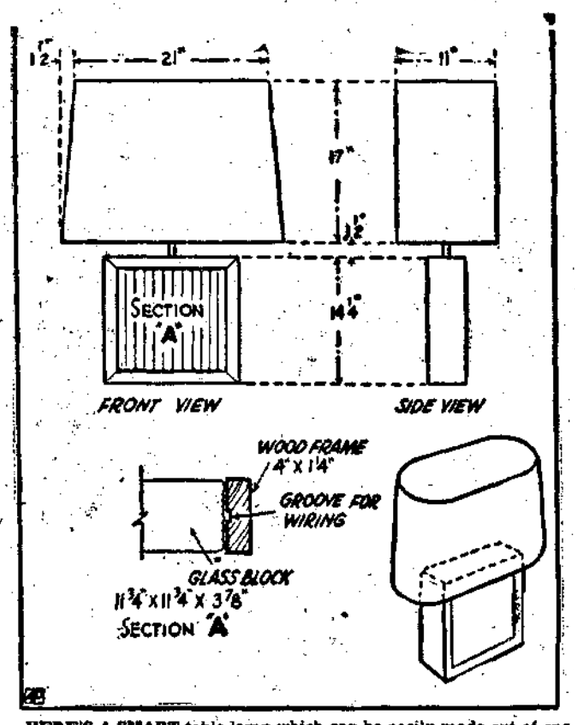
Cosmetic jars, medicines, perfume bottles — seal corks and stoppers with natural nail polish so they don't leak and pack bottles in a separate carton or container. Use masking tape or paraffin to seal stoppers. Jewelry, valuable documents, personal papers may be wrapped separately, preferably in a fireroof container. Keep them in your personal possession on moving day.

Furniture casters should be removed from furniture and placed in individual sacks with tags identifying to what piece of furniture they belong.

Make a check list of people to notify about your change of address—postoffice, insurance company, bank, gas, electric and phone companies, magazines, etc.

If it is at all possible do some housekeeping at the new home before you move in. Make sure closets, oven and refrigerator are cleaned and aired. Walls and woodwork may need washing. Scrub and line cabinets and shelves with fresh paper.

Block Made Into Lamp



HERE'S A SMART table lamp which can be easily made out of one glass block. You can get glass blocks in various surface designs at well stocked building supply houses. They have hollow centers to provide insulation when used in construction. This makes them especially interesting when used as lamp bases. A simple wood frame can be slotted on the inside to accommodate concealed wiring. Lamp fittings can be found at hardware stores and electrical shops. An oval shade of pleasing proportions, such as the measurements shown above, can be made at home or purchased. The wood frame can be stained to suit, or given a natural finish with thinned shellac, wet sanding and paste wax.

YOUR HOME . . . Today and Tomorrow

By DOUGLAS TUOMEY

A great many people are doing their own insulating and more than half of them are not doing it in the best way. The same amount of money and labor will produce a professional job in place of the inferior one.

There are two ways of insulating an attic. One is to insulate the floor by taking up the floor-boards and laying the insulation in between the joists and the other is to install the insulation between the roof rafters.

This last method is the best, and for the following reason. If the insulation is between the attic floor beams, stand on a chair in a room below anytime during a red-hot day and place your hand against the ceiling; you'll find it red hot. This is because the attic itself is red hot and, naturally, the insulation gradually absorbs the heat.

Of course, any room with a red-hot ceiling is not going to be comfortable. On the other hand, if the insulation is between the roof rafters, the heat is kept out of the attic and any warm air will escape through the attic windows or louvers.

The best type of insulation is one made of inorganic material, is fireproof and not attractive to insects or rodents. It should be the blanket type, which comes in long rolls and can be tucked between the rafters and then stapled to the edge of the rafters. The use of a stapling tool will make the work fast and easy.

Some people are of the opinion that so long as insulation is used no matter where, they are bound to get results in fuel savings and additional comfort, but this is not the case. The attic should be insulated as recommended here in order to get the best results.

Wider Vote Sought By Ohio Farmers On Wheat Quotas

WASHINGTON (AP) — Administration leaders were asked today to find out what can be done to permit more small Ohio farmers to vote in the national wheat quota referendum.

Four congressmen from Ohio agricultural districts told Speaker Martin (R-Mass) that many farmers in their state consider it unfair to exclude from voting anyone with less than 15 acres of wheat.

They want these smaller farmers included, too, they said.

In the July 23 referendum, the nation's farmers voted to continue the system whereby wheat support prices are permitted so long as the growers agree to restrict their production.

Ohio farmers voted 2 to 1 against wheat quotas.

"It's the big farmer out west who is outvoting the little farmers in Ohio," said Rep. McGregor (R-Ohio).

McGregor, along with Reps. Betts (R-Ohio), McCulloch (R-Ohio) and Bow (R-Ohio), took the problem up with Martin and chairman Hope (R-Kans) of the House Agriculture Committee.

Reunions

MILLER-RICHARDS

The 24th annual reunion of the Miller and Richards families was held Sunday at Lincoln Park with 120 relatives in attendance. Officers elected for the coming year are: Charles Miller of Marion, president, and Mrs. Howard Smith secretary and treasurer. Relatives were from Columbus, Ashley, Iberia, Stony Ridge and Richwood. The 1955 reunion will be held the second Sunday in August at Lincoln Park.

RETTERER

Thirty-fifth annual reunion of the Retterer families was held Sunday at Lincoln Park in Marion with 50 relatives and friends attending from Indianapolis, Ind., and Bowling Green, Findlay, Richwood, Claiborne, Marysville, and Marion. Following a picnic dinner at noon George Retterer of Richwood was elected president; Meredith Miles of Claiborne, vice president; and Mrs. Eva Weiske of Marion, secretary and treasurer, and Mrs. Betty Rettered of Bowling Green, assistant. The reunion next year will be held the second Sunday in August at the same place.

Aid for the Ailing House

Q: I would like to know how we can insulate the concrete walls of a garage that is to be used for living quarters.

A: You will have to fur out the walls for a distance of about two inches than install ablanket insulating material between the furring strips. Finish the walls with gypsum wallboard (plasterboard) or lath and plaster.

Q: How can I make frosted glass out of clear window glass?

A: Clean the glass thoroughly, then wipe it with alcohol or benzine to remove all traces of grease. Cover the glass with a thin light-weight tissue paper, cut to fit. The next step is to apply spar varnish thinned with one-fourth as much turpentine. The varnish will penetrate through the paper to the glass making the surface waterproof.

Q: Can a rubber base wall paint be used over enamel on the plastered walls of my kitchne?

A: Never apply paint, varnish or shellac over a glossy surface. Dull the enamel by rubbing it down with a fine sandpaper wrapped around a block of wood. Then wipe off the dust and apply the paint. First, however, you might trying washing the walls with a solution of about a pound of washing soda or trisodium phosphate in each gallon of water. The washing may eliminate the gloss and do away with the need of sandpapering. Rinse the walls thoroughly after they have been washed with the above solution.

Q: My cold water pipe runs under the floor of part of my house through a crawl space. Since there is no heat, this pipe freezes up during cold weather. What should I put on or around my water pipe to keep it from freezing next winter?

A: Several manufacturers of electrical equipment make what is known as a heating cable. This cable, when wrapped around an exposed pipe, will give off enough heat to prevent water from freezing.

Q: Our basement floor has had several coats of floor paint on it. Will it be necessary to remove it before laying tile on it? If so, how should we proceed?

A: I presume you have in mind laying ashalt tile; if so, manufacturers of such products advise that floor paints be completely removed. However, in the case of rubber base floor paint, some of the makers advise testing with a ten per cent solution of lye. If the paint is not affected, the tile can be laid directly over the paint, you can remove the paint with a floor sanding machine (much the easiest way!) or by softening the paint with a heat lamp held about twelve inches from the surface and then scraping it up with a putty knife. Of course, the use of paint remover would be satisfactory.

FIRST 'PRE-FAB' SHOWER

The first pre-fabricated sectional type of shower cabinet was designed and built in 1922, the Plumbing and Heating Industries Bureau reports. Prior to this time shower cabinets made of metal had to be shipped as a complete unit. They were bulky and often it was impossible to get them through windows and doors. Today cabinets are made in sections so they can be easily assembled in small spaces in a short time.

More than 45 per cent of U.S. deaths occur in hospitals compared to about 33 per cent in 1936.

Handyman Can Give Plywood Natural Finish

Lumber Experts Find Method for Various Kinds of Wall Panels

The natural finishes and other tonal effects which account for the appeal of hardwood plywood wall paneling can be achieved nowadays even by the average home craftsman, lumber dealers point out.

In the first place, they explain, the wide color range offered by the various species of paneling makes it possible to select panels of the natural color tone desired. When other than a natural finish is preferred, the desired variation can be effected by staining or bleaching.

A factor which facilitates the job is the condition of the plywood when it comes from the lumber yard. Quality panels are sanded smoothly by the producer, and are ready for finishing without laborious preparation.

Experts have developed various methods for achieving beautiful natural finishes. Here is a comparatively simple system which has proved especially satisfactory.

First, apply a prime coat of clear sealer or a thin coat of white shellac mixed half-and-half with denatured alcohol. When dry, fill nail holes with wood putty tinted the color of the panel. After the putty has hardened and dried, rub the panel with No. 1 steel wool or No. 00 sandpaper.

Second, apply a coat of clear sealer or varnish. Allow it to dry 24 hours, then rub with fine steel wool or sandpaper.

Third, apply a coat of dull varnish. When dry, buff it to a velvety sheen.

This method will produce a natural finish in such close-grained plywoods as birch and maple. One additional step is recommended when the paneling is oak, mahogany, walnut or other open-grained wood. That is the application, after the prime coat has dried, of a white or natural filler to fill the pores and provide a "super-smooth" surface.

Staining can be employed either to deepen or lighten the natural color of the wood. After the prime coat is dry and sanded, apply one coat of combination stain and wax, wiping with a rag to the desired shade after the stain has penetrated for a few minutes. Then put on a coat of self-polishing wax and buff to the desired sheen.

Bleaching can be done in various ways and with varying distinctive effects. Precise directions for achieving the color tone preferred can be obtained from most paint or building materials dealers.

Plywood Used As Die Models For '56 Autos

Hardwood plywood, a growing favorite among home owners for wall paneling, cabinets, bookshelves and countless other uses, now is "going to work" in the automobile industry.

Some of the die models used to make steel dies for 1956 automobiles are made of hardwood plywood specially treated with chemicals which minimize moisture absorption by the wood.

The treated plywood, called "impreg," is said to possess almost complete dimensional stability. It is highly resistant to the shrinking and swelling to which most materials are subject under the influence of moisture, or temperature changes.

Auto officials expect the plywood to effect substantial savings, since about 20 per cent of the costs involved in die models normally is spent in correcting dimensional movement. Unless die models retain their original dimensions, engineers explain, steel dies made from them will not be the proper size. Automobile parts stamped from the dies therefore will not join other parts accurately.

Bungalow Purchased South of Marion

A RANCH-TYPE BUNGALOW south of Marion has been purchased by Mr. and Mrs. Henry Tewalt from Mr. and Mrs. John Kutz. Located on U. S. 23, the home is on two and one-half acres and is in the $18,000 to $20,000 price class. Davis, Speese and Granger handled the transaction.

Real Estate Transfers

A total of 38 real estate transfers, seven more than the previous week, were recorded at the office of County Recorder Arthur L. Watt during the week of Aug. 2-7.

Building Permits

Fifteen building permits for a total valuation of $18,325 were issued at the Marion City Clerk's office during the week from Aug. 6-12. This was a decrease over the previous week when six permits for a valuation of $31,595 were issued. The permits were:

New Construction

John Miller, 318 Clinton St., two stall garage, $500.

Bernard Tallman, Grant St., home, $500.

Horner and Bessie Brammer, 960 N. State St., two stall garage, $425.

Pentecostal Lighthouse Tabernacle, 993 Davids St., church, $3,000.

Will and Pearline Favors, Tyler St., garage, $300.

Earl Black, 572 E. George St., two stall garage, $500.

Virgil L. and Ruth A. Hinamon, Forest Lawn Blvd., home, $8,000.

David and Rose Rogers, 547 E. George St., garage, $300.

Ed and Ruth Adams, 281 Latourette St., enclosed porch, $150.

Robert and Nora Langston, 265 Patten St., utility room, $300.

Gilbert Crabtree, 667 Marshall St., bathroom, $375.

Improvements

Everett Williams, 945 N. Main St., addition to kitchen, $75.

William Perry, 940 Oak Grove Ave., bedroom and living room addition, $1,600.

E. E. Morton, 1042 Bennett St., bath in home and toilet facilities in store, $2,000.

L. A. and Mary C. Haycook, 608 Catherine Ave., one room addition, $300.

ENAMEL POPULAR

Because they have a slight sheen, semi-gloss and eggshell enamels are popular for walls and woodwork that are often washed. Usually they can be obtained in colors that match flat wall paint exactly. Thus it is possible to have walls painted with the flat coating, when desired, and matching woodwork in the coating with the sheen.

OUTDOOR PAINTING

Never paint outdoors when there is a high wind — unless you want dust and bugs blown onto your fresh paint. Best time to paint is during clear, dry weather.

The Handley-Brown
GAS FUEL DOOR BURNER

The Fuel Door gas conversion burner is directly installed over stoker, oil burner or grates—without changing or rebuilding the furnace. This means low-cost installation; you get more burner for your money. And if you're renting, you can take this burner with you when you move.

This burner is high off the floor — safe for children, and safe against water damage. Even with water in the basement, the Fuel Door burner keeps your home warm and cozy — long after sahpt heating units are drowned out.

Track Utilizes Asbestos Stalls

Thoroughbreds Given Protection From Fire

OCEANPORT, N. J.—Elaborate precautions to protect from fire the valuable thoroughbreds quartered at Monmouth Park were taken in advance of this summer's 50-day meeting.

The track has 28 barns, with stalls for 1,400 horses. Each of the stalls were lined individually with asbestos-cement board, a material which will not burn when exposed to the flame of a blowtorch. Track officials said the asbestos-board lining should eliminate all ordinary dangers of fire.

The fire-protective program was begun immediately following last year's horse racing season, when tests were conducted in a number of barns.

The track maintains its own fire department with 24-hour service. Fire alarms are connected at every barn and an hourly patrol of the stable area is conducted around the clock.

VENTILATORS NEEDED

When applying the new types of odorless paints, remember to have adequate ventilation. While the new paints are "easy-on-the-nose," they contain non-smellable ingredients that should be permitted to escape to the great outdoors.

Water Well Driller Strikes Oil Instead

DENISON, Tex (AP) — A water well driller, completing a well 1½ miles southeast of Denison, struck oil instead of water recently.

Driller J. L. McClure shut the well down Aug. 7 after bailing up a bucket of crude from 282 feet. He got in touch with the property owner, Jack Winburn, who swore him to secrecy until the find could be confirmed.

"We still need water," Winburn laughed.

Airline To Lay Off 16,000 Employes If Strike Continues

NEW YORK (AP)—Nearly 16,000 employes of the American Airlines will be laid off by the end of the month unless a strike of pilots is ended quickly.

President C. B. Smith sent a notice to airline personnel yesterday saying he regretted very much the necessity for such action but that the strike left no alternative.

The line employs more than 15,000 persons and has a monthly payroll of more than seven million dollars. All but a few maintenance workers and guards would be dropped.

Already dropped from the payroll are the 1,250 AFL airline pilots who struck July 30 because of coast-to-coast flight schedules exceeding the normal eight hour maximum.

Toski Aims At Record in World Play

CHICAGO (AP)—Bob Toski, who is built like a jockey but hits a golf ball like a Paul Bunyon, is convinced he is the man of destiny as far as Tam O'Shanter's biggest payoff in tournament history is concerned.

The 127-pounder, who will be 28 next month, confidently expects to pick up promoter George S. May's winning check of $50,000 and sign a $50,000 exhibition contract when Golf's "World" championship ends Sunday.

The locker room crooner, known affectionally by his colleagues as "The Mighty Mouse," splattered Tam's par 72 with a second round of 65 yesterday for a midway tally of 132—a dozen strokes off the regulation.

His 36-hole total was the best ever recorded since Tam tournaments started in 1941 and gave the little golfer from Livingston, N. J., who smacks 300-yard drives, a chance to crack Byron Nelson's 72-hole course mark of 269 set in 1945.

Nelson posted 134 at the 36-hole juncture in his record-breaking event.

"Somebody told me Nelson was only 29 when he won the first Tam tournament in 1941 and no one any younger has won here since," grinned the 5 foot 6 Toski. "But this time Toski will become the youngest."

The experts think Toski is not one to fold under pressure and his tourney record for the season suppots the belief.

In the midst of his greatest season on the money trail, he ranks third in PGA winnings with $14,938 and has scored victories in the Baton Rouge, Wilmington and Eastern Opens.

But he had a horde of money-hounds on his heels as today's third round started.

Veterans Johnny Palmer, 36, "World" champion of 1949, and the indomitable Dutch Harrison, 44, were only three strokes away at 135.

Bunched at 136 were Walter Burkemo, Jack Burke, first round leader Earl Stewart Jr., British Open champion Peter Thomson and unflagging George Fazio.

In all, 15 players were under 140, including All-American champion Jerry Barber and Al Besselink at 137 and Belgian Flory Van Donck, Doug Ford, Henry Ransom, Jay Hebert and Lloyd Mangrum at 139.

Meanwhile, close races were in prospect for three other "World" tourney sections running simultaneously in the complex carnival. These leaders were:

Women pros, shooting for a $5,000 first prize—Patty Berg, 144, eight under par; Louise Suggs, 148, and Babe Zaharias, 149.

Men amateurs—Arnold Palmer of Cleveland, 138, and Frank Stranahan, 141.

Meteorologist Offers Variety

OLYMPIA, Wash. (UP) — There's a weatherman here who chases rain with sunshine.

He's meteorologist Jack Hubbard, who offered to prevent rain from falling on President Eisenhower's inaugural. His weather forecast set the time for the first atomic bomb test.

Hubbard believes every cloud has a silver lining, and the way he disperses them brings a commercial precipitation of silver coins.

Hubbard explained it this way: "We shoot chemicals into the air. Rain stops falling. The clouds break up, and there's Old Sol."

Actually it's not that simple. In general, Hubbard's system depends upon the fumes from chemicals heated in ground generators and carried upward by natural air currents.

He said his chemical formula, which he calls "goop," will remain a secret until a government agency with proper security precautions takes an active interest in his work.

One of Hubbard's boosters is a former chief of Army Engineers, Lt. Gen. Lewis A. Pick, now an executive with an Olympia plywood firm.

"Hubbard has been able to do something about the weather that no one else has been able to accomplish," Pick said. "His control of precipitation is uncanny."

The fruit belt in central Washington puts great stock in Hubbard's ability. This year fruitgrowers are paying him about $25,000 to keep the skies dry. This is his third season of operation in the fruit belt.

His ability to stop the rain caused quite a wet and dry war between fruit and wheat men two years ago. To offset the dry spell created by Hubbard, wheat ranchers hired a Denver rainmaking firm to make the clouds give down.

Hubbard, oddly enough, discovered his rain-stopping formula in 1950 while trying to develop a chemical agent that would produce rain. He set up his equipment and fired away at cloud banks, expecting rain to fall. Much to his surprise, a blue opening appeared in the clouds. He had achieved the reverse effect.

To prove his new-found formula, Hubbard conducted more than 300 experiments and obtained success in almost every instance. He announced his discovery to the American Meteorological Society.

Special Music Set

Two Ministers To Speak At Union Vesper Service

Baptist and Evangelical and Reformed ministers, Rev. J. B. Holloway and Rev. L. Harrison Ludwig, will be the speaker and devotional leader respectively for the union vesper service tomorrow night at Central Christian Church. The former is pastor of Trinity Baptist Church and the latter of Salem Evangelical and Reformed Church. Time of the service will be 7 o'clock, and the front lawn of the host church will be the place of meeting.

"Christ in You" will be the sermon theme. Special music will be by a quartet composed of F. H. LeMaster, D. H. Gorman, I. H. Taylor, and C. M. Gorby, and the number will be "I Know His Love Is Mine," Ketchum. Miss Julia Gorman will be accompanist. B. K. Hill will lead congregational singing.

Offerings at the annual summer Sunday evening vespers series go to supplement the budget of the Marion County Council of Churches in the program of Weekday Religious Education in the public schools.

First E and R

Young people of First Evangelical and Reformed Church will be in charge of morning worship tomorrow in the absence of the pastor. Joan Neidhart will preside at the organ, James Conklin will give call to worship and invocation, Judy Street will read Scripture, Pat Matthews and Nancy Neidhart will offer prayer. The story for children will be told by Katie Kinsler. Don Caprino will give the message, and the theme for the service will be that of the second assembly of the World Council of Churches opening at Evanston, Ill., tonight, "Christ, the Hope of the World." An organization of the church meeting next week is the Loyal Daughters Class, Thursday afternoon, with Mrs. Edith Welsh as hostess. Mrs. Mary Rinnert will be in charge of a program.

Forest Lawn

Forest Lawn Presbyterian Church worship service in the morning will be under direction of the Women's Association. Guest speaker will be Robert F. Williams of Marion who visited Alaska on a Methodist preaching mission in February. He will tell of his experiences in the territory which is called the "last frontier."

St. Paul's Episcopal

Lay speaker for the 9 a.m. service tomorrow at St. Paul's Episcopal Church will be Robert T. Mason. The rector, Rev. Frederick W. Leech, is on vacation.

First Presbyterian

Rev. Frank H. Throop of Columbus will be the guest speaker at First Presbyterian Church tomorrow morning. He is pastor, emeritus of Central Presbyterian Church in Columbus and is a former moderator of the denomination's Synod of Ohio.

First EUB

There will be no worship service following Sunday School at First EUB Church tomorrow morning because of the absence of the pastor who is attending annual conference sessions at St. Marys. Mrs. Ethel Everly will entertain Circle 1 Tuesday night. The pastor will give his message at midweek prayer service Wednesday night. Thursday night, the Co-Workers Class will be entertained by Mr. and Mrs. Ernest Farst. Circle 3 and Loyal Workers Class meetings have been cancelled until next month.

Sermon Topics

First Presbyterian, "Contending for the Faith."

Emanuel Lutheran, "If Any Man Will Do His Will."

First Evangelical and Reformed, "Christ, the Hope of the World."

Salem Evangelical and Reformed, "Christ, the Hope of the World."

Trinity Baptist, "Walking in the Light."

Central Christian, "Christ, the Hope of the World."

Wesley Methodist, "The Green-Eyed Monster."

St. Paul's English Lutheran, "Thy Kingdom Come."

First Nazarene, "Conquering Faith," and "A Challenge to Your Way of Life."

Lee Presbyterian, "The Cross of the Christ."

First Church of Brethren, "Heaven, God's Home for the Redeemed."

Forest Lawn Presbyterian, "The Last Frontier."

Emmanuel Baptist, "Three Battlefronts," and "The Rod of God."

Maranatha, "A Call to Battle."

Oak Knoll Chapel, "I Will Build My Church."

Baptist Temple, "Precious Blood of Christ," and "The Way to the City."

Oakland EUB

Annual Summer Christmas Tree program of Oakland EUB Church will be held tomorrow at morning worship service. Gifts will be brought to be sent to distant mission stations. Because of absence of the pastor, Rev. H. V. Falor, who is attending annual conference at St. Marys, there will be no evening worship service. Max Graham will be in charge of midweek service Wednesday night. The Onward Class will be entertained Thursday night by Mrs. W. F. Williamson.

Trinity Baptist

Trinity Baptist Senior High Youth Fellowship will hold a planning meeting at Camp Owens, Boy Scout Camp near Marion, tomorrow afternoon. Transportatoin will be furnished for the young people leaving the youth center, Trinity House, at 2 o'clock. Program of activities for the young people's group during the fall will be worked out under guidance of counselors, followed by a period of recreation and a picnic supper.

The Brotherhood will sponsor a corn roast for the congregation Thursday night at the Austin Church farm on the Irving-Shoots Rd. near Morral. Transportation will be furnished from the church at 6 o'clock. The men will supply the food, and entertainment will include fishing and the showing of a nature film by Q. H. Niemyer.

Church of Nazarene

Special music at First Church of the Nazarene in the morning will be by the choir, "Let Them Praise His Name," and by Mrs. June Webb and Mrs. Jewel Roth who wil sing "Emptied of Self." For the evening service and radio broadcast over Station WMRN the music will be under direction of Mrs. L. L. Zimmerman in the absence of Howard Orr. At midweek service Wednesday night Rev. Zimmerman will continue a study of Hebrews Chapter 12.

Christian Science

That true happiness is to be found through understanding the spiritual laws which govern the universe including man will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Soul."

The prophet Isaiah's promise of peace and joy to those who spiritually understand God will be included in the readings from the Bible (Isaiah 55:12): "For ye shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands."

Emanuel Lutheran

Annual picnic of the Emanuel Lutheran Bersan Bible Class and the Young People's Missionary Society will be held tomorrow afternoon and evening at Harrison Smith Park in Upper Sandusky.

The Women's Missionary Society will meet in the church parlors at 2 p.m. Thursday. Mrs. J. H. Bolinger will conduct the opening devotional service, Mrs. L. R. Simmons will present the Bible study, and Mrs. George Turner will supervise a discussion of the topic. Hostesses will be Mrs. Wesley Lehner, Mrs. Andrew Baldauf, Mrs. John Loeffert, Mrs. Lloyd Rehl, Mrs. D. G. Almendinger, Mrs. Scott Gast, and Mrs. L. Hatcher.

Maranatha Bible

Services of the Maranatha Bible Church tomorrow will include the morning worship hour at the church, and afternoon and evening meetings at the tent in Garfield Park. Rev. Charles Gray of Dennison, O., is the evangelist for the special effort and he will be the preacher at the church in the morning as well as for the 2:45 p.m. and 7:45 schedule.

A group from the church will hold a service tomorrow at 8 a.m. at the Marion Training School. Rev. Gray will be heard on the 9:30 a.m. Bible Fellowship radio broadcast over Station WHKC, Columbus, sponsored by the Maranatha Church. Musicians for the program will include from the congregation Patty Holliday, Robert Kibler, and Miss Barbara Newsome, Rev. George Zinn from Moody Bible Institute at Chicago, Ill., and quartet from Lexington Baptist College in Kentucky.

For the afternoon message at the park Rev. Gray's subject will be "When the Lights Go Out All Over This World," and in the evening, "The Real Christ. There will be a 40-minute song service and the program may be heard in the park area through amplifiers. Rev. Zinn will sing "The Ninety and Nine," "Ship Ahoy," and "Great Judgment Morning." Trumpet duets by Marcia Johnson and Margie Griffith will be included. The tent campaign will continue each night at 2:45 through Labor Day. At a mass meeting tonight the Billy Graham film, "Mr. Texas," will be shown.

Special guest musician tonight and tomorrow will be Robert Kibler, 19-year-old pianist and accordionist from Bloomville, O. He will be heard at the tent services, tomorrow at the church, and at the Marion Training School service at 8 a.m.

Beginning Monday afternoon at the tent, children's and young people's meetings will be at 2:45 daily through Friday under direction of Rev. and Mrs. Gray assisted by Mrs. Alice Holliday and Rev. Zinn.

Arrangements are being made to bring next Saturday night the film, "This Gathering Storm," sound and color pictures of missions in Korea and India taken by Rev. Bob Pierce.

Lee Street

Young people's meeting of Lee Street Street Presbyterian Church tomorrow at 6 p.m. will be a planning session for the rest of this month and next preceding opening of school. The Junior group members will be guests of the Seniors and Young People of the Christian Endeavor Societies, and place of the gathering will be the home of Robert Smith on W. Fairground St. near Lee and Fountain Sts. The topic will be "Looking Forward."

Oak Knoll Baptist

In preparation for the building program of the Oak Knoll Baptist Chapel, the general thought on which services next week will be centered is "Building for Eternity." The evening message tomorrow will be appropriate to this theme.

Christian, Missionary

A candidate for the pastorate of the Christian and Missionary Alliance Church, Rev. Robert E. Weber of Mount Clemens, Mich., will be heard tomorrow. The church pulpit was left vacant by the death recently of the pastor, Rev. Jearl Barr.

Prospect Street

In the absence of the pastor, services at the Prospect Street Methodist Church will be conducted by Bernard Brooks. He will be in charge of both the early worship hour at 8:40 a.m. and the regularly scheduled time, 10:30. The Lydia Circle will meet Monday night.

Salem E. and R.

Sermon theme at Salem Evangelical and Reformed Church tomorrow morning will be the same as that of the World Council of Churches meeting in Evanston, Ill., "Christ, the Hope of the World."

St. Paul's

Third of a series of sermons on the general theme of the World Council of Churches assembly will be given by Rev. Martin L. Dolbeer at St. Paul's English Lutheran Church tomorrow morning. Based on "Christ the Hope of the World," this sermon will be a discussion on the question of "whether we can hope for the founding of the kingdom of Christ in this world." Final address on the series will be given the following Sunday.

REV. HAROLD W. EWING
Guest Minister

Church Briefs

Contributions are being received for overseas relief in preparation for the coming of the Brethren Service Truck to Marion the week of Aug. 23. Anyone having clothing, household grease, shoes or similar articles to share with the needy may take their donations to First Church of the Brethren on Reed Ave. at E. Church St. or call the parsonage by telephone at 2-4554 for collection, the pastor, Rev. Carl N. Lauer, announced.

An all-day meeting for the Florence Richards WCTU will be held Tuesday at the Oakland EUB Parish House, with potluck dinner at noon.

LEAVES $112,000 ESTATE

BUCYRUS—Joseph D. Wise, 81, a funeral director and furniture dealer here for 60 years, left an estate of $112,000, according to an application for letters testamentary filed in Crawford County Probate Court here this week. Mr. Wise died here July 30. The widow, Olive, is named executrix. Other beneficiaries under terms of the will are two sons, William J. and James E. Both are connected with the Wise Funeral Home and furniture store.

RECORD DAIRY DAY CROWD

WOOSTER, Ohio (AP)—Some 4,200 persons attended the 27th annual Ohio Dairy Day at the Ohio Agricultural Experiment Station here yesterday. Officials said the crowd set a record for a station event.

Youth Leader To Fill Church Pulpit Sunday

Second Guest Minister To Speak Tomorrow At Epworth Methodist

Rev. Harold W. Ewing from Nashville, Tenn., specialist in denominational young people's work, will be the second vacation Sundays speaker at Epworth Methodist Church tomorrow morning. He is director of the Youth Department, Division of the Local Church in the General Board of Education of the Methodist Church. Guest soloist will be Mrs. Eleanor Smith.

Overseeing the Christian education program among approximately two million Methodist young people, he has filled this post since 1950 after having served 18 months as secretary of the Interboard Committee on Christian Vocations. Formerly a pastor at Canton, O., he served eight years as the minister of Christ Community Methodist Church there, developed a new parish, and carried on an extensive church development program.

Long active in youth counseling, he was director two years of young people's activities in the North-East Ohio Conference and for several years was special counselor for juvenile problems co-ordinating the work of social agencies and juvenile court.

In addition to his denominational duties he serves on National Council and World Council of Churches committees for education and youth projects, respectively. He is a member of Boy Scouts and Girl Scouts Protestant Advisory Committees and the Advisory Council of the White House Conference on Children and Youth. During the summer of 1951 he led a youth seminar through Europe and England and was a delegate to the British Christian Youth Conference held in Wales and World Methodist Conference in England. He is co-chairman of the Youth Committee of the World Methodist Conference. His writings include articles on vocational guidance counseling and a manual for a new field of church vocations counseling. His ministerial degree was received from Boston University School of Theology and his master's degree was earned in the graduate school there. He and Mrs. Ewing have three young sons.

Marion Church Group Attends Rally for Youth

Traveling by chartered bus to St. Marys, O., Thursday, 55 young people from Marion and Cardington Evangelical United Brethren Churches attended Youth Night activities at the Camp St. Marys EUB annual conference. Those making the trip were from Calvary, Oakland, and Greenwood Churches in Marion, from the Marion rural Salem Church, and from the Cardigton Charge.

They were among a total of 400 young people present with an additional 200 pastors and their wives from throughout the Ohio-Sandusky Conference area. The Marion group was second largest delegation, with Fostoria in first place listing 59.

Following a banquet there was a program with Rev. Ervin E. Petznik of Fort Wayne, Ind., as the speaker. Mervyn Matteson from Greenwood Church is Marion Group Youth Fellowship president and is chairman of the conference youth organization's recreation and leisure time commission.

BOND TROUBLE

FORT WORTH, Tex. (UP) — Officers found they were unable to collect a $2,500 bond Judge Willis McGregor ordered forfeited when the defendant in a burglary case failed to appear. One of the bondsmen was serving a federal prison term, the other didn't have any property.

Green-Eyed Monster

A Sermonette

By REV. W. LINCOLN STAFFORD
Pastor of Wesley Methodist Church

"O beware . . . of jealousy. It is the green-eyed monster which doth mock the meat it feeds on," said Shakespeare. "Jealousy is cruel as the grave; the coals thereof are coals of fire, which hath a vehement flame," we read in the Song of Solomon Chapter 8, verse 6. The dictionary defines jealousy as "unpleasant apprehension, suspicion or resentment arising from fear or mistrust of another; rivalry, grudging envy."

Jealousy can be at times like a madness. We lose all sense of proportion. We are unable, under the influence, to reason clearly. We say and do things we are very much ashamed of later and devoutly wish we could recall.

—:—

JEALOUSY between sweethearts or married couples can wreck happiness in a very short time. Envy of the neighbors, "keeping up with the Joneses," envy of someone's position, honors, possessions or achievement, jealousy of someone's good looks, good fortune or in case of religious people, jealousy of someone's godliness or grace, can poison the soul.

The green-eyed monster lives in our hearts because of our insecurity-feelings or because of our guilt-feelings. Our childhood experiences of having love refused or withdrawn cause us to be unable to trust others completely to love us. We are afraid that our wife or husband will withdraw love. This fear prevents us from reasoning as we should. Our imagination runs wild. Presently we make cutting or sarcastic remarks. A quarrel starts. Things go worse and worse. The green-eyed monster laughs at us as he chews our heart.

Sometimes jealousy is the other side of the coin of guilt. We have been unfaithful or have daydreamed of being unfaithful. We tend to project our own sense-of-guilt into the other person and begin to accuse him of doing what we have done or dreamed of doing. Jesus said "Judge not that ye be not judged, for with what judgment ye judge, ye shall be judged and with what measure ye mete, it shall be measured to you again." This means that when we start accusing our loved-one of misbehavior, that the chances are we ourselves are guilty. We are judged in the same way that we judge others.

So what? How can we prevent or 'cure jealousy? How can we slay the green-eyed monster? The answer is "Do everything you can to build a strong self." As our spirit gets stronger our confidence increases and we lose our fear that love will be withdrawn. We learn that we are sons and daughters of God and therefore are loveable. If we are loveable, there is no reason why people should withdraw their love from us. We will confidently expect people to love us. We'll forget all about the danger of losing their love. With this new security we will have no need to be jealous.

Keep busy. Idleness is the devil's workshop. Keep too busy to waste time on jealous thoughts. Let God employ your time and strength.

—:—

PRAY WHENEVER you begin to feel jealous. Surrender it to God. Nip it in the bud. Don't wait until the monster gets too big to handle. Kill it while it is still a "pup."

Deal honestly with others. Don't be a two-timer. Don't cheat on your loved one and you won't project your guilty feelings into him or her. Don't indulge in adulterous day dreams. They will make your feel guilty whether you know it or not and whether you agree with what I am saying or not. Your guilt will cause you to distrust your loved one. So play the game fairly and square-ly. If this sounds old-fashioned, remember that the commandments have stood the test of about 4,000 years and you are not going to get away with breaking them, even though you think you are smart enough to do so. The man that tries to break the commandments breaks himself on the commandments.

Don't believe rumors. There are always filthy-minded people who love to start and spread rumors. Believe in your loved ones.

Don't look for trouble. Don't test your loved ones. Don't try to increase his show of love by making him jealous. The old jealousy trick boomerangs.

Most important of all, get close to God. Pray earnestly for the gift of God's love. He is very willing to give you all the love you are willing to use. God's perfect love drives out fear and insecurity. God can cure your sense of guilt. Without insecurity and guilt, the green-eyed monster dies.

Scheduled Reading Of Dickens Blocked By Medieval Law

LONDON (AP)—A scheduled reading by Emlyn Williams of the works of Charles Dickens for charity had to be abandoned today because of a medieval law involving bards.

"Nowhere in the writings of Lewis Carroll or the meanderings of the Marx Brothers," complained the London Star, "can anything be found to beat the higher lunacy of this sort of thing. There is a whole musty mountain of laws which ought to be swept away . . ."

Here is the situation:

The London Welsh Assn. arranged a charity recital for Sunday, Sept. 12. Williams, an actor who has had considerable success in this country and the United States with readings of Dickens—dressed as Dickens—offered to do the job.

Lady Megan Lloyd-George, on behalf of the association, accepted the offer and the performance was scheduled for the Royal Festival Hall.

More than 10,000 leaflets, 300 posters and 3,000 tickets were about to be run off for the event. Application for permission to hold the affair was made to the London County Council.

Assuming that Williams would appear in street clothes—and minus a beard—permission was granted. Then someone discovered that Williams preferred to look like Dickens when impersonating Dickens. That involved the performance in an ancient British law which forbids actors performing in costume and makeup on Sunday.

Williams suggested abandoning the costume and growing a beard. It was then pointed out that he would have to dye his hair and beard black, for his hair is white, and a dyed beard might be construed to be makeup.

So, this charity performance had to be called off. Lady Megan Lloyd-George said she hoped it could be scheduled sometime in the future—on a weekday night.

FAIR CHAMPION SOLD

BUCYRUS — A hog, owned by Charles Beal of Mount Zion and the grand champion winner at the Crawford County Junior Fair here last week, brought 40 cents a pound at an auction of Junior Fair pigs Thursday at the Bucyrus Producers' Livestock Barns. It was purchased by the Producers' Livestock Association. The junior fair grand champion lamb, owned by Daniel Luidhard, sold for 31½ cents a pound. Sixteen other pigs sold for an average price of 30 cents a pound.

Made of concrete building blocks, with wooden gables, the building is 40 feet by 100 feet in size and will contain about 60 booths.

It is located just north of the art hall and is painted white. Florescent lights inside make the building ideal for a meeting hall outside fair season.

Gooding Amusement Co. of Columbus will provide the rides for visitors. About 10 rides will be set up at the fairgrounds.

A feature which is sure to attract many persons to the fair is the exhibit by the implement dealers and manufacturers. That group did not have an exhibit last year, but is returning this season.

Several manufacturers and dealers in the area have already indicated they will participate in a display of their merchandise at the fair.

Mule Events Return

A return of the mule races, popular in past years, will provide entertainment for the crowds. These races, with local riders participating, will be held between heats of the trotting races, Saturday, Monday, and Tuesday nights.

Riders will go around the one-half mile track once on their burros. Cash prizes will be offered as an inducement to the racers.

As in the past, Wednesday will be Junior Fair Day. Highlight of the day will be the Junior Fair Parade to be held at 7 p.m. Floats to be entered in the parade will be judged at 4 p.m. Bands from schools in the county will take part in the parade.

The parade will be followed by the presentation of awards and trophies to the young persons who took prizes in the different events during the week.

After the awards presentation, a county talent show will be held in front of the grandstand, to give local youths an opportunity to perform before the public.

Public church services will be held at the fairground on Sunday morning at 11 o'clock. This service is arranged to give the exhibitors

Show Expected To Add Interest

Event Set Aug. 24; Fat Lamb Contest Also New This Year

One of the events in this year's Marion County Fair which is expected to be received with considerable interest is the Ohio Shorthorn Show to be held Tuesday, Aug. 24.

Sponsored by the Marion District Shorthorn Breeders Association, the show will draw over 100 entries from all parts of the state.

Awards Total $700

Livestock owners will be competing for one or more of the 63 cash awards which total over $700. In addition to the cash awards, there will also be 12 ribbons given to cattle which are judged best in their class.

Some 30 different classifications will be filled in the show, ranging from the two-year-old bull to a pair of calves.

A grand champion bull and grand champion female will be crowned during the day. They will be chosen from the animals picked for first prizes in earlier contests.

B. Hollis Hanson of Hanson Hts. Farm in Connersville, Ind. is scheduled to be the judge of the event. Robert Rea of Morral is chairman of the show and in charge of running the affair.

Lamb Contest

Another new event which is expected to cause interest this year is the fat lamb contest in the sheep department. This is for ewe and wether lambs born after Jan. 1 this year. Premium money has been donated by members of the Marion County Sheep Improvement Association.

Certain to be of interest to the fair visitor will be the display put on by the implement dealers of the county. Many dealers in the area have agreed to show new farm merchandise.

vided entertainment for the persons attending the fair.

Four Scheduled

Counties in Area Prepare September Fair Activities

September will be Fair Month for most of the surrounding counties.

With the exception of Crawford County, which sponsored its five-day program Aug. 3-7, and Morrow County, which will present its 104th annual fair Aug. 18-21, neighboring towns will be decked out for the colorful fair activities next month.

—:—

OVER $5,000 in premiums will be given to prize winners at the annual Morrow County Fair in Mount Gilead, starting Aug. 18, according to Walter Hardesty, president of the Morrow County Agricultural Society. Purses during the three-day race program will total $5,200 with four two-heat races scheduled Aug. 19, 20 and 21. Pony races will be run between heats.

The usual midway, farm machinery displays, new automobile exhibits, livestock shows and produce displays will round out the annual show. Special events such as tractor pulling contests, 4-H style show and health contests and special cattle shows will be held during the four days. Night attractions will be presented each night except Saturday, Aug. 21.

A county-wide religious service at the grandstand will open the 1954 Wyandot County Fair at Upper Sandusky, Sunday, Sept. 12, with actual fair activities slated to get under way on Monday. Rev. Norman Somerville of Galion will be the speaker for the opening service.

The feature of the six-day program will be a grand parade on Saturday including stock, machinery, the floats. Night programs before the grandstand will start on Aug. 14 while harness races will be scheduled Wednesday, Thursday and Friday afternoons.

—:—

THE DELAWARE COUNTY fairgrounds will open Sept. 20 for a five-day stand highlighted by grand circuit harness racing and the famed Little Brown Jug.

Union County's fair program is scheduled from Sept. 15-18 at Marysville while the Hardin County fair gate will swing open Sept. 27 for five days of actvity.

The only independent fair in the area, a traditional yearly event for many years, will open at Richwood Sept. 4 for three days.

Some 20 trophies will be awarded in the Junior Fair division. They are being sponsored by various village businessmen and organizations.

Special interest will be focused on the Grange exhibits where a large rotating trophy will be awarded the winning entry. Permanent possession of the trophy will be awarded when a Grange wins it for three different years.

The racing program will get under way at 1:30 p.m. on Saturday and Monday with a two-year-old trot, 2:24 trot and 2:24 pace scheduled Saturday afternoon. On Monday, a two-year-old pace, 2:20 pace,

Youth Activities

Full Schedule Slated For Junior Fair Day Programs on Aug. 25

Members of Marion County 4-H and FFA Clubs will combine for one of the biggest junior fairs ever seen here at the County fair.

Fair officials predict Junior Fair Day, Aug. 25, will be jam-packed with interesting events, put on by farm youngsters. Junior Fair Day will open with a tractor operators contest at 9 a.m. and close with the county talent show at 8:30 p.m.

The four finalists who will compete in the tractor operators contest were selected from 45 youths who competed in a preliminary contest early this month. The four youths will go through three courses with the winner advancing to the state fair.

The youths will: 1. drive through an obstacle course with a side delivery rake; 2. pull a wagon out of a shed and back it in; 3. belt a tractor up to a pulley.

Also beginning at 9 a.m. will be demonstrations in the Ohio Edison tent. Demonstrations will include many phases of rural living, such as grading eggs, calling chickens and preparing dairy animals for a show.

At 1:30 p.m. the Junior Fair Livestock Judging Contest will begin. Included in the judging will be dairy and beef cattle, sheep and hogs. Although there is no age limit for the contest, the winner must be 14 years old or over to compete in the state fair.

Judging of floats, built by 4-H and FFA clubs, will begin at 4 p.m. Built around themes of rural living, the floats will be seen in the parade which starts at 7 p.m. The parade, which will be held on the Coliseum track, will include livestock, bands and prize livestock

Fair Officials Predicting Record Entry

6-Day Event Begins Here On Saturday

Addition of Shorthorn Exhibition, Fat Lamb Show To Increase Lists

The largest showing of livestock in the history of the Marion County Fair is expected when the annual event opens Aug. 21 to run for six days.

Don Clements, fair board president, said he expects the large turnout of livestock because of the addition this year of the Ohio Shorthorn Show, an event which is expected to bring more than 100 head of cattle and breeders from all parts of the state.

Another event which is new for this year's fair is the fat lamb show, which Clements thinks will bring about 80 entries. This event is open to residents of Marion County and all other counties which allow local farmers to participate in their fairs.

Racing Scheduled

Again this year, harness racing will be held three nights, Saturday, Monday, and Tuesday. Purses totaling $6,000 are offered as well as 12 trophies supplied by local business firms.

An improved fairgrounds will greet the visitors to the fair this year. A new 4-H building, for exhibits by members of clubs in the county, was completed this sum-

23 Divisions

Wide Range of Domestic Exhibits Offered Women

Marion County women desiring to enter exhibits in the 1954 Fair will find an extensive variety of fields for their handiwork.

Under the superintendency of Mrs. Lawrence Kline, the Domestic Department this year has 23 separate divisions under three different classes.

—:—

THE FIRST CLASS, concerned with food, is composed of six divisions. They are jelly, preserves, jam, canned fruits and vegetables, butters, and baked goods.

In the needlework classification, a total of 13 divisions are found. They include quilts, coverlets, rugs, crochet work, knitting, white cotton embroidery, colored embroidery, cross-stitch, applique, Swedish embroidery, needlepoint, machine-made garment, and infant's garment.

The third classification, flowers, is composed of four divisions. The first one is for a specimen of a flower with all leaves attached; the second, artistic arrangement for special placement; the third, artistic arrangement for flowers, fruits or vegetables; and the fourth, arrangement with no restriction as to material or container.

—:—

MEMBERS OF THE younger set may participate in a style revue and a nutrition revue on Tuesday, Aug 24. Set up as an activity by the Junior Fair Board, the nutrition is scheduled for 10 30 a m , followed by the style revue at 1:30 p m.

Margaret Ruhl and Jeanne Parker are Junior Board members in charge of the nutrition revue It is divided into two classifications, home economics and 4-H.

The home economics sub-divisions are canned food, frozen foods, jelly, jam, preserves, cake, cookies, bread and rolls, and pie.

The 4-H sub-divisions are sandwiches, salads and summer drinks; let's cook; prepare meals; food preservation; baking is fun; cakes and cookies; and yeast bread, rolls and pies.

Clifford L. Campbell

THE GUIDING FORCE behind activities at the fair are the four officers of the Marion County Agricultural Society. Three of the four officers are elected by members of the society while the fourth is appointed by the fair board.

President of the board is Don Clements, elected from Montgomery Township. Clements is serving his 10th year as an agricultural society officer.

Harry Hall, vice president of the society, is in charge of two departments at the fair. He is handling the Grange and Farm Produce departments.

Board secretary Clifford L. Campbell is the only officer not elected by members of the society. Campbell, from Morral, is appointed to his post.

Responsible for bookkeeping and money matters at the fair is Victor H. Kreis, board treasurer. Kreis is from Richland Township.

18 Fair Board Members Plan For Exposition

Small Group Handles Groundwork, Arranges Shows and Exhibitions

Groundwork for the annual Marion County Fair is done by 18 directors of the Marion County Agricultural Society, commonly known as the Fair Board.

Elected by members of the society, the board members carry on the "behind the scenes" activities for the fair, both planning and physicial work. The members elect a president, and, in turn, are appointed by the president as superintendents of departments.

President his year is Don Clements from Montgomery Township. Other officers are Harry A. Hall, Salt Rock, vice president; Victor H. Kreis, Richland, treasurer; and Clifford L. Campbell, Morral, secretary. Campbell is hired by the board.

An executive committee, composed of William Guy, Frank Foster and Clyde W. Hinamon, handles minor jobs throughout the year. Overseeing and repair jobs, which don't require full approval of the board, are among the executive committee's duties.

Anyone belonging to the agriculture society is eligible to run for the board. Elections are held in December with every society member who buys a membership ticket eligible to vote.

Six members of the board are elected each year. Directors whose terms expire in 1954 are Earl W. Seckel, Claridon; W. M. Rhoads, Grand; Frank M. Foster, Marion; S. P. Lauer Sr. Prospect; G. R. Baldinger, Tully; and Joe Vogel, Scott.

With terms expiring in 1955 are Harry Laucher, Pleasant; H. L. Beaver, Green Camp; Clyde W. Hinamon, Grand Prairie, Harry Hall, Salt Rock; Gomer Johnson, Bowling Green; and William H. Guy, Marion.

Directors whose terms expire in 1956 are as follows: Paul W. Augenstine, Marion; J. G. McNamara, Marion; Don H. Clements, Montgomery; Victor H. Kreis, Richland; Earnest Fogle, Big Island; and Edward Bender, Waldo.

County Dealers Plan Exhibition Of Implements

The latest machines and equipment for farming will be displayed by Marion implement dealers at the County Fair, equipment superintendent William H. Guy said.

Guy predicted heavy interest in the equipment displays this year. He said no major equipment companies will display at the state fair this year, creating more interest for county fairs.

Among the equipment to be displayed are new model tractors, a self-propelled combine, a straw and stalk chopper and a new type corn harvester Guy said the new harvester saves shell corn and can be adjusted to blow fodder on the ground or into a wagon.

The implement dealers, returning to the fair after one year's absence, will be located in their former spot, north of the 4-H building under the trees.

Guy also announced a tractor pulling contest will be held Thursday, Aug. 26, at 10 a.m. Open to all farmers in Marion and surrounding counties, the contest will have four classes: Class A, up to 3,800 pounds; class B, 3,801 to 5,100 pounds; class C, 5,101 to 6,800 pounds; and class D, 6,801 pounds and over.

THE RIGHT ANSWER

NASHUA, N. H. (UP) — Daniel Maguire, charged with making an illegal left turn, was asked by Judge Bolic Degasis if he had anything to say. "I want to say the officer was alert, vigilant, and he did his duty." Maguire replied. The charge was filed.

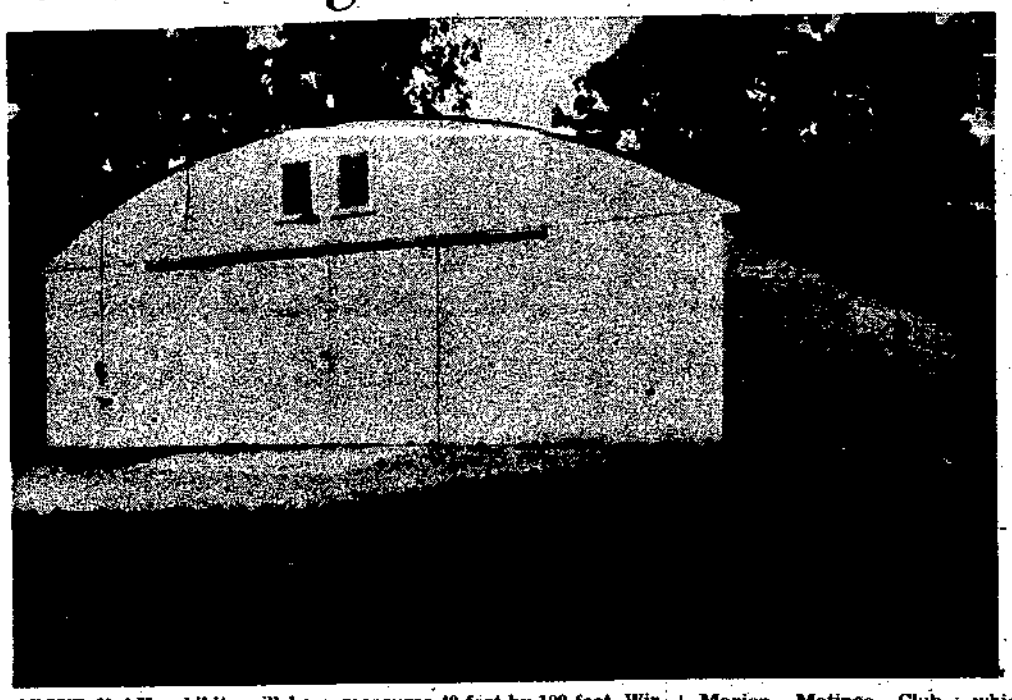
New Building To House 4-H Activities



ABOUT 60 4-H exhibits will be shown in the new 4-H building just completed at the fairgrounds. The building was erected for the use of 4-H Clubs in the county during fair week and as a meeting hall after the fair season. It has a concrete floor and portable chairs may be set up inside to prepare the structure for meetings.

The new building is located just north of the art hall. It measurse 40 feet by 100 feet. Wiring was just completed last month, with flourescent fixtures providing the illumination. The new building is made of concrete blocks topped with wooden gables. The addition of this new structure raises the number of buildings at the fairground to 20. A fire earlier this year destroyed one horse barn, but fair officials expect no space shortage to result. They point out the Marion Matinee Club, which erected a new club house and barn this year, has offered to bed down any extra horses which are present for the speed program. Other improvements have been made in many of the buildings, with many receiving a fresh coat of paint. In addition, the hog barn has been completely remodeled with a concrete floor and new pens highlighting that improvement.

STRANGE TREASURE

WASHINGTON (INS) — A glacier in the Beartooth Mountains of southern Montana carries a strange cargo in its icy depths —millions of dead grasshoppers. Over the last 600 years waves of the insects attempted to migrate across the glacier. For some reason not fully explained, they failed to complete the passage and were entombed in snow.

Confident Living

By NORMAN VINCENT PEALE

How To Clear Your Mind

I recently read of an experiment at a university where an electric needle was used to touch certain sections of the brain. The scientists found that the people who were the subjects of this investigation remembered things they had forgotten for as long as 50 years.

DR. PEALE

But you do not need an celectric needle to stimulate those memories and thoughts which make for unhappiness.

These buried things from your past are the unhappy thoughts that dominate your subconscious mind and create obsessive ideas, the kind that prevent you from having peace of mind. The only way to clear your mind of these unhealthy thoughts is to practice flushing out all your fears and doubts and guilt feelings. This isn't an easy job, but by working at it you can create a happier mental state. A mental catharsis can be effective if it is persistent and if it is done systematically.

—:—

HOW DO YOU go about it? One way is to arise every morning and practice the technique of affirming, "I am emptying my mind of all fear, all hate, all prejudice, all inferiority and weakness." Your wastebasket can help you. Use the skill of imaginative action. Picture al mental debris as being thrown into the wastebasket. I know you can't literally take a thought out of your mind and empty it into your wastebasket, but the symbolism of the concept is helpful in inducing the subconscious mind to cleanse itself.

Or, if you prefer, think of your mind as the basin of a sink. When you want to let out the soiled water, you pull out the stopper and it goes down the drain. If your mind is full of unclean and unhappy thoughts, mentally picture yourself as removing a stopper in the mind and visualize the soiled thoughts as flowing out. Then put the stopper back again and turn on the faucet of inspiration and right thinking to fill up with good, fresh, clean thoughts.

—:—

DOES THIS sound so foolish and simple that an intelligent person wouldn't try it, however filled with unhappiness his mind might be? Well, now, who is an intelligent person? Is he not the man who has the capacity to be simple? All the great men I have ever met have had a simple, humble, almost childlike quality to their minds. Smaller men need the support of big words to cover up their inadequacies.

One man of great ability became interested in this sink and stopper technique and was actually trying it out in his bathroom when his wife found him one morning, as she said, "muttering into the sink." She asked what he was doing and he answered, "I'm emptying my mind."

"The way you're acting," she told him, "I'd have guessed your brains were going down the drain."

"No," he replied, "not my brains but my fears and my hate. After I wash them all down, I'm going to fill up with great thoughts of courage, faith, love, goodness and optimism. Believe it or not, I think I'm a changed man since I started this. It's the greatest technique I've ever found to dramatize to myself what I want to do with myself."

—:—

IT IS TRUE that you can change your mental processes by the employment of mental images. Imagination does not refer to fantasy or something non-existent, but rather, it is the use of images or pictures of a mental nature.

By a powerful law of nature and personality, that which is persistently pictured in the thoughts tends to actualize as a fact. So to be sure you become what you really want to be, it is important to clear the mind of everything except those attitudes which will bring the best to pass.

Local Derby Champion Leaves for Final Race

Marion's representative in the 17th All-American Soap Box Derby has left for Akron for participation in the big race Sunday afternoon.

Bobby Whitman of LaRue, winner of the Marion Lions Club derby last month, together with his mother and Col. John Phelan and Dr. W. A. Ranck, co-chairmen of the past derby, left by car Thursday for Derby town.

Whitman, Marion's derby winner, is the son of Mr. and Mrs. Robert Evans of LaRue. He is 14 and will be a freshman at LaRue High School this September.

Approximately 45 youths who participated in the past Marion Derby will leave Sunday morning for the All-American event.

George Schwab, chairman of post derby activities, announced that boys wishing to witness the race in Akron should be in front of the Courthouse Sunday between 8:30 and 9 a.m. to pick up their derby tickets.

The Lions Club is furnishing a free ticket to every participant in the past derby here and also to anyone with a private car who will drive three or more boys to the derby.

$450 ART FIND WORTH MILLION. This is a reproduction of a painting bought four months ago by Dr. Hanns R. Teichert of Chicago for $450 and now said by an expert to be worth more than one million dollars. Dr. Maurice H. Goldblatt, director of art galleries of the University of Notre Dame, says it is a Leonardo da Vinci "Madonna and Child" and is painted in oils on wood. He said an amateur had overpainted parts of the figures. A New York antique dealer sold the painting to Dr. Teichert.

9 Handicapped Children End Summer Camp Visit

Nine camp-happy youngsters arrived home today from Camp Pittenger tanned and pubbling over with accounts of two weeks jampacked with fun and excitement.

Two whole weeks of getting acquainted with some 90 other children from all parts of Ohio, days filled with games, learning new crafts, and getting to know heaps about birds, trees, rivers and nature in general, and nights of gathering around the campfire for story hours, playing Indian, and even a circus. There were other evenings of song-fests and games in the spacious recreation room.

The campers, all 96 of them, are handicapped children, and sponsoring the outing was the Society for Crippled Children. Seven of the nine children from Marion were sponsored by the Marion County Society for Crippled Children and two by the Rotary Club. Transportation to and from the camp was arranged by the Rotarians.

—:—

THE CAMP program was just what any program for boys and girls ranging in age from seven to 17 would like. Perhaps they didn't get around as speedily as they might if it weren't for their handicap, but it didn't seem to bother them. Counselors were on hand and the hardier ones helped those who had to have mechanical transportation or assistance in getting places.

The children learned all kinds of crafts—they made bracelets, purses, leather belts, tile table mats which they painted, did finger painting, and those with an artistic touch painted water colors. There was swimming, boating, a horseshoe court, archery, fishing, rifle range and many other activities to take up the time, of which there seemed to be too little. For several hours each afternoon the children rested in their cabins and bedtime was 9 o'clock. Circus night, which was Wednesday, there was the special privilege of staying up until the end of the show. This meant an extra time resting in the cabins in the afternoon. "Travel Night," which was last evening (this meant going home) the children chose some place or mode of travel and dressed the part. Indian Night was a colorful event with children from the various cottages representing some Indian tribe and there was nothing lacking in the way of feathers and bows and arrows. The campfire was lighted by a flame from the heavens. During the camping period some of the hardy braves, well protected by counselors, slept out-of-doors for a night.

—:—

THE CHILDREN earned their meal-tickets, on three occasions. One day they presented a letter or postcard to the home folks, before entering the dining room; on another day an article, story, poem or picture that can be put into the camp newspaper and another a note of thanks to the sponsors. "Store" was held four times a week and at this time the campers purchased postcards, ice cream, writing paper, candy and other articles. The limit on the purchase of candy was 10 cents.

The children lived in cottages well supervised by counselors. Supervising the camp is Miss Marguerite Whipple of Dayton, a member of the staff of Gorman School for Crippled Children in that city, and Julian Gardner of Napoleon, representative of the Ohio Division for Crippled Children. On duty are 20 counselors, provided by the Ohio Society for Crippled Children.

On hand also to see that all goes well is a full-time nurse and two doctors are on call at all times.

The kitchen staff, which is on duty at the camp throughout the summer, is supplied by the Tiffin YWCA.

The camping period for the children, sponsored by the Ohio Society for Crippled Children, is for children from all parts of the state and is financed through funds provided by the Ohio Society and contributions from interested persons. Marion County residents help through their contributions to the annual Easter Seal Sale.

Another two weeks' outing for crippled children will open next week.

A demonstration on how to show cattle was given by George Stevens when the Martel Lads and Lassies met Monday at the home of Charlotte Stevens near Martel. The following were named by the president, John Landis, to arrange for a booth at the Marion County Fair: Bob Vaughn, Phil Leathem, John Burkhart, Charlotte Stevens and Raymond Barr. A meeting Aug. 30 will be with John Landis of near Martel.

Farm Pond Tour Scheduled Monday in Crawford County

BUCYRUS — Plans were completed for the farm pond tour to be held Monday afternoon in the Bucyrus-Galion area under sponsorship of the County Divide Soil Conservation District, the agricultural extension service and the soil conservation service.

Ponds to be visited are on the farms of Fred Gehret, LaVern Eichhorn, Harold Shifley and Herbert Shifley. Purpose of the tour is to acquaint farmers with the advantages of ponds as well as improved methods of design, construction and management.

Meet at Bucyrus

The group will assemble at the Bucyrus postoffice at 1 p.m. with the first stop at 1:15 at the Gehret farm, three miles east of Bucyrus at the junction of State Routes 19 and 100. The Gehret one-fifth acre excavation is used for livestock and recreation.

At 2 p.m. the group will view the newly-constructed one - third acre pond at the Eichhorn farm, located seven and one-half miles southeast of Bucyrus State Route 100. The pond was built last October to furnish water for livestock.

At 2:45 p.m. the group will stop at the Harold Shifley farm pond, one mile west of State Route 100 on the New Winchester Road. The last stop at 3:30 p.m. will be at the Herbert Shifley farm, two miles northwest of Galion on the Brandt Road. Persons may join the tour at any stop. County Agriculture Agent Russell Miller, SCS Technician Robert Mills and Joseph Nucifera of the Ohio Division of Wildlife will assist in explaining construction and management features.

40 Ponds Built

Mills explained that in the last 10 years nearly 40 ponds have been built by farmers in Crawford County, who are cooperating with the Divide Soil Conservation District. Numerous others are planned for future construction with technical help in survey and design before and during construction being furnished by the Soil Conservation Service.

Chief purpose of pond construction, according to Mills, is to relieve problems of water shortage or for recreation and fire protection. Most ponds are stocked with fingerling bass and blue gills with production largely dependent upon care and management.

Contrary to the usual belief, very little drainage or watershed is necessary, Mills pointed out. Three acres of watershed (surface water) will provide ample water for a one-third acre pond which averages five feet deep and has a maximum depth of 8 to 10 feet. Fencing to keep livestock out of the pond area is absolutely essential, Mills said.

Sheriff Obenour Talks At Green Camp Meeting

The Green Camp Lions Club met Tuesday at the Green Camp High School. In charge of the dinner meeting was the president, Merle Lashey Jr.,

Cicero Diehl, chairman of the Lions Jubilee announced a profit of $407 from the event.

Program chairman for the evening, Cicero Diehl, introduced the speaker, Sheriff Glenn Obenour who spoke on the conditions and circumstances of the county jail.

Guests of the club were Bobby Flack, Philip Seiter, Tommy Baer, Melvin Sheppard and Gary Reynolds. All of these boys were Soap Box Derby contestants sponsored by different members of the Lions Club. Each boy was awarded a gift of appreciation from the club.

Serving the dinner for the evening was the Methodist Women's Society of Christian Service.

Marion's Newest Long-Established Financial Association

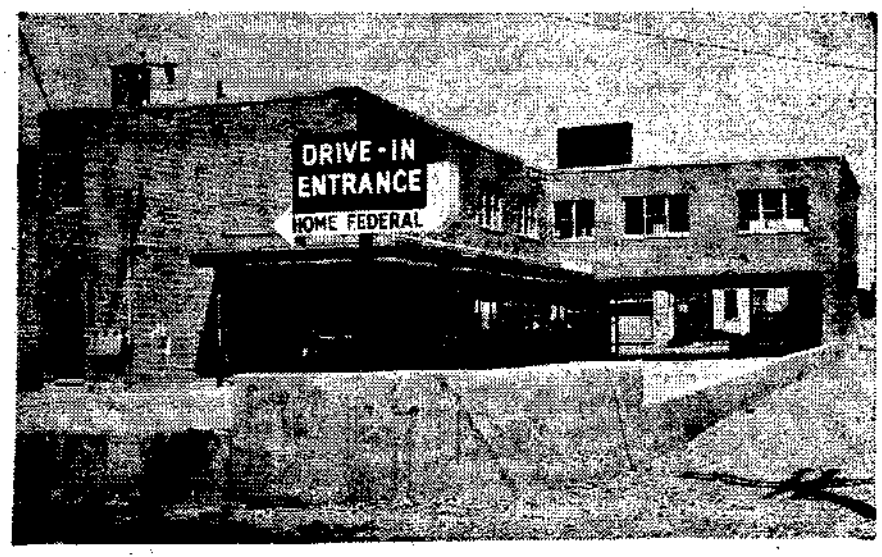
The Completely New Home Federal Savings and Loan Association Building, 137 S. Prospect St., Occupied Over a Year

Like the Marion County Fair community enterprise, we are growing prouder each year of our age. There are matters, however, in which we take even greater pride: Our new, modern, air-conditioned building; our window at which you may remain in your car while transacting business; our private parking lot; our modern new office equipment for speedier service.

Even those factors enumerated are far secondary to the fact that our business growth is keeping pace with community growth. Thrifty folks have the highest total of savings here, in our history. More families are becoming property owners with the help of Home Federal Mortgage Loans.

While past and present both are pleasing to members, officers and directors of the association . . . we never forget the future and its possibilities for expanded service.

Everyone is invited to join the association and have a part in its activities. There are no initiation or membership fees.



Approach to Drive-Thru Window and Parking Lot

Save time looking for a place to park by driving alongside our building to window. Enter via alley south of building, from W. Church St. or W. Center St. and exit into S. Prospect St. If business brings you inside, use parking space provided for our customers inside of lot.

04 Years See Huge Increase n Fair's Size

One hundred and four years aft- the Marion County Fair was unded, this year's fair follows ither closely the format of the rst one in 1850 which one notable :ception — its size.

In Novebmer of 1851 the founders the Agricultural-Society banded gether and made plans for the xt fair. Capt. Elisha Hardy rved as the board's first presi- nt, with S. S. Bennett as secre- ry.

On the first fair permium com- ittee were C. B. Mann, William ark and J. Search. That com- ittee distributed $27 in horse emiums, $45 for sheep premi- ıs. $20 for swine premiums, and) in miscellaneous premiums.

The first fairs were eld, oddly ough, on the present Fair- ounds site, at that time des- bed as Copeland's Woods. Later three-acre plot north of Kenton e. was purchased and used as fairground. Still later the pres- t site was obtained in 1862.

Originally it was 37 acres, but 1907 an additional purchase eated a 44-acre fairgrounds.

From the fair's first year, the lf-mile track was known as one the finest in the state, and horse cing became quite an attrac- n for fair-goers.

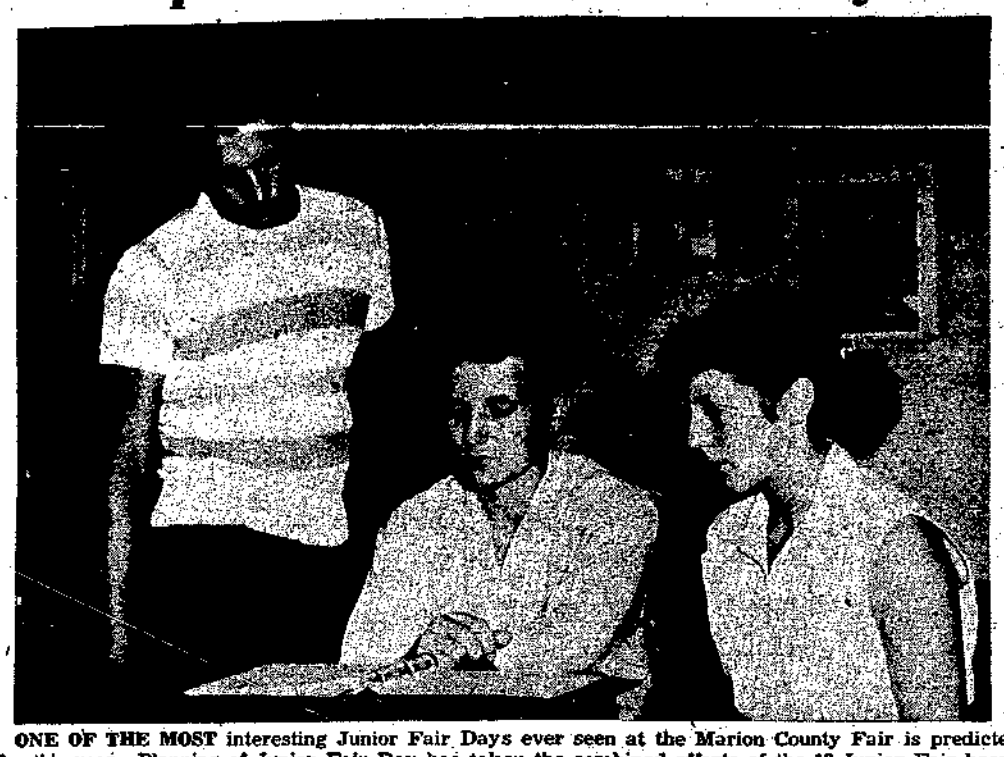
22 Cooperate on Junior Fair Day Plan



ONE OF THE MOST interesting Junior Fair Days ever seen at the Marion County Fair is predicted for this year. Planning of Junior Fair Day has taken the combined efforts of the 12 Junior Fair board members, 6 associate members and 4 advisers. Shown in a planning meeting are Paul Augenstein, president; Ellwood Parrott, adviser; and Nancy Ruth, secretary. Wednesday, Aug. 25, will be Junior Fair Day.

EMPLOYMENT RISK

HARTFORD, Conn. — (UP) — James J. Hughes, injured in a fall in a company parking lot while walking to work, was entitled to receive unemployment compensation benefits, the state supreme court ruled. "Walking across company property to and from work can reasonably be considered an incident of the employment," the court said.

Department of Highways Plans New-Type Display

A new-type trailer display, replacing the usual tent exhibit, will be presented by the State Highway Department this year at the Marion County Fair.

The highway display will be similar to those shown in previous years in the tent. It is based on a picture story of improvements in Ohio highways, including pictures of the 1½ million dollar project south of Delaware on U.S. 23.

The sides of the trailer will fold out and visitors can walk around to see the display. The display will be lighted with florescent tubes.

Fair

(Continued From Page 1B)

as well as any early visitors to the fair an opportunity to attend church.

Sunday afternoon and evening, the WLW Midwestern Hayride program will be presented. Times for the performances are 2:30 p.m. and 8 p.m.

Livestock judging, which will be held in the Junior Fair Building and the Coliseum, will begin Monday morning at 9 a.m.

To be judged the first day are sheep, swine, poultry, and dairy cattle, except the Holstein class. Holsteins will be judged Tuesday along with beef cattle. Tuesday will also be the day for the Ohio Shorthorn Show with prizes ranging from six dollars to $16 to be awarded for winning animals.

A nutrition review will be held in front of the grandstand Tuesday morning followed in the afternoon by a style review.

The tractor pulling contest this year should draw more entrants than in the past. It has been lengthened to last all day Thursday instead of just one afternoon. Premiums this year have also been increased to provide added incentive for entrants.

As was the case last year, a national baton twirling contest will be held Saturday afternoon nf be held Saturday afternoon in front of the grandstand. This event is expected to draw contestants from all over the country to compete for the winner's trophy.

Auto Show Finale

The Ward Beam Thrill Show on Thursday night will mark the end of the fair. In this show, daredevil drivers will go through stunts in their automobiles, rolling over wrecked cars, flying through burning boards and other feats.

Adding to the appearance of the fair grounds this year will be the new barn and club house erected during the past year by the Marion Matinee Club.

All barns have been painted in preparation for the fair. A covering has been placed over the cooling pipes in the Coliseum, and fair board officials predict the arrangement will be satisfactory. The floor of that building will be dampened to reduce the amount of dust normally raised by the livestock judging.

Membership cards to the Marion County Agricultural Society, which governs the fair program, will be available from members of that group at the fair.

Clements said he expected a larger turnout this year than last. He pointed to the Ohio Shorthorn Show and the display of the implement dealers as the main reasons for his optimism.

Youth

(Continued From Page 1B)

from exhibitors, as well as all floats.

Presentation of trophies and awards won during the day will be made beginning at 8 p.m.

Winding up Junior Fair Day will be the talent show, made up of 4-H and FFA youths. An Ed Sullivan "Toast of the Town" type show is planned with David Moyer of Pleasant as master of ceremonies. Dance acts, vocal and instrumental selections and pantomimes will be included in the show.

Connecticut claims that the first Methodist Church in New England was built at Easton, Conn., in 1790.

SPECIAL RULES COVERING THE JUNIOR FAIR

1. Any boy or girl under 21 years of age on Sept. 1, who attends a Marion County School or belongs to a Marion County 4-H Club or is an active member in an FFA or FHA chapter, is eligible to exhibit in the Junior Fair. The rules of the Marion County Fair and the special rules of the Junior Fair will govern all exhibits and participation.

2. No entry fee is charged for entries in the Junior Fair.

3. Entries must be made according to the rules governing the departments.

4. Exhibits must be reported to the proper department superintendent before space or pen assignments will be given.

5. All Junior Fair exhibits, unless otherwise stated, must be in place by 6 p.m. Saturday, Aug 21

6. Each exhibitor is responsible for having his exhibit properly tagged as to department, name of exhibitor, breed or variety.

7. No exhibitor shall be allowed more than two entries in any class.

8. In case of only one exhibit in a class the judge shall decide whether first or second premium shall be awarded.

9. Any exhibit deemed unworthy of consideration shall be barred from showing and receiving an award.

10. Any exhibit except food removed before 6 p.m. Thursday of the Fair Week will not be eligible for awards. All food exhibits must be removed between 4 and 6 p.m. Tuesday. Any food left after 6 p.m. will be disposed of.

11. Arrangement should be made to remove all exhibits before 9 p.m. Thursday. Exhibits left after 9 p.m. are left at exhibitor's own risk.

12. Any exhibitor in the Junior Fair shall be eligible to exhibit in the open classes by making the proper open class entry as stated in the rules and regulations of the Marion County Agricultural Society.

13. Passes will be furnished all bona-fide exhibitors over 12 years of age, advisors, home economics and vocational agriculture instructors.

14. Passes must bear the name of the owner in ink, and must be carried at all times when on the fair grounds.

15. Passes will be issued when the exhibit is checked in at the fair grounds unless other arrangements are made within the department.

16. Passes are not transferable. A pass found in possession of an individual other than the person to whom it was issued will be taken up and no other will be issued.

17. Premiums will be paid in accordance with the premium list set up for each department providing no prorating is necessary.

18. Prorating will take place on the premiums and special awards for transportation if sufficient funds are not available.

19. Junior Fair board members and the advisor assigned to each department will cooperate in making decisions. They will handle all details pertaining to their department and be responsible for orderly and attractive arrangements of exhibits.

20. Any circumstances arising which are not governed by Junior Fair rules will be subject to the jurisdiction of the Junior Fair board committee and advisor to that committee.

21. Any Junior Fair exhibitor having a part in creating a disturbance while on the fair grounds will automatically forfeit his premium money.

22. Those wishing to camp on the fairgrounds will register at the Junior Fair office before selecting a camping site.

MARION COUNTY FAIR

We, at The Marion Water Company, though 61 years young by comparison to our state's 151 and the county's 104 years, pay tribute to those leaders of our community, both living and past, whose foresight, planning and untiring efforts have made our state and county the finest in the nation today.

To the people of our community, too, goes much of the credit for what has been accomplished, for without the desire of each individual to better himself and his family and community, able leadership could not have met with such distinguished success.

We say "Well Done" for the many past civic achievements such as the Fair and may you enjoy continued success in the years to come.

. . . and to all visitors we recommend our water as a most refreshing drink

Frank Foster

J. G. McNamara

Harry Beaver

A TRIO OF MARION County Agricultural Society directors are in charge of the speed department at the fair. They are J. G. McNamara, Frank Foster and Harry Beaver.

Races will be held three nights at the fair, Saturday, Monday and Tuesday, with a total of 12 races to be run. The trio has the job of arranging races and seeing they are carried out according to regulations.

Foster also is a member of the society's executive committee which carries out minor duties throughout the year. Other members are William Guy and Clyde Hinamon.

Purses Total $6,000

3-Night Harness Racing Program Slated at Fair

Three nights of harness racing have been arranged for the speed program at the Marion County Fair beginning Saturday, Aug. 21, by the Speed committee.

Purses totaling $6,000 are being offered for the races, which start on opening night, Aug. 21, and continue Monday and Tuesday nights.

Four events, each with two dashes, will be run each night over a distance of one-mile. Each event will have a purse of $500 and a trophy offered by a Marion business concern.

The opening night program Saturday will include a two-year-old National City Bank pace, two-year old Marion Plant Life trot, 20 class Hotel Harding trot and 20 class Houghton Sulky Co. pace.

The three-year-old Carl's Auto Parts trot, 17 class Hughes Mortuary pace, three-year-old Albert & Adams Studebaker pace, and 17 class Wise's Super Market trot will make up the Monday night.

On Tuesday night's card will be the 24 class Green Camp Elevator trot, Danner Buick free-for-all-pace, 24 class Safety Cab pace, and Dugan Store free-for-all-trot.

Frank Foster, J. G. McNamara and Harry Beaver are members of the Speed committee.

There will be pari mutuel betting.

AGE PROBLEM

FORT WORTH, Tex. (UP) — A Fort Worth woman accused a 25-year-old woman of stealing her social security card and told police it was "embarrassing." "I'm 33 and everyone knows it," she explained. "They'll all think I was trying to pass for 25."

Church Service Slated Sunday at Grandstand

Rev. J. R. Dallas, pastor of the Lee St. Presbyterian Church, will conduct church services Sunday, Aug. 22, at the Fairgrounds Grandstand. Everyone is invited to attend the services which start at 11 a.m.

Middle age is when the bitterness of the realization that you will never climb any mountains is counterbalanced by the knowledge that you'll never fall off one, either.

"FREE AND CLEAR"

THESE ARE wonderful words — "free and clear." If your farm is free and clear, you can stand in the doorway of your home, look across the fields and say to your family: "No matter what happens here is something to tie to." You can say to yourself: "When the farm work gets too heavy, here is something to depend on."

This is the sort of thing which life insurance helps to bring about — to guarantee that the farm will be free and clear. There are many ways to go about setting up this sort of guarantee. At your convenience we would like to tell you about them. Just drop a note or call us on the telephone.

Gilts in C. of C. Program To Be Judged at Fair

Three gilts sponsored by the Chamber of Commerce agriculture Committee will be shown at the Marion County Fair this year.

Under rules set up by the committee for the program of giving a start to young farmers, the gilts must be shown at the County Fair one year after they were given to the youths.

Showing the gilts this year will be Roy Klingel of near Marion, Ralph Russell of near Prospect, and Mannas Boger of near Cardington. They were given gilts by the Chamber in 1953.

All three gilts have raised one litter this spring. That was another requirement which the boys agreed to when the gilts were given them.

The animals will be judged according to the Junior Fair regulations, with premiums given for class A, B, and C. The judge of the hog division of the junior fair also will be judge of the Chamber gilts.

Those youths who were given gilts under the Chamber program this spring may exhibit this year if they desire. However, their animals will not be exhibited in the Chamber division. Next year, they will be required to show their animals.

Chamber advisors for the three boys are Joe Davis for Boger, and Fred Hoch for Klingel and Russell. These two men had the responsibility of seeing provisions of the contracts signed by the boys were followed. Roy Holdridge is chairman of the Chamber Agricultural Committee.

50% better mileage--

NOT 5¢ FOR REPAIRS IN 34,400 MILES!"

Here's the typical performance record of GMC Hydra-Matic trucks as being reported from all parts of the country*

A WHOLESALE BAKER, supplying his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.

Here's what their carefully kept records show:

The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.

In use now up to 34,400 miles, not a nickel has been spent on repairs for any one of them.

Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.

Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.

And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ!

Now, how about *you?* From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.

Agricultural Division
OF JUNIOR FAIR

AGRICULTURAL RULES

1. Entries for all agricultural exhibits shall be made on a Junior Fair entry blank.

2. All Future Farmers of America exhibits must be from a project or other supervised practices regularly elected and conducted during the 1953-1954 school year by high school or seventh and eighth grade vocational agricultural students. Part time students under 21 years of age (on Sept. 1, 1954) may exhibit if they were enrolled in a young farmers' association that held at least ten sessions of systematic instruction during the 53-54 school year. Part-time students who are high school graduates and meet the above age requirements will be limited to exhibiting in three successive fairs following graduation. Entries made by part-time students must be from regularly conducted projects the same as in the case of all-day students.

3. All 4-H members exhibiting or participating in the agricultural division of the Marion County Junior Fair must belong to a 4-H club in 1954. All exhibits must be from projects selected and cared for or made by the exhibitor in the current club year.

4. Shop exhibits must have been made during the 1953-54 school year by Vocational Agriculture or non-vocational boys enrolled in farm shop classes.

5. Each agricultural exhibit must be accompanied by the Vocational Agriculture or 4-H project record for the project or other supervised practice exhibited. Each book should be complete and up-to-date as of Aug. 1, 1954, and its condition must be vouched for by the exhibitor's Vocational Agriculture instructor or 4-H club advisor. Junior Fair Board members and advisors in charge of each department must check the project records to determine that they cover the projects exhibited before premiums will be awarded.

6. All exhibits are to be made in accordance with the exhibit requirements for the project.

7. All exhibits will be graded and premiums and ribbons awarded on the A, B, C basis.

8. Championships will be offered in all breeds, unless deemed unworthy by the judge.

9. All crop exhibits must be in neat and attractive containers furnished by the exhibitor.

10. Crop exhibits shall be from the 1954 season.

11. All livestock entered in the Junior Fair must pass health inspection as outlined in the Senior Fair rules.

12. Each exhibitor of livestock must be responsible for the care and feeding of his animals at all times. Feed buckets and troughs must be furnished by the exhibitor. Bedding and pen will be furnished by the Marion County Agricultural Society. All cattle exhibited must be cross tied.

13. Each exhibitor must show his own animal in the ring unless he is unable to do so because of sickness, showing two animals or because two classes in which he has entries are being shown at the same time.

14. Exhibitors are expected to keep pens, stalls, aisles and area around the barns clean, neat and free of hazards so as to be a credit to themselves and agricultural division of the Junior Fair at all times.

Inspection will be made daily and at any hour. The name of the exhibitor found negligent will be posted on the barn bulletin board. Violations must be corrected before the next inspection. A yellow tag will be placed on the exhibits for the first offenses and minor violations. Serious and repeated violations will be marked with red tags. Lack of cooperation and or two red tags shall be the cause for premiums and special awards to be forfeited.

15. A beef calf must have been calved between Sept. 1, 1953, and April 30, 1954.

16. A beef yearling must have been calved between Sept. 1, 1952 and Aug. 31, 1953.

17. A beef cow must have been calved prior to Sept. 1, 1952.

18. A dairy calf must have calved between July 1, 1953, and Oct. 31, 1953. A junior dairy calf must have been calved between Nov. 1, 1953, and March 1, 1954.

19. A senior yearling dairy heifer must have been calved between July 1, 1952, and Dec. 31, 1952. A junior yearling dairy heifer must have been calved between Jan. 1, 1953 and June 30, 1953.

20. A dairy cow must have been calved prior to July 1, 1952.

21. Spring and market pigs must have been farrowed on or after March 1, 1954.

22. Senior pigs must have been farrowed on or after Sept. 1, 1953, and before March 1, 1954.

23. Mature boars and sows must have been farrowed before Aug. 1, 1953.

24. Breed classes not listed will be provided if three or more animals in the same class are exhibited.

25. If less than five animals are entered in either 18 or 19, the classes will be combined.

26. Any ewe lamb shown in the breed class is not eligible for the market class.

27. A hen is a female hatched before Jan. 1, 1954.

28. A pullet is a female hatched after Jan. 1, 1954.

DEPARTMENT I—BEEF

Farmers Recommended

SPRINGFIELD, Ill. (UP)—Samuel R. Guard editor of the Breeder's Gazette, Louisville, Ky., said in a speech here that every delegation on world trade or peace "should have a shrewd farmer in the group.

"He would not only be a sound adviser on the disposal of our surpluses, but he would be able to determine how our American farm know-how might be applied to foreign fields," Guard said. "I have eign fields," Guard said. "I urge the department of state to employ more farmers."

Junior Fair Supervisors

Earnest Fogle

Paul Augenstein

HANDLING THE ENORMOUS task of supervising Junior Fair activities are Earnest Fogle and Paul Augenstein. Augenstein is from Marion Township while Fogle is from Big Island. Youth will be in the spotlight all day Wednesday, Aug. 25, on Junior Fair Day. Included in Junior Fair Day activities will be a tractor operator's contest, demonstrations, a livestock judging contest, float judging and a talent show.

Engine for Sale

BOSTON (UP) — A 60-year-old steam locomotive is looking for a permanent home.

Old 494 is now a derelict at the Billerica shops of the Boston & Maine Railroad. But the newly formed Railroad Community Committee of Greater Boston hopes to restore some of its former glory.

The committee will give the locomotive to any community or organization that provides a proper home, meaning a non-commercial exhibit open to the public.

The committee would like to see Old 494 on exhibition in some public park or village square.

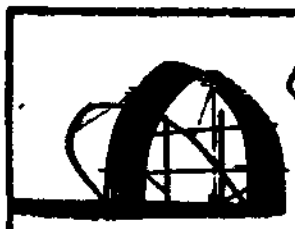
LUMBER AND BUILDING SUPPLIES



From Foundation to Roof Ridge... A Single RILCO LAMINATED RAFTER

Rilco Rafter construction gives you more hay storage space than you'd get in a barn built with ordinary bracing.

Rilco Rafters are continuous from foundation to roof ridge. They are engineered for strong, wind-resistant, barn framing. Factory-fabricated and ready for quick erection, Rilco Rafters are available for every type of farm building.

Let us show you the Rilco buildings your neighbors have built, and help you plan the structures you need on your own farm.

our best reason for buying an *Acrosonic*

Style 945—a unique modern beauty. Light and ebonized finishes.

OUR ten year old must have played and commented on a dozen pianos before we met Baldwin's Acrosonic. Then—it was love at first sight. Here was a spinet just his size (and the proportions were perfect for our living room too). Timidly, he reached for the keyboard—it was love at first touch. The response was instantaneous. Rich full tones rolled out. The Acrosonic may be a spinet but there's nothing miniature about its playing power! Really there are so many reasons why the Acrosonic is a wonderful piano for children as well as adults—we think you should know about them too.

Board Heads Into Fair With $8,007 in Till

The Marion County Agricultural Society concluded its 1953 fair year with a balance of $8,007. With receipts totalling $44,696, including a balance of $4,000 from the 1952 fair, expenditures amounted to $36,688, resulting in the $8,007 balance.

Largest source of income during the 1953 fair came from gate and auto admissions which amounted to $10,396. Concession fees totalled $7,744, while $5,000 was appropriated by county commissioners.

Largest disbursement was $6,200 paid in speed premiums, followed by $3,317 paid for Junior Fair premiums.

Granges in County Plan Fair Exhibits

Eight of the 13 Granges in Marion County will exhibit at the County Fair this year.

Exhibits will deal with Grange activities and accomplishments throughout the year. Printed records of the year's accomplishments and handicraft work will be included in the exhibits.

Exhibits will be judged on how each Grange achieved Grange purposes during the year. Thurman Skidmore of Union County will judge, starting Aug. 23 at 9 a.m.

Judging will be based on theme, originaltiy of idea and materials used, attractiveness, appearance, presentation of Grange principals, farm products, and handicraft.

Among the goals Marion County's Granges have reached this year is $100 from each Grange for the Magnetic Springs polio fund.

Lights Announce Births In Philadelphia Section

PHILADELPHIA (UP) — A "lights on" tradition has been established in Zooks Corner to celebrate the birth of every child born in that 16-home community near Lancaster, Pa.

Albert M. Lohr, started the idea in 1947 when he was slow in taking down his Christmas decorations. The lights were still up outside in April when he took his wife to the hospital to give birth to their fifth child.

Lohr promised his neighbors he would turn on the lights to let them know when his wife left, and again when she returned with her baby.

The originator of the tradition decided to extend the courtesy to all new parents in the area. So far the lights have been on six times.

The most recent "light on" night was May 16 for Mr. and Mrs. Maurice Keene. It was the couple's first child after 19 years of marriage.

"I'll bet you never expected to put lights up here," was Keene's comment.

Climbing School

NEW DELHI (AP) — Prime Minister Nehru has agreed to become the first president of the mountaineering institute at Darjelling in eastern India, at which Sherpa Tensing Norkay, coclimber of Mt. Everest, will serve as an instructor.

The institute, which will open in October, is sponsored jointly by the Central and West Bengal state governments. It will train students in mountain climbing, using the nearby Himalayas as practical classrooms. Tensing is now in Switzerland taking a "refresher" course in preparation for the institute's first sessions.

New Traffic Hazard

MEMPHIS, Tenn. (AP) — Charles W. Hart, 55, came up with this excuse in traffice court:

"A girl leaned out of a car I was passing and squirted water in my face with a water pistol. I was blinded and did not see the car ahead of me stop."

The judge cleared him of a charge of following too close.

DORMITORY ARRANGEMENTS

All boys in the Junior Fair exhibiting livestock projects and desiring to stay on the grounds over night must register at the time of making entry at the Junior Fair office. All of those registering must sleep in the room provided on the west side of the coilseum under supervision of Vocational Agricultural teachers and 4-H advisers. No one in Junior Fair will be permitted to stay anywhere else on the grounds unless by special permission of the associate county agent. All boys must furnish all their own sleeping equipment as well as a cot. Anyone causing undue disturbance will be sent home forfeiting all premiums and without the privilege of staying on the grounds any more that year.

Black Always Chic, Says Women's Clothes Stylist

NEW YORK — (UP) — Stick to black and let colors fall where they may, is the advice designer Mollie Parnis gives to the woman puzzled about what to buy.

The designer called this fall and winter the most colorful fashion has seen in 20 years—with colors including tinted whites, clear blues, greens, reds, pinks, and the basic brown, gray and navy.

"If so much color dazzles you, just ignore it, and stick to black," said Miss Parnis. "You're always sure in black. And this season, it looks as if the woman in black will stand out from the crowd."

FAIR

. . . and see the progress made by the youth of Marion County!

One of the greatest values of a county fair is the stimulation of interest in agriculture for our young people. Each fair marks the culmination of the year's activities for the 4-H Clubs and other farm youth movements. It is an important occasion for them . . . of real benefit in making better future farmers for our community.

Go to the fair! Take your family and friends. You will find the exhibits interesting and instructive, and entertainment plentiful and enjoyable. You will gain a better idea of the importance of agriculture to our community. We heartily congratulate all who cooperate to make our County Fair a success.

Previews of the Coming Attractions at the Local Theaters

HUMPHREY BOGART as Captain Queeg lays down the law to the men of the Caine in the above scene from the technicolor version of the Pulitzer Prize novel, "The Caine Mutiny." It currently is showing at the Ohio Theater.

Ohio Now Showing 'The Caine Mutiny' As Main Attraction

"The Caine Mutiny," the motion picture version of the Pulitzer Prize best-seller by Herman Wouk, is the current attraction at the Ohio Theater.

In technicolor, the film stars Humphrey Bogart, Jose Ferrer, Van Johnson and Fred MacMurray.

During this engagement only, special matinee performances are being held.

Much of the action in the film takes place on the ocean and rips the steel hatches off a combat vessel in the Pacific to reveal the raw emotions seething beneath her decks. Humphrey Bogart plays the key role of Captain Queeg, skipper of the USS Caine, the minesweeper on and under whose decks most of the action takes place.

Jose Ferrer has the role of Lt. Greenwald, the defense attorney at the naval court martial while Johnson is the rugged executive officer who seizes command of the Caine from Queeg during a furious typhoon and is brought to trial for leading a mutiny. Fred MacMurray turns out to be the trouble maker, the real instigator of the mutiny.

Highlights of the film include strange actions of Commander Queeg which display a quality that looks like cowardice under fire, the typhoon, the court martial, the celebration party following the trial and the romance between a young man and a night club singer.

Globetrotters Featured In Marion's Double Bill

"Arrow in the Dust," a technicolor drama of the west starring Sterling Hayden and Coleen Gray, and "Go, Man, Go!" with the world famous Harlem Globetrotters and Dane Clark, will be shown Sunday and Monday at the Marion Theater.

In the former, Hayden is a deserter from the United States cavalry, heading west on a lone trip of adventure, when by pure chance he is faced with the responsibility of assuming leadership of a great wagon train that is under constant attack by Indians. He meets the responsibility, helped by the faith of a girl, and the emigrant train wins through to its destination.

The latter is the success story of Abe Saperstein and his fabulous basketball team, the Globetrotters.

Billed for Tuesday and Wednesday are "Witness To Murder" and "Wicked Woman." The former stars Barbara Stanwyck, George Sanders and Gary Merrill, and heading the cast in the latter are Beverly Michaels and Richard Egan.

"Witness To Murder" is the suspense-packed story of a woman who sees a murder committed but can find nobody who believes her. She herself is victimized by the accused, and failing to convince the police she is hurtled into a defense of her own sanity.

John Hodiak, Barbara Britton and Bruce Bennett are co-starred in the film, "Dragonfly Squadron," which will be the main attraction of the double feature Thursday through Saturday. Completing the billing will be "Fighting Man of the Plains" starring Randolph Scott.

"Dragonfly Squadron" deals with the emergency training of Korean flight cadets just prior to the outbreak of war in 1950 and involves a romantic triangle of an air force major, a Red Cross worker and the wife of an army surgeon. The latter film is concerned with a notorious outlaw who is gunning for the man who killed his brother.

State Theater Scheduled Twin Features All Week

"Jubilee Trail," in technicolor and starring Vera Ralston and Forrest Tucker, and "My Pal Gus" with Richard Widmark and Joanne Dru, will be shown Sunday and Monday at the State Theater.

Billed for Tuesday and Wednesday are "Robinhood of Texas" and "Nagana." The former stars Gene Autry, and heading the cast in the latter are Tala Birell and Melvyn Douglas.

Mark Stevens and Rhonda Fleming are stars of the film, "Little Egypt," which will be the main attraction of a double feature Thursday and Friday. Completing the billing will be "Sierra Passage" with Wayne Morris and Lola Albright.

Saturday only, the attractions will be "Money From Home" starring Dean Martin and Jerry Lewis, and "No Holds Barred" with Leo Gorcey and Huntz Hall.

NEW HAMPSHIRE SET PACE

New Hampshire was the first of the original 13 states to declare its independence of Great Britain and adopt a constitution. The date was Jan. 5, 1776, six months before the adoption of the federal Declaration of Independence.

It takes about 800 pounds of steel for a refrigerator, stove, dishwasher and cabinet sink in a modern kitchen.

DANNY KAYE is seen as a ventriloquist in the technicolor comedy, "Knock On Wood," and is shown with his dummy and Mai Zetterling in the above scene from the movie. It will be one attraction of a double feature Sunday through Thursday at the Palace Theater.

Danny Kaye Stars In Technicolor Hit At Palace Theater

"Knock On Wood," a technicolor comedy co-starring Danny Kaye and the Swedish actress, Mai Zetterling, and "Challenge the Wild," depicting the primitive wilderness of Alaska, will be shown Sunday through Thursday at the Palace Theater as a double feature.

Kaye is seen in the former in the role of a ventriloquist who is forced to seek psychiatric help when his dummy starts speaking back to him. The mind doctor turns out to be Mai Zetterling, with whom Danny immediately falls in love.

While undergoing treatment, Danny unwittingly gets himself mixed up with foreign espionage agents who believe him to be the possessor of certain secret document.

"Challenge the Wild," produced, written, directed and photographed by Frank Graham, took seven years to complete. Graham, his wife and two children are the film's only actors. It tells of the epic struggle for survival of an American family against the rigors of nature and the ever-present menace of predatory beasts.

Starting Friday will be the new technicolor musical laugh hit, "Living It Up," co-starring Dean Martin, Jerry Lewis, Janet Leigh and Edward Arnold with Fred Clark and Sheree North.

The story concerns Jerry Lewis, as a whistle stop station master, who goes to the big city as the guest of a newspaper editor after is has been widely reported he is radioactive and has only a short time to live. Under the direction of a sob-sister, newspaper reporter, Jerry gets the celebrity treatment. Then it is discovered he is very healthy and that the country doctor, Dean Martin, had diagnosed the case incorrectly.

Esther Williams Stars In South Drive-In Film

Showing at the South Drive-In Theater Sunday and Monday will be "Skirts Ahoy."

The technicolor production stars Esther Williams and Barry Sullivan.

Playing Tuesday and Wednesday will be "It Should Happen To You" which stars Judy Holliday, Peter Lawford, Jack Lemmon and Michael O'Shea.

The picture tells the hilarious story of how Judy, playing an unemployed model, won fame, fortune and a "feller." Desirous of making a name for herself, Judy decides to use her meager savings to buy space on a vacant billboard overlooking Columbus Circle where she, at least, can see and enjoy the sight of her name up in lights. A big soap company, which has eyed the bill board for its own advertising uses, gets Miss Holliday to relinquish the Columbus Circle spot for six others strategically situated about the city. The added space blazes her name into the minds of New York's millions and the girl quickly spirals into the celebrity bracket.

Featured Thursday through Friday will be "The Big Heat" which stars Glenn Ford, Gloria Graham and Jocelyn Brando.

It is the story of an ex-cop's singlehanded attempt to destoy a powerful gang.

Playing Saturday night only will be a dusk to dawn show featuring five separate movies. Shown at regular prices beginning with the regular feature that night at 8 p.m. will be "The Cat Creeps," "Give Us Wings," "Trail of Vigelanties," "Cuban Pete," and "Ghost Catchers."

OLD RAZOR BLADES

OAKLAND, Me. (UP) — A new use has been found for old razor blades. The North Wayne Tool Co. has designed a grass trimmer with a cutting edge of old or new razor blades. Shaped like a sickle, the tool's outside bar is slotted to hold nine blades. A fold-up guard gives safety-razor protection—and there is no need for lather.

Reunions.

PERSINGER

Place of the second annual reunion of the Persinger family Sunday was Harrison Smith Park at Upper Sandusky. A picnic dinner was served 52 relatives and guests from New Bloomington, Cloverdale, Elyria, Lorain, Columbus, and Chicago, Ill. Gerald Persinger was elected president; Mrs. Geneva Manring, secretary; Mrs. Robert Persinger, treasurer; and Alfred Schwarz and Jerry Persinger, entertainment committee. All are from Marion except Mr. Schwarz who is a Lorain resident. The reunion next year will be held at the same place.

Livestock Regulations

General

The exhibition of any animal or fowl affected with or exposed to any contagious infectious or communicable disease is prohibited

All buildings, including exhibition halls or rings, stables, yards, and pens shall be thoroughly cleaned and disinfected under the supervision of the official fair veterinarian or a representative of the Division of Animal Industry prior to the exhibition of livestock.

The Division of Animal Industry reserves the right to cause any examination or test deemed necessary to determine the existence of any suspected disease or condition of any animal or fowls exhibited.

The Division of Animal Industry or any official fair veterinarian is authorized and empowered to cause the removal from buildings and grounds, any animal or fowls failing to meet the health requirements herein specified

Certificates covering tests, inspections and vaccinations of all entries must be presented to the office of the official fair veterinarian

Upon acceptance and approval of a certificate, the official fair veterinarian shall issue a permit, showing the entries to have met the health requirements,which entitles the exhibitor to stall or pen space

The superintendent upon receipt of such permit shall assign stall or pen space to such entries provided the exhibitor has complied with all other fair requirements

Certificates must show a detailed record of tests or vaccinations for each animal, when required, giving breed, date of birth, registration name and number, tattoo or ear tag number, and the accredited herd number.

Health certificates covering Ohio animals to be exhibited at Ohio fairs shall be issued by a licensed veterinarian and need not be approved by the Division of Animal Industry.

Health certificates for out-of-state entries will not be accepted unless they bear the approval of the livestock official of the state of origin

The official fair veterinarian shall maintain temporary office on the fairgrounds and shall comply with instructions issued by the Division of Animal Industry

Dries Discouraged

MADRAS, India (AP) — Bootlegging and moonshining are increasing in Madras after seven years of prohibition, says a government report.

The report gives little encouragement to India's dries, who look on Madras as one of the key areas in their fight to extend prohibition over all of India. It paints a picture in many ways similar to that of prohibition America and calls for a bigger enforcement staff and stiffer penalties if there is to be "any appreciable decline in the incidence in the crime."

How much horsepower in your ad program?

If you want your products to move faster, take a cue from the automobile people. They stepped up their newspaper advertising by 47.1% last year.

BIG NATIONAL ADVERTISERS of *all* types of products increased their newspaper advertising heavily in 1953.

But in the giant automotive field — where manufacturers had to sell as never before — they turned to newspapers with even more dramatic force.

Certainly these big advertisers use other media to help move their mountainous production — but they rely on newspapers as the *basic* medium in their sales effort.

They know that almost all the people in every town read a newspaper just about every day. It's one thing people won't do without!

They know that people read the newspaper for the ads as well as for the news — and that *sales action* follows newspaper reading!

IF YOU SELL PRODUCTS IN THIS AREA — don't settle for advertising that covers *part* of your market *part* of the time. For *fast* movement of your products, you need a steady, high-power ad program that hits on *all* cylinders!

If you're not getting newspaper advertising on all your products, don't delay. Tell your wholesalers and manufacturers' men you want full support in your *local newspaper.*

Car Manufacturers' Newspaper Advertising* 1953 vs. 1952

	1953	1952	% CHANGE
General Motors	$30 792 665	$18,604,626	+ 65.5
Ford Motor Co	17 938 067	10,797,602	+ 66.1
Chrysler Corp	13 763 718	11,421 333	+ 20.5
Kaiser Motors Corp ...	8,165 533	8,061,405**	+ 3.8

Packard Motor Car Co .	2 516 846	2,800,214	- 10.1
TOTAL	$79,991,102	$52,203,928	+ 47.1

Total national advertising in newspapers increased from $526 058 000 in 1952 to $601,224 000 in 1953 — a gain of 14 3%. The figures are based on records from newspapers representing 99 6% of total U S weekday circulation and 93 7% of Sunday circulation

* Includes car and truck advertising only The individual company expenditures shown are as accurate as possible short of the manufacturers own records

** Includes individual expenditures of Kaiser-Frazer Corp and Willys-Overland Motors, Inc who combined their operations in 1953 as Kaiser Motors Corp

Chennault Urges New Asian Policy

TOLEDO, Ohio (AP)—Maj. Gen Claire L. Chennault, wartime commander of the famed Flying Tigers said last night all of Southeast Asia would fall to the Communists by the end of 1955 unless the United States takes "some realistic action" to stop it.

Speaking at the 14th Air Force Assn.'s annual meeting, Chennault said:

"There is only one possible hope for peace in Asia: The United States must abandon its allies in Europe (in dealing with Asiatic problems) and make allies in Asia."

American foreign policy in the Far East, Chennault said, has been dictated by "consultation with the French and British" and that "has been the great mistake."

Man Suffers Knife Cuts In Beer Party Squabble

A 27-year-old man is in "fair" condition this morning at City Hospital following a slashing incident south of Marion early this morning.

Sheriff's deputies today are searching for another man who gashed the face of Chester Dunn, 27, of 492 Scranton Ave. about 3:30 this morning at a beer drinking party on Drexel Ave., south of town.

Officials said the two men apparently began arguing and Dunn was cut with a knife. The other man fled before deputies could arrive.

Ohio Girl Is 17th

WASHINGTON (AP) — Mary Lou Crum of East Palestine, Ohio, only girl contestant in the third annual national teen age Road-E-O, placed 17th in competition which ended yesterday over a grueling course designed to test driving skill and safety consciousness. Clement C. Wagner, Kansas City, Mo. won the championship from among 51 teen-age drivers representing the 48 states, Canada, Hawaii and the District of Columbia.

The 2,000-mile-long Appalachian Trial for hikers passes through two national parks and two national forests in North Carolina.

A Texan is said to be the richest man in the world. Well, that was to be expected. A tougher job is deciding who is the richest man in Texas.

First Run Feature Opens Wednesday At North Drive-In

Playing Sunday through Tuesday at the North Drive-In Theater will be "Blowing Wild" starring Gary Cooper, Barbara Stanwyck, Ruth Roman and Anthony Quinn.

Cooper portrays a wildcat oilman who fights not only nature but the bandits who infested Mexico during the early thirties. Miss Stanwyck is cast as the woman who causes Cooper some anxious moments. Standing between them is Miss Roman, whose love for the gangling wildcatter is considerably purer than her rival's.

A first run hit, "Pushover," will be featured Wednesday through Saturday. It stars Fred MacMurray and Phil Carey and introduces Kim Novak.

MacMurray is seen as a police detective who heads a stake-out detail covering the apartment of a killer's girl friend. The girl persuades MacMurray to kill her bank robber boy friend so they can have each other and the killer's $200,000 loot. Complications arise when a suspicious brother officer is killed and the necessity arrises to silence a nurse in the next apartment.

Police To Quiz Boy in Murder Of Toledo Girl

TOLEDO, Ohio (AP)—Officers trying to get a lead on the man who criminally assaulted, beat and stabbed a high school girl to death planned today to question a 17-year-old boy who lives near the woods where the girl's body was found.

Capt. Alfred Bartkowiak of the Lucas county sheriff's office said the youth lives less than a mile from the spot where auburn-haired Mary Jolene Freiss, 17, was dragged from her bicycle and killed Thursday.

He said detectives will compare the boy's fingerprints with some found on Mary Jolene's bicycle. The lad, unidentified by officers, told deputies he returned from summer school Thursday morning and was working on a tractor near his home at the time the girl was killed.

Police believe the man who killed Mary Jolene was scratched in a fight with her. A Toledo Times reporter said he didn't see any scratches on the boy's face.

Mary Jolene's blood-spattered and nearly nude body was found by Mrs. George Bond, wife of the girl's guardian, and two other women after they became alarmed at her failure to return from a trip to their rural mailbox.

Police said Mrs. Bond was threatened with the same fate as Mary Jolene by someone who telephoned her yesterday.

STUMP TRIUMPHANT

OLD SAYBROOK, Conn. (UP)—Having failed three times to burn out a pesky tree stump, Col. Roger Whitman piled automobile tires around it and set another blaze. The flames were so hot they scorched a nearby tree and ignited a utility pole, but after the smoke had subsided the stump was found still intact.

Lima Navy Man Arrested by Police On Fugitive Count

NEWTOWN, Conn. (AP)—Lynn L. Michael, 17, a U.S. Navy man, was arrested by state police here tonight and charged with being a fugitive from justice after a state policeman became suspicious because the youth was driving a large sedan.

State Policeman James Costello said he saw Michael drive a 1952 car into a service station here. Noting the youth wore a Navy uniform, Costello radioed the Ridgefield barracks and learned the car had been reported stolen at Boston, Mass., Aug. 8.

Costello said Michael had 5 cents left in his pocket after purchasing $2 worth of gasoline.

Costello quoted the youth as saying he was driving from Boston to his home town, Lima, Ohio, to visit his wife there. He said he had borrowed the automobile from a Marine friend in Boston.

Michael was taken to the Ridgefield barracks and held for Boston on the fugitive count. He told police he was a fireman apprentice on the aircraft carrier Leyte.

STAMP ISSUE

The Economic Issue

With Labor Day and the beginning of the fall campaign almost here, President Eisenhower has opened a discussion of the economic issue of 1954.

As presented by spokesmen for the opposition, the issue will be whether or not the Eisenhower adminstration should be blamed for failure to maintain the Korean war boom. The spokesmen will point to unemployment and a lower rate of earning as evidence that they alone have the secret of boom times. They will blame the Eisenhower administration, in effect, for not being at war.

Since that argument is unworthy of Democrats and is put forward seriously only by some of the more irresponsible representatives of the satellite minorities clustered around the Democratic party, Democrats should themselves dispose of it without delay.

The secret of the boom times that began in when the Communist conspiracy went to war against the freedom bloc in Korea, was war, 1940 and lasted until 1949, then were revived In 1952, Dwight Eisenhower campaigned and was elected on a platform of buying no more boom times with the lives and bodies of American men. In 1953, the Korean war ended.

The last year has been spent in readjustment to the circumstances of a non-war-boom economy. Critics of the administration have done everything in their power to undermine confidence in the ability of the United States to establish a new kind of economy free from casualty lists and the kind of inflation caused by uncertainty about the buying power of tomorrow's dollars.

Despite its critics, the Eisenhower administration has been able to rely on the common sense of the American people to support a rational economic program. No one ever said the readjustment would be painless, but it has been much less painful in its over-all effect than the calamity howlers of the political opposition have been willing to admit it has been.

The war boom and the blood bath had to end sometime. It will take a reckless campaigner this fall to assert that Americans wanted to continue indefinitely to rely on these artificial stimulants for its prosperity.

'Happy as Larks'

One of the oddest strikes that ever tied up an enterprise is the AFL Air Line Pilots Association decision to close down American Airlines over a technicality in its east-west nonstop schedule. There is no question of money, no question of human rights, no question of precedent. The Pilots Association struck a major airline Aug. 1 because a handful of its pilots had to fly as long as 8 hours and 35 minutes on an east-west nonstop trip, instead of the eight-hour maximum which is the prevailing rule.

The company has explained it has no intention of taking advantage of this; that the extra minutes are due to prevailing west-to-east winds and that the matter is covered in its contract with the Pilots Association, besides being authorized by federal authority. It is willing to let the contract interpretation go to arbitration, if that would help, and in the meantime is suing the association for a million and a half dollars for breach of contract.

In a statement summing up the situation after a week of the strike, C. R. Smith, president of American Airline, points out that everybody likes the strike, except American Airlines. The company is losing business Its employes are losing wages. Its pilots, some of whom make as much as $19,000 a year for their skill, are losing prestige.

"The other airlines," observes Smith, "are happy as larks. They now have all of the business of American Airlines and some of them are applying for the routes of America. Air Line Pilots Association has been able to do for the competitors of American something they never were able to do for themselves."

Smothered With Words

An incident in the federal government should not be slighted by those who maintain eternal vigilance over liberty. It concerns the condensation of the record of the Army-McCarthy hearings.

The raw record contained some two million words filling 7,424 pages. An ordinary novel contains about 300 pages and less than 100,000 words. It was necessary to condense the raw record before the subcommittee conducting the inquiry could study it with a view to making a report.

A condensation was attempted by Ray Jenkins, the subcommittee counsel. He emerged with a version containing 112,500 words on 450 pages—still too much for the subcommittee to handle. The Jenkins version then was turned over to Dorothy Schaffter of the Library of Congress, who boiled it down over last weekend to 20,000 words on 77 pages. This proved to be of manageable size, and the subcommittee belatedly began to write a report.

As anyone who has kept track of The Congressional Record for a few days can testify, the most direct threat to representative democracy is a plethora of words. Freedom depends on an understanding of issues that is impossible when issues are concealed by many words instead of revealed by a few.

Shooting From Hip

By David Lawrence

Press Conferences Leave Much To Be Desired

Presidential press conferences are getting no better — in fact, they are doing increased harm not only to the President and the Republican party but also to the influence abroad of the foreign policies of the United States.

Unfortunately much of the damage is done because sometimes the President isn't told the full story behind the questions fired at him.

Thus this week Eisenhower was asked about recurrent suggestions that the United States sever diplomatic relations with Soviet Russia, and he was told that the most recent one came from Gen. Mark Clark.

The fact was that the general was a witness before the Senate Rules Committee on other subjects, and Senator Jenner of Indiana, chairman, read to him a resolution, introduced by himself and Sen. McCarran, which would simply express the sense of the Senate that it would be desirable for the United States to sever diplomatic relations with Soviet Russia and the satellite governments. Gen. Clark was asked what he thought about it, and he replied briefly that, if he were a member of the Senate, he would vote for it.

Eisenhower at his press conference was not told that fact nor was he told that a committee of nine members of the House of Representatives, both Republicans and Democrats, had just filed a report unanimously recommending that the President convene an international conference to seek agreement with our allies on the severance of all diplomatic relations and the termination of all trade with the Communist countries.

-:-

THIS COMMITTEE has been taking testimony in Europe and elsewhere for several months from persons of prominence who have escaped from the Communist regime and who are in a position to tell Americans how influential such a policy would be in encouraging the peoples behind the Iron Curtain.

But Eisenhower, without going into the merits of this very difficult and complicated question, rejected offhand any consideration of it He said that if anyone would sit down and study the conflicting considerations objectively and not merely shoot from the hip on such questions, they would arrive at a similar conclusion.

How do the nine members of the House committee who have spent many months on this problem feel?

Have they been shooting from the hip, or has the President himself been doing that very thing because he has not been properly briefed on how the manifestation by him of a closed mind on this subject can bring discouragement to the enslaved peoples? Why did he have to discuss the question at all?

In domestic affairs, the President also stumbled along at his press conference, leaving in its wake ambiguities that cannot possibly do his party any good.

He was asked whether, in view of his statement in the past that he felt an obligation to support all nominees of the Republican party in the congressional elections, he would give heed to a protest from Republicans in New Jersey who want the regular party nominee, Clifford Case, to withdraw from the race.

-:-

EISENHOWER made a confusing answer. He said that generalizations he had made in the past do not stand up. This might permit the inference that he was backing away from his previous position. Then he added that he stood behind the party nominee, Case.

As a result of his press conference information, The New York Times had a headline the next day on its front page: "President to back own candidates, ignoring factions." Beneath it was an article saying the President "made it clear that the non - Eisenhower and anti - Eisenhower Republicans could have no assurance in each and every case of White House assistance."

It isn't clear at all whether the President is backing away from support of all nominees of the Republican party and means to be choosy about those who don't entirely support his program, thus preferring to let some Democratic nominees win. This could conceivably mean a Democratic congress if the voting is close.

-:-

WHAT SEEMED worst of all at the press conference was the revelation that the President and his principal assistant, Sherman Adams are not working as closely together as might be imagined. The President was asked about the statement by Adams on a television program implying that the President might not run again in 1956. Eisenhower replied that he didn't know why any member of his staff was saying these things, that Adams had never spoken about it to him nor had anyone else on his staff. He did say they had a right to speculate, but that whatever facts Adams had he wished he would give them to the President, for he (Mr. Eisenhower) had none.

If this were the first time Adams had discussed the subject publicly, it might be surprising, but he has made previous speeches on that subject. One would think by this time the President and his assistant would have had a heart-to-heart talk about the danger of raising doubts inside the Republican party as to whether it is to have the benefit of Eisenhower's leadership in a second term. It is conceded that politically — and especially in Congress — any doubt about running for a second term materially weakens an incumbent president. Caution at press conferences — or, perhaps better, briefings for the President ahead of time — might spare the Republican party a lot of headaches.

Cotton Corners

By TRUMAN TWILL

Dear Nephew: Thank you for the fine batch of clippings in the last letter. Your aunt and I have decided you are our favorite "seeing eye" dog, because your scissors make it possible for us to cover so much more reading ground than we'd have time to cover on our own initiative.

I was especially interested in the clipping about the literary people up in Maine. When we went up there years ago I couldn't quit admiring those splendid old farmhouses that were built for eternity, like the state of Maine itself. When we built this house, your aunt had to twist my arm to keep me from copying a Maine farmhouse. But did it ever occur to you we have copied the logic of those farmhouses in the ranch house designs that put everything under one roof so no one has to get out from under shelter when the weather is bad?

Most of all I was interested in the suggestion between the lines of the story that the austerity of life in that part of the country, especially in winter, helps those who understad the advantages of a hard life. I thought of the New England "transcendentalists" who believed in plain living and high thinking and of all the inherited wisdom we possess o this matter of plain living Could anything be more ironic than the way we defeat ourselves when we have won the privilege of living too comfortably?

All my life I have preached the importance of keeping in close to ch with the proven sources of human strength. I am no zealot about it, and I love my luxury as much as the next fellow, but I wince whenever I see evidence that people who make important decisions in my behalf have grown soft in the belly. It is only a matter of time until they grow soft in the head. You can't kid nature.

If we knew as much about ourselves as we know about animals, this mistake would never be made. We keep our blooded stock lean and fit, because to do otherwise would be to show contempt for its potentialities. We do not let our dog grow gross and potty — not if we love them. Yet we seem to be driven by some self-cotained impulse of destruction to destroy our own strength by ceasing to use it and take care of it.

We also liked the clipping about Robert Frost, the poet — another New Englander. Frost belies the idea that poets do not live with their feet on the ground, like ordinary people. He is a poet in the highest sense of the word — a man who has made a career of seeing things as they are and transmitting the truth of his own mind to his contemporaries and to posterity in precise and imaginative language.

When he says at the vantage point of 80 that the important thing for nations as well as people is to be true to themselves and to cherish the differences that give them individuality, I can take his word for it. I don't believe everybody who reaches 80 is necessarily wise. I can disagree with Churchill and I can disagree with Hoover, for instance, because I catch them rationalizing their own mistakes. But I can't disagree with old man Frost, because he never had any axes to grind — never. He just kept looking for eternal verities and finding them in stone fences etc.

Your aunt is fattening me up for something; I am not sure what. But we have sweet corn every night. It would be a dandy way to go if you had to go. Pass around our joint regards amog the members of the household."

Going Way Back

MATHEWS, Va. (AP)— Navigable rivers, bays and arms of the sea and ground under them never did belong to the King of England in Virginia and other colonies, Judge Lewis Jones ruled in court here. He denied a petition to vacate an oyster ground lease made by the state on the ground that it violated an original grant of land to George Bilups in 1653. Since Magna Carta, Judge Jones said, ownership had been in parliament.

Republican Hopes High in California

By Raymond Moley

LOS ANGELES

Two months ago, when Democrats in Washington and elsewhere had high hopes of a return to power in Congress and Republicans were willing to settle for almost anything, the primaries were held in California. The results generally were known then, but only last week was the complete official analysis released by Secretary of State Jordan. Those figures, as far as California is concerned, show no trend away from the Republican sweep of 1952.

The hope of the Democratic party in California is always the heavy preponderance of Democratic registrations.

-:-

A DISCUSSION with a Democrat in California always starts with this warning from the native: "You must remember that this is a Democratic state. The Democratic registration is twice or more as large as the Republican."

That was always the reason given former Gov. Warren for showing little Republican partisanship in his campaigns, his appointments, and his policies.

Over and over, however, in the past few years, it has been shown that registrations mean little or nothing when the votes are cast. In 1950 Richard Nixon, running for the Senate, had all the supposedly wise prophets against him. But he won by 600,000.

In 1952 Knowland in the primary won both nominations by a heavier overall majority than, according to my researches, has ever been given to a candidate in any state in the United States.

In the 1952 election Republicans captured 19 of the 30 seats in the House, and Eisenhower carried the state by 700,000.

-:-

IN THE JUNE primary the Republican governor Goodwin Knight received more Republican votes alone than his opponent had in both parties. This result can be discounted by the fact that Knight is exceedingly well known and his opponent was not.

But in the senatorial primary there was no such Republican advantage. Thomas Kuchel, the incumbent senator, is not so well known. He was unknown in politics until Gov. Warren appointed him to Nixon's seat after the 1952 election.

Congressman Yorty, Kuchel's opponent, has been active in California politics and has twice been elected to the House of Representatives.

Kuchel received 187,000 more Republican votes alone than Yorty received in both parties. Kuchel also received 643,000 more Republican-Democratic votes than Yorty.

-:-

KYLE PALMER, political editor of the Los Angeles Times, selects as the most significant contest for a House seat the race in the 24th District in Los Angeles. Lipscomb holds that seat now as the result of his victory over George Arnold, best known as the son of Thurmond Arnold, New Deal notable 15 years ago.

The election was held only last year because the seat was vacated by Norris Poulson, who was elected mayor of Los Angeles. Last year Lipscomb had a majority of 8,335. In the primary in June of this year Lipscomb's majority on both party tickets over Arnold on the same tickets was 14,900.

These figures are shown not to indicate any national trend, but merely to show that in California at least the jitters suffered by Republicans in the spring were not quite justified by the facts.

As I indicated in one of these articles two months ago, a "House divided against itself" does not always fall. Not in California at any rate.

Basques Needed as Shepherds

By JOHN HUNT

America turns out 100,000,000 tons of steel a year — but not enough shepherds. So a bill before Congress wants 385 Basques admitted immediately. These Basques, of a proud and rugged people, have a skill we badly need. They are journeymen sheepherders, and our wool production is off 40 per cent in 11 states.

The Basques want to come But there's a law — the Immigration and Nationality Act — that tells how careful we ought to be about foreigners. Our melting pot is said to be full of good metal. Yet the White House itself is into this case of Basques and bleats. The Administration has said that an increase in sheep raising is vital to the nation's security.

Wool keeps GIs, among others, warm through long winter nights, and sheep shouldn't wander without watchers. Nobody in this country wants the job. The American story of Basque shepherds is not a new one, debate on the bill brought out. For years, the United States, with its population of 155,000,000, has been calling on the Basque land, which scarcely 1,000,000 call home, to watch over our growing wool.

Seven hundred and fifty Basques are already with our Western flocks. When the 385 get off the boat — for Congress is expected to pass the bill — they too will move quietly into the hills. But they will leave with us this story of how laws are made by people — and how people get het up about their own acreage but stay cool about their neighbors'.

Co-author of the Immigration Act, delaying the Basques, was Sen. Pat McCarran. Being from Nevada, where lots of sheep live, McCarran was also a principal sponsor of the bill to rush in the Basques.

How much we of the full melting pot need others has seldom been portrayed more clearly than in the strange scene of the mighty U.S a factor of its security at stake, leaning on the tiny Basque country for help in keeping its flocks out of the mouths of wolves.

Marion County History Brevities

The "Montgomery" Methodist Episcopal Church was organized Sept. 5, 1846 in Montgomery Township by Rev. S. J. Burgess and J. Bunker, with seven members. The members included S. Cook, Robert Hayward and Martha Hayward. Meetings were first held at J Clark's and Father Hinckiin's, conducted by S. Cook and Thomas Franklin. The first class leaders were S. Cook and T. D. McElhaney. Meetings were held in the various homes until 1849 when a church was built in the western part of the township. Its size was 24 by 36 feet and cost $200 A building erected by the Methodists and United Brethrens in 1870 cost $1,700.

Heroes: 1954 Pattern

Nothing is more amazig than the spectacle of law-enforcement officials, Senate committees and child welfare study groups, surrounded by criminal routines presented in their most sadistic forms by movies, video and the paper-book trade, and asking, "How does the small fry get that way?"

As J. B. Priestly, British author, points out all kids are hero worshippers and the heroes they get today beat up their opponents in savage routines to which even the dirtiest villains didn't stoop until lately. Few are the screen battles in which the Lochinvars of today don't use everything from the jagged bottle-top to the kick-in-the-stomach, tossing out all codes of fair fighting "with a hey-nonny-nonny and a hot cry that anything goes."

-:-

The heroes of past generations were noble specimens who got their man without bashing his teeth in with a table-leg and stomping on him when he was down.

The "high characters" the kids see and read about today give the opponent the "head-butt," "the knee" and the well-aimed spike shoe, leaving him a gory mess while the low-punching, rule-busting hero emerges with a split lip, a triumphant smile and the red badge of courage. And people say "How come" when they read of teen-agers behaving viciously!!!

There are Hollywood producers and TV officials who would bench Sir Gallahad today for not butting or gouging. They would release King Arthur's Knights of the Round Table to the minor leagues for not beating their victims to a pulp.

-:-

Where would Horatious at the Bridge get today. All he did was to hold the bride. He didn't use the rabbit punch, the thumb-in-the-eye routine, the hoof-to-the-mouth technique or a broken bottle.

Jack the Giant Killer would be out; his record shows he gave the giant his "come-uppance" without using a bung-starter, a piece of a bar rail or a piano stool

David slew Goliath with a few pebbles, but where would he get in movies, TV or cheap literature today if he didn't stomp on Goliath's face and at some time in the battle chew off his ears?

We wouldn't be surprised these days to see TV present the surrender at Appomattox as taking place in a hay-filled barn with Grant slugging Lee with a barn lantern and tossing the lighted lantern into the hay for extra sadism.

-:-

Even the women on the screens are getting tougher. Pocahontas may soon be shown with Captain John Smith only after flooring Powhatan with a whisky crock, giving the old Indian the "knee" and rolling a boulder over him to make the victory complete. (Why do the kids behave that way: Are ya kidding?)

"Dog Bites Sailor" — headline. . If the sailor didn't bite him back something has happened to the Navy.

The streets of big cities are so unsafe these days that girls are carrying flatirons in their handbags.

"Massive retaliation" now seems to be demanded by some folks against Joe McCarthy.

A runaway couple of teen-agers who stole $5,000 were detected in Washington, the papers say, through the fact the boy "ordered a martini and took no change from a five dollar bill." . . . Ya mean ya get any change from a five spot when you buy a drink these days!!!

Chrysler, which halved its dividend, and sank into the fifties was in the nineties a little over a year ago. . .Maybe the brake slipped.

News of Other Years

40 YEARS AGO — Ambassador Gerard cabled the State Department at Washington that the American Association of Commerce and Trade of Berlin requested Americans "to be careful in giving credit to war reports."

The German army continued to mass its legions on the Belgian-Luxemburg-French frontiers as there was a lull in the actual news of fighting that even the war experts admitted seemed ominous. The German advance was temporarily halted at Belgium.

—:—

20 YEARS AGO — William E. Marks, deposed police chief, made the first step in his own defense by filing with Mayor C. A. Bolin a detailed answer to charges made by the mayor in removing him from office.

Two gunmen held up two employes of the City Loan and Savings Co. at 194 W. Center St., forcing them to lie on the floor in the managers' office, and escaped with $1,266.

Marion County's school bus equipment was found in "fairly good condition" in an inspection by state highway patrolmen.

C. Carl May of 233 E. Walnut St. left for Portsmouth where Wednesday he was to take over the position of secretary of the Portsmouth YMCA.

Footsore but confident of victory, Charles H. Hubbell, a candidate for the Democratic nomination for governor, ended his Marion-to-Cleveland walking campaign.

—:—

10 YEARS AGO—American tanks and infantry advanced seven to 12 miles and Canadian armored infantry leaped forward in a new offensive, striking for the destruction of the cream of Germany's forces in northwestern Europe, caught in a closing ring with an escape hole less than 16 miles wide.

The fourth bombing of the Philippines in five days and new air blows north and south of Japan were portents of war moving so fast that Adm. Chester W. Nimitz may advance his headquarters to catch up with it.

The zero hour for an all-out Soviet assault on East Prussia appeared to be approaching rapidly as Russian armies massed in a great threatening arc before the borders of that German province.

The British Second Army smashed deeper into the northern flank of the German escape corridor as the enemy continued to hasten his flow of tanks and troops to the east in a dramatic race against time.

Some Rules Already in Effect

Tax Benefits in Store for Many Groups

By CHARLES F. BARRETT

WASHINGTON (AP) — Widows or widowers, policemen, ministers, writers, artists, inventors, business partners. . . .

Taxpayers who sell their home, support a parent in another town, live in cooperative housing projects, or get income in advance for a future period. . . .

11th of a Series

All these groups may find tax benefits for them almost hidden in the hundreds of thousands of words of the new tax revision act.

Most of the changes are effective last Jan. 1, and will show up in tax returns due next April 15. Here is a rundown on possible tax cuts for these special groups:

Widows and widowers—For two years after the death of a wife or husband, you may still split your income for tax purposes as most married couples do. This often puts you in a lower tax bracket. But to claim this provision, you must be supporting a dependent son or daughter.

Single heads of households—You may now qualify for this tax status if you are single and support a parent who lives away from your own home.

Under the old law, the parent had to live in your home. The "single head of household" status gives you one-half the benefits of income splitting, explained above.

Policemen—Now can deduct subsistence allowances up to $5 a day, which were counted as taxable income under the old law. This could mean a tax cut of about $364 a year for many federal, state and local officers.

Ministers—Cash payments to a minister for rental of a home were counted as income under the old law, although the rental value of a parsonage provided for the minister was exempt. Under the new law, the cash allowance also is exempt to the extent it is actually used for housing.

Inventors, writers, artists—under the old law, income from a project which took less than three years to complete was taxed in the year in which it was received. Income from projects which took three years or more, even though received in one year, could be spread for tax purposes over three back years. Under the new law, income may be spread over a period of years if the project takes only two years or more to complete. This means income from more such work may be spread, and thus taxed at a lower rate. Writers and artists may spread income over the actual period of work up to 36 months. The time spread for inventors has been increased from 36 to 60 months. You qualify for this advantage only if 80 per cent or more of the income from the project is received in one year. Otherwise, you pay taxes on the income as it is received year by year.

Sale of homes—Profit from sale of a personal residence is taxed unless invested in another home. Even then, the profit is kept in the record. If you later sell the second home, or a third or fourth or fifth, and don't re-invest all your profits in another home, the total profit on all the transactions can be taxed. In figuring your profit, the new law permits you to deduct such selling expenses as real estate commissions and "fixing up" costs—painting and other improvements completed 90 days before the sale, in order to help make the house salable.

Cooperative housing—If you live in a cooperative housing project, the new law permits you to deduct your share of interest and taxes paid by the cooperative. The old law granted this deduction only to taxpayers living in cooperative apartment.

Business partners—Partners who meet a complex list of qualifications may choose to pay taxes as a corporation, rather than individual income taxes on their partnership proceeds. This may be a big advantage to partners in top income brackets. But most professional groups, such as doctors, lawyers, accountants and engineers, are ruled out.

Prepaid income—Under the old law, if you received a lump-sum payment for use of property or your services over a number of future years, the income was fully taxed in the year it was received. This would apply to rentals, leases, television service contracts, club dues, and so forth. Under the new law, this income may be spread for tax purposes over the years in which the income is actually earned and in which your costs are incurred. In most cases this period cannot exceed five years after receipt of the income.

Grange News

BETHLEHEM

Two candidates were voted on for membership and the charter was draped for Mrs. Louise Klingel when Bethlehem Grange met Wednesday night at the Grange Hall. Miss Jean Fogle and Richard Kaelber were chosen as candidates for the prince and princess contest.

The program, conducted by the home economics committee with Mrs. Marie Grates presiding, included a song, "Silver Threads Among the Gold," by the Grange members. "Happy Anniversary" was sung by the members honoring Mr. and Mrs. Charles Mehaffey on their golden wedding anniversary.

A reading was given by Mrs. Lowell Beringer. A vocal trio comprised of Lillie Mae Bogart, Buddy Bogart and Garry McMahan sang three songs, accompanied by Mrs. Charles McMahan. Mrs. Ruth Gix read two poems by Edgar A. Guest. A vocal duet, "My Mother's Bible," was sung by Mr. and Mrs. Oscar C. Kaelber, accompanied by Mrs. Robert Dunlap. Mrs. Sarah Beckel gave a humorous reading and Mrs. Robert Dunlap played a piano solo. Mrs. Kaelber led contests for the adults and children and the committee served refreshments following the program.

The next meeting will be held Aug. 18 when election of officers will take place.

Makes Souvenirs

Philadelphian Does Big Business With Sea Shells

PHILADELPHIA (N A N A) — There's a good chance that shell souvenir you bought when you were in Atlantic City, Wildwood, Puerto Rico, Hawaii or the Bahamas came from a little shop in downtown Philadelphia.

The shop, at 229 S. 9th St., is run by Edward Dunav, who makes a living selling sea shells.

He buys them from Australia, Japan, Trinidad, Zanzibar, the Philippines, Solomon Islands and other far off places and sells them to souvenir makers, gift and hobby shops and collectors.

—:—

THE SHELLS range in size from a tear drop to a watermelon and in price from a penny a dozen to $50 each, Dunav said.

Shells are valued for scarcity, perfection of color or unusual shape, he explained.

Even the more common ones, he added, have exotic names, such as flamingo tongues, venetian pearls, venus clams, bleeding teeth, banded tulips, angel wings, cats paws, drop augers, snake heads and left-handed welks.

Dunav, 36 years old, has been at the shell game for 10 years. This is how he got started:

He was just another lonely GI Ill, looking for something to do one week end in 1944. He wandered into a U.S.O. A hostess talked him into making jewelry out of colored sea shells, bits of plastic and cement.

Within a week, he was selling his work to other GI's in the barracks. A few months later he was transferred to a radar school at Boca Raton, Fla., where he made a deal with the post exchange to do his selling for him.

—:—

AFTER HIS DISCHARGE, late in 1945, Dunav, who studied art in Philadelphia for seven years before the war, went back to his old trade of creating window displays.

At night he worked on an idea: a shell jewelry-making kit that would be inexpensive yet practical for a beginner. He finally found the right combination of colored shells, earclips, pinbacks, plastic floral sprays, tweezers, cement and instructions.

He quit his job and with a few hundred dollars went into business. In 1947 he sold a big New York department store a dozen kits. That gave him the prestige he needed. Today, Dunav grosses upwards of $30,000 a year.

Though most of his bigger business is done by mail, he caters to the person who drops in to add an unusual shell from the Red Sea or Tasmania to his growing collection, or to the housewife or pensioner with a knack for turning garfish scales and dove shells into flowers.

A part of Dunav's business is still with the Army. He sells to veterans' hospitals, where jewelry-making is used for therapy, to GI's wives and servicemen overseas.

Police Investigate Theft of $400 Ring At Bucyrus Store

BUCYRUS — Investigation was continued here today by police of the reported theft of a half caret diamond ring, valued at $400, from a show case in the Davis Jewelry store here.

Wilbur F. Davis, store owner, told police he believed the ring was taken sometime Thursday afternoon by a young couple, who walked about the store while employes were waiting on other couples.

Davis' wife said the man was about 22 years of age and about five feet, four inches tall, of medium build. The woman was described as about the same height with medium blond hair.

Still unsolved is the theft of a jewel case, containing $39,000 from the Dunlap Jewelry Store here March 25. The jewels reportedly were taken by an unidentified customer. They were the property of Harvey Feder, a New York City diamond salesman.

Social Rescue Mission Welcomes 4 Members

Second meeting of the newly-formed Marion Rescue Mission board was held Friday night at the YMCA with four new members added. Program and finance committees were appointed, and plans were made for public meetings to acquaint residents of the community with the purpose and work of the mission. Speakers will be from the International Union of Gospel Missions of which the local group is a member. The building committee composed of A. B. Creasap and Kenneth Connolly reported on efforts to locate a suitable building in which to house the mission.

New members added to the board are Gloyd E. Death, W. A. Hough, Robert Griffith, and Joseph Wertheimer. Mr. Creasap and Mr. Dearth were appointed to the program committee with responsibility for arranging special activities of the mission. Vern Griffith, Harley Kelley, Mr. Hough, and Joseph Temple were named as the finance committee with responsibility of drawing up a budget and making plays whereby the goal may be met. The two committees will hold a joint meeting Aug. 27 at the "Y" to plan for the services to which the public will be invited. It was announced that Rev. S. W. Bender, mission superintendent, will be available to speak to any interested church groups, clubs, or other organizations in presenting the cause of the local mission as an asset to the community and that he may be reached by calling David Cross, board secretary-treasurer.

Opposes Senate's Bill

Outlawing Reds Makes Fight Difficult, Ike Says

THURMONT, Md. (AP)—President Eisenhower was pictured today as convinced a Senate-approved bill to outlaw the Communist party would make "propaganda martyrs" of Reds in this country. He reportedly will try to persuade the House to kill the measure.

An administration official familiar with the views of the President, who is spending the weekend at his Catoctin Mountain lodge here, also told newsmen Eisenhower is in complete agreement with Atty. Gen. Brownell and FBI Chief J. Edgar Hoover on the matter.

Both men have opposed outlawing the Communists on the grounds it would drive them underground and make it much more difficult to keep track of them.

The administration source here, who asked not to be named, said the President or his aides probably will talk privately with House leaders in an effort to get the bill shelved.

Eisenhower will have an opportunity to do so Monday in Washington at his regular weekly meeting with Republican legislative leaders.

The bill to outlaw the Communist party was passed by the Senate Thursday night by vote of 85 to 0. Sen. Humphrey (D-Minn) led the successful surprise move which combined the outlawing provision with another anti-Communist weapon the administration does want.

That other section of the bill, authored by Sen. Butler (R-Md), is aimed at wiping out Communist-controlled labor unions. It provides that labor or business organizations determined by the Subversives Activities Control Board (SACB) to be Communist-dominated would lose their rights under the Taft-Hartley labor law.

Humphrey's proposal would provide maximum penalties of five years in prison and a $10,000 fine for persons who wilfully join or remain members of the Communist party and commit any act to carry out party purposes.

Won't Speculate on Veto

Despite Eisenhower's reported opposition to outlawing the Reds, his aides declined to speculate on whether he would veto the combination bill if the House goes along with the Senate and approves it.

But the President was said to feel that such a measure would be most ineffective.

He was understood to have expressed the view Communists abroad would be quick to spread propaganda picturing U.S. Reds as martyrs and victims of persecution. And he also reportedly feels the security of the country can best be safeguarded by avoiding steps which would force the Reds further into hiding.

The President had an opportunity here yesterday to talk the matter over with Brownell, who was Eisenhower's guest — along with other members of the Cabinet — at an informal outing.

Holmes-Liberty Board Employs Fifth Teacher

BUCYRUS — Employment of David Campbell, 26, a veteran of the Korean War and a graduate of Defiance College, as fifth grade teacher at Holmes-Liberty School, northwest of here, was announced here today by William R. Donnenwirth, Holmes-Liberty superintendent.

Campbell, who holds a bachelor of science degree, now is taking work in elementary education at Ohio State University, Columbus. He taught two years at Arcanum in Darke County.

Supt. Donnenwirth said today that all regular teaching vacancies have been filled with the exception of the newly-created position of girls' physical education instructor.

Robert Bergmann is president of the local chapter.

22,000 Rubber Workers in Akron Idled by Strikes

AKRON, Ohio (AP) — The CIO United Rubber Workers, on strike against two major rubber producers at once for the first time in nine years, have 22,000 members idle in Akron.

This compares with 37,200 on strike here in the World War II year of 1945 when the union walked out on the same two firms—Goodyear Tire & Rubber Co. and Firestone Tire & Rubber Co.

But considering that total normal employment in the industry is down now from the wartime peaks, the effect on the economy of this rubber center is almost the same as it was nine years ago.

Entering its 38th day is the strike of 23,000 Goodyear employes. The 25,500 Firestone workers went out Thursday midnight after negotiations collapsed.

Bargaining involving these two firms, U.S. Rubber Co. and The B. F. Goodrich Co. has been recessed until Monday. A union spokesman said last night he had no progress to report. U. S. Rubber and Goodrich employes are working on a day-to-day basis without contracts during the bargaining.

Grandmother Gets Her Degree at 73

JONESBORO, Ark. (AP)—It's reasonably certain Mrs. A. J. Huskey is the only brand-new bachelor of science in Arkansas with 25 grandchildren and 4 great-grandchildren.

The 73-year-old coed, who quit college "temporarily" back in 1901, stepped up and got her degree at Arkansas State College here last night.

Mrs. Huskey, who lives at nearby Harrisburg, Ark., majored in education. But she doesn't plan to teach: "I just wanted a college education and now I have it," she said.

When Mrs. Huskey quit school to get married, her groom suggested she return to the classroom "as soon as we get settled down."

Twelve children later, in 1951, Mrs. Huskey figured things had settled down enough.

One of her fellow students was a grandson, Earl Stewart of Jonesboro, Ark., a sophomore.

Marion Exchange Club Hears Robert T. Mason

When the Marion Exchange Club met Friday noon at Hotel Harding, Robert T. Mason was guest speaker. His topic was "Freedom of Communications." The club made plans to help with the polio drive next week end and the following week end, cleaning windshields at the North Drive-in Theater Aug. 20-22; and at the South Drive-In Aug. 27-29. Donations received will go to the polio fund. John Bachellor is chairman.

The speaker was introduced by John Salisbury. Other guests were Earl Hulce, Carl Steiger, and Carl Sturmer. Announcement was made of a meeting of the board of control next Thursday night at the home of Mickie Sansotta on Summit St.

Auto Parts Stolen

Two cases of theft of auto parts were reported by city police today. Early this morning Charles Lindsay of near Cardington called police to report a spotlight was stolen from his car which was parked on Bain Ave. during the evening Friday.

Friday afternoon, Frank Glass of 293 Niles St. reported someone had taken two headlight rims from his car the night before. The auto was parked at his house. No estimate of the value in either case was given.

Puerto Rico's capitol is made of white marble from Georgia.

2,325 in County Eligible To Vote in ASC Elections

A total of 2,325 Marion County residents are eligible to vote for members of the township and county Agricultural Stabilization and Conservation committee, ASC office manager Frank Montgomery announced today.

Ballots for township committees must be returned to the county office, 194 S. State St., postmarked no later than Aug. 20, Montgomery said any eligible voter who hasn't received a ballot should call the office.

Township and county committee will administer the ASC program for the next 12 months. The committee administer price support programs for wheat, corn, oats, rye, barley and soybeans; and acreage allotments for corn and wheat.

One delegate will be elected from each township and the 15 township delegates will select a three-man county committee. Two alternates to the county committee will also be chosen when township delegates vote Aug. 31.

The Purge

By George Sokolsky

Franklin D. Roosevelt tried to purge his party of senators and representatives and, with one exception, he failed. Roosevelt was at the height of his popularity, pretty much the master of his party and probably the ablest political operator ever to have sat in the White House. But he failed when he applied the purge method to American politics.

SOKOLSKY

Now President Eisenhower has undertaken a process of endorsement which gives the impression of being a purge by indirection. The President poses with a candidate in the 1954 campaign before a photographer. The candidate is then free to exhibit the photograph as a tacit endorsement of himself by President Eisenhower.

It is then to be assumed that those who are not so photographed are not endorsed by the President. If those not in a joint photograph are elected and those who are so photographed are defeated, what is the political status of the President?

-:-

WHOEVER EVOLVED this formula must be a novice in politics. Senators and representatives are elected on a basis of local interests. They are rarely, if ever, chosen in any state on a broad national program.

The endorsement by President Eisenhower may be an advantage in some places; in others, such an endorsement can mean very little. For instance, in a state where the Farmers Union prevails politically, an endorsement by President Eisenhower can be of no greater value than an endorsement by Secretary of Agriculture Ezra Taft Benson.

Emanuel Celler, to cite another example, will not be defeated in his particular district in Brooklyn even if his opponent is photographed with President Eisenhower, whether such a defeat is justified or not.

It will be interesting to see if such a photograph defeats the Veep, Alben Barkley, in Kentucky, or if it elects Clifford Case in New Jersey. In each of these situations, local conditions and personal equations will determine the results.

-:-

THE PURGE is dangerous because it adds another element to the division within the Republican party. The split started in the 1952 convention between the Taft and Dewey supporters. Eisenhower was not a factor in it, as Sen. Robert A. Taft established while he was alive. He joined force with Eisenhower and called upon his personal followers to pursue the same course. Taft spent much of his time and his waning energy to establish unity within the Republican party.

I was present at a small dinner when Taft appealed to six of his personal friends to support Eisenhower and his logic was irrefutable. Those who had confidence in his judgment agreed to abide by his decision.

As long as Taft lived, wounds were being healed; when he died, the Taft element lost contact with the White House. They were offended by the screening process insisted upon by White House and Republican National Committee officials who had been their opponents at the convention and whom they regarded as minions of Tom Dewey whom they dislike and distrust.

None of this had anything to do with Joe McCarthy. As a matter of fact, McCarthy never belonged to the Taft element in the party. In 1948, he had been a Stassen manager; in 1952, he was closer to the Eisenhower than the Taft group. While Taft and McCarthy were very friendly, they had never become close political associates.

-:-

NEVERTHELESS, as the quarrel between the White House and McCarthy developed, the Taft element in the party tended to support McCarthy. Again it was not so much opposition to Eisenhower as to the so-called Dewey team in Washington.

The testimony at the McCarthy-Stevens hearing established beyond doubt that the principal anti-McCarthy element within the Republican party were those most closely associated with Dewey, namely Herbert Brownell, Jr., William Rogers, Sherman Adams, Henry Cabot Lodge, Max Rabb, James Hagerty. Joe Welch, the humble lawyer from Boston, was recommended by Tom Dewey.

No one has been able to do anything about this schism to date although many have tried, particularly the vice president, Richard Nixon. While originally the quarrel arose largely over personalities, today it has become a question of control involving the relationships of the executive and the congress.

To this must be added a contest over the control of the Republican party, whether it is to be in the hands of those who for 20 years stood by the Republican party or those who were associated with the Roosevelt and Truman administrations.

International Incident

By Hal Boyle

NEW YORK

Some people believe Edward J. Touhey Jr. ought to get the Medal of Honor.

But the U.S. Army when it gave big Ed his goodby papers, stamped the word "undesirable" on them. This still grieves Touhey. He doesn't like being regarded as an undesirable hero.

HAL BOYLE

"Either the Army should take me back into the service, or give me an honorable discharge," he said.

The point at issue is whether Touhey was right or wrong in knocking down eight Russian soldiers in Vienna five years ago.

"They say I caused an international incident," remarked Ed. "But I say the Russians started it. They got no right to push a man around and call him a spy. They got what they deserved."

—:—

THE 6 FOOT 1 former military policeman now weighs 350, and he feels sad in every pound. But he was a mere 240-pound broth of a boy, not quite 20, when the event happened that ruined his military career.

"I never got to tell my side of the story at the time," he complained. Here is his version:

"I had spent a month in the hospital with athlete's foot. When I got out I stopped at a bar. I drank a bottle of cognac—maybe more.

"I must have drunk it too fast because when I left the bar to go to the barracks I got on the wrong streetcar and fell asleep. When I woke I saw I was in the international zone and got off.

"I was feeling bad and leaned against the wall of the Imperial Hotel, holding my stomach. It was a Russian hotel. A Russian officer and two armed sentries came out and made me go into the hotel. The officer called me a spy and said I had been taking pictures of Soviet personnel. Then they stood me against a wall and forcibly searched me. They were pretty rough.

"The Russian officer said he still thought I was a spy, even though he saw I didn't have any camera. He said I must have handed the camera to someone passing by.

"Then he said he was going to turn me over to the American military police. I got scared. I thought it was a trick—that he would take me to the Russian zone, and I'd never get back.

"I made a beeline for the door. A sentry put his bayonet to my stomach. I knocked it away, and the Russian officer grabbed me from behind. That's when I went berserk. I saw red."

—:—

TOUHEY TURNED and kneed the officer, who cried out, and then Russian soldiers poured in from every side. Working with both fists and an iron chair, Touhey mowed them down. They overwhelmed him once, but he broke free and crashed through a plate glass door before another wave of Russian reinforcements finally grounded him.

"They stabbed me in the arm, broke three of my ribs, put a there-inch gash in my head, and kicked out four of my teeth Touhey recalled. "They also spit in my face and called me a capitalistic dog."

International military police, attracted by the uproar, then came into the hotel and broke up the struggle.

"The Russians put the whole blame on me," Touhey recalled sorrowfully. "They said I'd fractured a colonel's skull and broken two guys' jaws."

Ed admits he made one serious error on that fateful morning.

"I shouldn't have drunk that cognac so fast," he said. "But I didn't start any trouble with the Russians. They did. And if I was in the same situation again I'd do the same thing. The Russians are no good.

"When I was in the hospital later, one of four generals visited me and said, 'as an officer I have to bawl you out, but as a man I'd like to shake your hand.'"

But Touhey, unemployed since he was laid off by a steel mill recently, believes the Army ought to take him back—or give him an honorable discharge.

"In three years with the Army I never went AWOL once," he said. "I understand they were even considering giving me a good conduct ribbon at the time this whole thing happened."

They'll Have To Win First

Democrats Threaten Probe of 'Spoils'

WASHINGTON (NANA) — The Republican party's apparent search for the "spoils" that traditionally belong to the victors has provoked a threat of an investigation of the Civil Service Commission.

To carry out the threat, the "outs" must become the "ins." Specificially, the Democrats must win control of the Senate in next November's election.

Says Senator Olin Johnston (D.-S.C.):

"I want to serve notice that next January when we again assemble in this chamber under a Democratic majority leadership, my first request will be for necessary funds to conduct a thorough investigation of this spoils-system commission and to develop the necessary legislation that would restore integrity and security to government."

—:—

WHAT ANGERED the senator from South Carolina were reports that the Republican National Committee was seeking and getting patronage plums in fields where the Democrats thought only nonpartisan, merit openings were supposed to grow.

Even some Republicans will admit the party has been digging hard to get jobs to reward the faithful. But, they say, the digging has been strenuous because the Democrats put into forbidden fields thousands of jobs that should never have been there.

When the Eisenhower administration took over in 1952, potential rewards for the victors were meager. In the days before the Roosevelt era, each senator could control about 15,000 federal jobs. It is estimated that the Republican National Committee could find only about 2,000 "prime" political jobs during the first year of this administration.

The paucity of the pickings is attributed to two facts: during the Roosevelt administration, thousands of government workers were "blanketed" into civil service; and the government's payroll was being cut.

Dispensing of government jobs patronage—has always been one of the important means of building political organizations. Under the United States' system of loose party organization, it also has been one method of obtaining party discipline. A congressman who supports the President, gets some jobs to dispense—and so on, down the line.

—:—

EARLY IN his administration, President Eisenhower issued an executive order withdrawing some 134,000 positions from Civil Service protection.

Civil service status does not guarantee an employe complete job security; it qualifies him for a certain type of employment — from GS-1 (floor sweeper; to GS-18 (top administrator). The regulations for firing him, however, are so complicated and time-consuming that a worker who stays out of newsmaking trouble can hold on to his job almost indefinitely.

About a year ago, the Civil Service Commission began to remove from Civil Service status those jobs that could be considered of a policymaking or confidential nature. Several hundred have been moved to schedule C—which covers the politically named.

The theory is that holders of such jobs must be in sympathy with the objectives of the administration or the President's policies could be sabotaged.

Democratic congressmen contend the commission has stretched the meaning of "policymaking" to provide patronage openings subject to political appointment.

—:—

THE DEMOCRATS also charge that agencies are required "political clearances" for promotions and appointments even within Civil Service lines.

The commission recently ordered its 10 regional offices and 800 boards of examiners to send to the appropriate agency in Washington a copy of each authorized job opening. The commission contends the order was designed to give agencies a check on direct hiring in the field.

But critics maintain that these reports actually provide patronage operators with information about where openings exist and permit them to make sure political considerations are present when the jobs are filled.

Most of these jobs, although under Civil Service, are not filled through competitive examinations. They are jobs for which the government does not have lists of qualified persons, either because too few persons passed examinations for the jobs or because the examinations were not given. When no qualified persons are on the Civil Service list, an agency is permitted to hire from the open market to fill the position.

Last year, some 40,000 federal jobs were filled in that way.

Police Sell Evidence

COVINGTON, Ky. (AP) — Police were on the lookout today for evidence they auctioned off.

Otherwise their public sale was a success. It netted $539.

When Commonwealth Atty. James E. Quill asked for the evidence against a cafe owner, police discovered to their dismay they sold the stolen electric shavers, rings and watches a cafe owner is accused of receiving.

Six senators have been named to the committee to investigate McCarthy and will go into session as they have received intensive combat training and notified their next of kin.
